The Dangerous Condition Which Produces Many Well Known Diseases.

## HOW TO GUARD AGAINST THIS TROUBLE

"FRUIT-A-LIVES" — The Wonderful Fruit Medicine — will Protect You

Auto-intoxication means self-poisoning, caused by continuous or partial constipation, or insufficient action of the bowels.

Instead of the refuse matter passing daily from the body, it is absorbed by the blood. As a result, the kidneys and skin are overworked, in their efforts to rid the blood of this poisoning.

Poisoning of the blood in this way often causes indigestion, loss of appetite and disturbed stomach. It may produce headaches and sleeplessness. It may irritate the kidneys and bring on pain in the back, rheumatism, gout, and rheumatic pains. It is the chief cause of eczema—and keeps the whole system unhealthily by the constant absorption into the blood of this refuse matter.

"Fruit-a-lives" will always cure auto-intoxication or self-poisoning—as "Fruit-a-lives" acts gently on bowels, kidneys and skin, strengthens the bowels and tones up the nervous system. 50c. a box, 6 for \$2.50, trial size, 25c. # WOULD UNITE ALLIES' WEALTH TO WIN WAR

Paris, Jan. 24.—Charles Gide of the Faculty of the University of Paris, and one of the foremost authorities on finance and economics in Europe, has outlined a plan for the finance-unity of the allies, which, judging from the source from which it emanates, may receive a careful hearing at the next allied conference.

In making the proposal he says that financial unity is just as essential as unity of the front command or unity of aims. He proposes a common purse for the allies out of which to pay the expenses of the war. Basing his calculations on another year of war, he says the combined cost will total about a hundred and forty billion dollars which amount capitalized equals ten per cent. of the general income of all the allies. Each nation, therefore, would contribute ten per cent. of its entire income.

Professor Gide adds: "In this hypothesis the share of America will be too great in proportion to the effort and length of time in action, so that France cannot agree to such a proposition. I suggest that in fairness to America France should abandon its colonies in America to the United States as compensation. France already has too many colonies and such an arrangement would be appropriate in view of the logical redistribution of colonies which will follow after the war."

## SAYS AUSTRALIANS HAVE LONG MEMORIES

Mr. C. E. W. Bean, official press correspondent with the Australian Imperial Force in France, states in a despatch dated Tuesday that last week the Germans pounded with 100 huge shells a large country town nearly 20 miles behind the British line. Many civilians were killed. The main reason for the bombardment, he says, appears to be to cause French civilians to tire of the war. The German knows we cannot retaliate except at a few military points, because our shells falling in towns beyond the lines would harm other French or Belgians. Listening for two days to these shattering explosions, many Australians thanked providence that Australians have seen in towns in France.

## Anyone Can Have Whipped Cream

PACIFIC MILK is so rich in cream that it whips as easily as most of the fresh cream sold around the Province.

Mrs. McCary of New Westminster wrote in to say that she whips PACIFIC MILK regularly for a treat for the youngsters for breakfast.

All she does is to set aside the amount she wants, in a cool place, for a time and then beats it with a sieve egg-beater. She puts this on toast and gives it to the children for breakfast.

You'll find it is good on cakes and
