FIGHTING IN THE FAR HIMALAYAS

London, April 6.—The forces in the Punjab, India, are successfully carrying punitive operations against the Marri tribesmen, who have been driven back into the hills, and now are carrying out only raiding exploits, says a communication issued by the India Office. The communication follows:

"Punitive operations against the Marris continue satisfactorily. With the advance of our troops in the Marri country, the Marris have retired further into the hills. They are offering no organized resistance, but are confining themselves to their traditional tactics of sending out isolated raiding parties to harry defenceless villages, loot bunnia (Hindu merchant shops) and lift camels and cattle.

"The most serious of their raids was an attack on a goods train near Babar Kach, in which one European and six Indians were killed and three Indians wounded. Under the gradual pressure of our troops, however, the tribes have begun to show distinct signs of contemplating surrender. Practically all sections of the Khotran tribe already have tendered their unconditional submission through their chief."

\$30,000,000 WORTH OF LIQUOR IN ONTARIO

Toronto, April 8.—There is considerable agitation over the situation in which distillers and export warehousemen find themselves as a result of the "bone-dry" law. The statement has been made that there is about \$30,000,000 worth of liquor in Ontario, \$5,000,000 of which is held by the warehouses and the balance by the distilleries.

As there is no outlet for these goods now in warehouse, except that of returning them to the distilleries where they could be converted into alcohol for munitions purposes, the proposal is that the government take over the supply.

It was stated today by the Ontario license board that the new regulations covering native wines would prohibit advertising in the newspapers and solicitation by travellers.
