## MARY PICKFORD IN THE ROLE OF REBECCA OF SUNNYBROOK FARM

The Westholme Theatre is certain to be crowded this evening, when Mary Pickford appears playing in Rebecca of Sunnybrook Farm. The story itself would be a great attraction because it is one of those ones which once read, sticks to the memory like Uncle Toms Cabin, or the Wide, Wide World, and other household tales. Mary Pickford, however, lends an added attraction because of her own distinctive personality. "I consider 'Rebecca of Sunnybrook Farm' great because it makes an undying record of the wonderful story. I have enjoyed every minute of this production, because I run around in short dresses, and act the little kid I always wanted to be" says the star herself. "I have seen houses when I was a little girl, just like the home of the aunts I visit in the picture. Everything covered up to keep out the dust and dirt and everything scrupulously clean and I have always wanted to go around and muss things up, and this I did in 'Rebecca'—not because it was in the story, but simply because I felt that my opportunity had come when I could get even for the times I had to wipe my feet on the door mat and be careful not to leave finger marks on the chairs."

## Quality First

QUALITY has always been the big outstanding feature of "ROYAL STANDARD FLOUR." This quality has its genesis—its origin in the selection of the golden-ripe Canadian Hard Wheat from which "ROYAL STANDARD" is milled.

QUALITY is the goal sought in all the exacting laboratory tests through which "ROYAL STANDARD" passes at our modern model local mill plant. And it is the same dependable QUALITY that makes—

## ROYAL STANDARD FLOUR

the choice of so many discriminating housewives today. "ROYAL STANDARD" as milled under the Government Regulations is as much superior to other flours as it was in the past. It is still the Flour de luxe—strong, full-bodied, first in nutriment and body building energy.

### ROYAL STANDARD RYE FLOUR.

FOR the housewife who wishes to practice still closer conservation in her bread making the addition of 25 per cent. of "Royal Standard Rye Flour" will produce a delightfully wholesome loaf and correspondingly reduce the amount of other Flour used.

Look for the "Circle V" on every sack.

## Keep Chickens

This is National Service

The cost of meat is the heavy item in the food bill.

Poultry and Eggs will help take the place of meat.

The food that goes to the garbage pail from the average table will provide one-third the feed for a flock of 8 to 10 hens.

Poultry will thrive where vegetables will not grow. The outlay is small. A few minutes a day is all the time required.

A small flock in your back yard will go far to keep you supplied with eggs, broilers and roasters.

## How to go about it

BUY eggs for hatching or day-old chicks; borrow or buy a broody hen or an artificial brooder. A slatted packing-box will house the hen and chicks. Feed the chicks bread crumbs soaked in milk and squeezed dry. Feed five times a day, alternating with prepared chick feed, only as much as they will eat up clean. Remember that a hungry chick is a healthy chick.

CAUTION: Chicks must not be fed until at least 48 hours old, and then only sparingly.

If you can, start now with eggs or chicks; if not, arrange at once with the local poultry association for pullets in the fall.
