### \*\*\*\*\* IN THE LETTER BOX \*\*\*\*\*

The Editor, Daily News, Prince Rupert, B. C.,

Dear Sir—In the issue of the Daily News of April 8th reference is made to the fire at Mrs. P. I. Palmer's house having been caused by defective electric wiring. Will you be good enough to correct this fallacy by publishing this letter?

Immediately after the fire in question was out, our Mr. A. T. Parkin was called on the scene and found the electric wiring in perfect condition.

Whenever a fire occurs and the powers that be are unable to locate the cause the electric wiring is always blamed. We wish to point out that we have yet to learn of a fire having been caused anywhere in Prince Rupert on account of defective electric wiring. Thanking you for your valuable space, we remain,  
Very truly yours,  
PARKIN & WARD ELECTRIC CO.

## Military Service Act

### Important Announcement to All EXEMPTED MEN and to the Public Generally

**I**N dealing with the very large number of claims for exemption brought forward for consideration in connection with Class 1 under the Military Service Act, it has occurred, as was inevitable, that as a result of false statements and difficulties put in the way of investigation, some individuals have secured exemption whose proper place is in the Army.

It is not the intention of the Government to allow these men to evade permanently their obligation to bear their part in the military defence of the Country and of the ideals for which we are fighting. To do so would defeat the purpose of the Act, and cause grave injustice to men in the second class necessarily called out to fill their places.

### Exemptions Granted on False Grounds

It is, therefore, proposed to scrutinize carefully all exemptions granted to date in order to separate those which have been granted on false or insufficient grounds from those that are well founded.

With this object in view the various Registrars under the Military Service Act have been instructed to issue a series of questionnaires to exempted men. These questionnaires must be filled up correctly and returned promptly under penalty of forfeiture of exemption for failure to do so.

### Exempted Men Who Have Changed Address

It is therefore important in their own interest that all exempted men who have changed their address since their exemption was granted and who have not already notified the Registrar of such change should notify him at once. Under the Regulations it is the duty of exempted men to keep the Registrar advised of any change of address, and failure to receive the questionnaire by reason of neglect of this duty must be treated as equivalent to failure to return the questionnaire after receipt.

### Citizens Urged to Assist

In many instances information has been furnished by members of the public which has led to the cancellation of exemptions obtained by false or misleading statements. Further co-operation of this character is invited. The Government regard it as the Duty of all loyal citizens, not only to the Country, but to the men at the front, to assist in this way in securing reinforcements on a just and legal basis. Correspondence of this character will be treated as strictly confidential and will receive the fullest investigation.

CHARLES J. DOHERTY,  
Minister of Justice.

Correspondence should be directed to Robt. S. Lennie, K.C., Registrar under the Military Service Act, Vancouver, B.C.
