## ANOTHER RUSSIAN UPRISING EXPECTED

New York, April 19.—Germany has less than six divisions (72,000 men) on the Russian front, according to semi-official reports received here today, while the invading army which captured Helsingfors consisted of about 40,000 troops. The other German forces operating in Russia number less than 100,000 men, it is authoritatively stated.

Since peace was declared between the Bolsheviks and Germany, more than 2,000,000 German and Austrian war prisoners have been released. On the other hand, officials here declare very few of the 2,000,000 Russian prisoners in Germany and Hungary have found their way back to their own country.

Thousands have died in prison camps, more than 4,000 graves being located at Brandenburg alone, while others impressed in Teuton industries, have small chance of being repatriated. The majority who have been allowed to return are totally incapacitated or permanently crippled, discharges state.

From sources which can not be divulged, Kerensky government officials in this country have recently received reports of the growth of a counter revolutionary movement which threatens Bolshevik power. Only a decisive defeat to the Allies on the western front can prevent a Russian uprising, they declare.

## RAISE \$50,000,000 FOR THE RED CROSS

London, April 20.—The British Red Cross fund has reached £10,000,000. The King has written to the Times, which raised the fund, expressing his congratulations. The letter says in part:

"I am especially proud of the noble generosity displayed by Britons overseas. Nor can I forget the munificence with which the American Red Cross has supported the work of the British Red Cross, cementing still further the ties which unite the two countries."
