THE RED TRIANGLE

To those who are interested in the development of the nation's manhood, it must be a source of great satisfaction to observe the efficient service conducted among the Canadian Expeditionary and home service forces by the Young Men's Christian Association. So important has become the work of the "Y" secretaries and of such effect is their influence upon the morale of the men, that everywhere, in all warring nations, the khaki officials of the international organization are received with open arms and every possible facility is provided for the carrying on of the work. Army and navy officers have been very generous in writing unsolicited letters telling of the faithful service rendered by the "Y" officers, and it was with becoming modesty that Captain Pearson referred to the scope of the work now being carried on, particularly overseas, at his meeting two nights ago. The accounts from the boys themselves written both on this side and overseas, are perhaps the truest tests of the efficiency and usefulness of the Y. M. C. A. operations among the soldiers, and those which have been received by the Association and others are certainly not damnatory with faint praise.

That there is a voluntary institution of this kind extending comfort, so far as they are able, to the men who are fighting for us, is the greatest reason for its continued support. Like every other machine, it needs lubrication, and to keep the wheels going round, there is no doubt that the people of this Dominion will rise to the occasion when the opportunity is placed before them.

THE KEY TO VICTORY

There is no room today for even so venial a form of waste as bad cooking. The conservation of food values which the communal kitchens are effecting on a large scale must be effected on a small scale in the domestic kitchen. The national veneration of the Sunday joint

must yield to a recognition of the superior nutritive qualities of the stew, and the restaurant keeper must show himself capable of the same emancipation from tradition as the householder. We may yet find the casserole the key to victory.—London Daily News.

TWENTY YEARS AMBASSADOR

An event of no little interest in the diplomatic world in London is the completion during the coming summer by the French Ambassador, M. Paul Cambon, of the twentieth year of his official association with the Court of St. James. It was in 1898, at a time when political matters in France were passing through a serious crisis, when the Dreyfus affair was at its height, and the Fashoda incident was engaging the earnest attention of the two countries, that His Excellency was appointed Ambassador to Great Britain, succeeding Baron de Courcel, who had held the position for several years. M. Cambon's diplomatic connection with the Courts of Europe commenced in 1886, when he went to Madrid, and this part of his career was followed by a period of seven years at the Porte. The record attained by this well-known and popular diplomat of being accredited to a single country for two whole decades is of so rare a character that it is not unlikely his many friends in the Metropolis, as well as his diplomatic colleagues, may take some special steps to mark the event.—Glasgow Herald.

ENEMY ALIENS

Prominent members of the Great War Veterans are quoted as stating that although representations affecting enemy aliens in Canada had been made to the Dominion authorities nothing had come of them. They added, however, that they were convinced that the Union Government was anxious to deal with the subject, but to get action it was necessary to demonstrate that Sir Robert Borden had the support of the country concerning the matter. This puts the Union Govern-

ROYAL YEAST CAKES

ment in a sorry light, to say the least, and we trust that one of the Unionist members from British Columbia will query the ministry in Parliament about it at the earliest opportunity. If the Government just chosen by the people of Canada by an overwhelming majority to take all measures necessary to the Dominion's best war effort does not know why it was elected or, knowing it, is afraid to act on the knowledge, Canada must be in a bad way, indeed, and Parliament should remedy so grave a situation in its very next division.—Victoria Times.

BIG THAW STARTS ON THE YUKON

Dawson, Y. T., April 18.—The big thaw is just beginning. An abundance of spring water is anticipated from the greatest snowfall in the history of the Yukon. Indications are that the ice will go out at Dawson about May 7 to 12, unless there is a serious setback in the weather conditions. Abundance of water assures a big cleanup of the gravel in the winter dumps and also the success of the summer's hydraulic mining.

Nothing Like Internal Bathing for Constipation

If people only knew what Internal Bathing is doing for thousands of others there would be fewer Pills and Laxatives swallowed and very much less suffering from Constipation and the accompanying Stomach and Nervous troubles resulting from it.

Mrs. Cave, 841 Ellery St., Victoria, B. C., writes:—

"Before using the 'J. B. L. Cascade' I suffered constantly from Constipation, had frequent bilious attacks and sick headaches. Since beginning your system of Internal Bathing with the 'J. B. L. Cascade' four months ago, I have not had one attack and feel stronger and better in every way. My only regret is that I did not get a Cascade sooner."

By the proper application of nature's cure, warm water, by means of the 'J. B. L. Cascade' the lower intestines are kept free from all poisonous waste. Drugs force Nature. Internal Bathing assists her.

Dr. Chas. A. Tyrrell of New York, a specialist on Internal Bathing, invented and perfected the 'J. B. L. Cascade,' which has done more during the past 20 years in restoring health and lessening disease than all other means combined. Ask Cyril H. Orme, druggist, cor. 3rd Ave. and 4th St., for Booklet, "Why Man of Today is Only 50 Per Cent. Efficient." He will also be pleased to show and explain the J. B. L. Cascade to you.
