"LOVE'S LAW" AT THE WESTHOLME

The call of the wild is the underlying theme of the play to be screened at the Westholme this evening. The story is a strange one, and portrays characters who are not met with everyday. Joan Sawyer, the famous dancer, is the star, and her exhibition of dancing is one of the most delightful things to witness. She portrays in a most dramatic manner, the character of a young girl, left an orphan, whom her only uncle de- the leader of a band of gipsies, clines to take care of, as he should She is literally taken captive by after her rejection by her uncle. Fighting against it all she can, still finally she succumbs to the love of the big gipsy, although she scarce will admit it. Fleeing to the city, she becomes famous as a dancer, and takes an artistic revenge upon the uncle who discarded her long before. Then the lure of the wild proves too strong, and she goes back to her first love.

Most dramatic from first to last, the story is a gripping one, and has many dainty scenes. There will also be a two reel comedy, of the finest kind. This two reel series has proved to be a big attraction, and the one to be shown this evening is fully up to standard.

Mr. Harry Evans returned to the city last night, after a trip up river, where he has been removing discord, and making harmony possible on the pianos of the interior country.

On and after April 1st the carpenters scale of wages will be 75c per hour and Saturday half holiday. 66
