A letter from the Prince Rupert Lumber Company was read at the council meeting last evening regarding the decision of the council not to post date the power contract with the city. The company considered that this course savored of injustice, whereby the city profited through the company's misfortunes. Under the contract the company had to pay a minimum of \$1,000 for power. Owing to delay with construction work, the company did not use anything like this quantity of power, and had requested the council to date their contract forward, to give them a chance to get using their money's worth.

The new Musical Association is making steady progress with its membership, these now numbering eighty-five. Mr. John E. Davey has been elected as conductor, and the executive are due to meet soon for the selection of the pieces for the first production. The first concert will consist of a varied programme, and from the specimens of music already under consideration, it has every chance of being a good one. The one advantage of a musical association of this kind is that it is community wide, and its membership is not restricted to any denomination or class of society, but is open to anyone musically inclined.

Captain H. A. Pearson and Mr. Wm. Boulton, of Vancouver, have arrived back in the city from their visit to Anyox, whither they have been in the interests of the Red Triangle Fund.

ROYAL STANDARD FLOUR

STILL THE FLOUR DE LUXE—DELIGHTFULLY PALATABLE, FULL-BODIED, FIRST IN NUTRIMENT AND BODY-BUILDING ENERGY.

"ROYAL STANDARD" is the choice of discriminating housewives today for the reason that there has been no lowering of its superb quality as milled under the present food regulations.

The marked pre-eminence of "ROYAL STANDARD" as a Baking Flour is not a matter of mere chance. Milled in a model plant, the various processes that make it the dependable flour it is today, are the result of years of exacting study.

WHAT IS TRUE of "Royal Standard Flour" holds equally true as to "Royal Standard Rye Flour." Its use by so many women nowadays as a substitute Flour in conjunction with "Royal Standard Wheat Flour means not only true economy for the home, but a patriotic saving of wheat that looms large in practical results.

Grow Your Own Vegetables

CITY people this year must help to grow their own food. Every pound of vegetables that can be produced in home gardens or vacant lots will be a positive addition to the supply of food. Moreover the cultivation of land in city, town and village will leave market gardeners and farmers free to grow wheat and other supplies for export.

It may be that the only contribution which you can make towards relieving the dire food needs of our Allies will be a vegetable garden. If 200,000 families in Canada would cultivate a garden of this kind it would mean a very important aggregate addition to our food supply.

In Montreal vegetables to the value of \$100,000 were grown on vacant lots last year. Calgary had over 1,100 lots under cultivation, covering an area of 200 acres. Splendid results were achieved in other cities.

There is even greater necessity for war gardens this year. Tremendous interest in the movement is reported from all parts of the Dominion. Are you a member of a vacant lot organization? If none exists in your community help to organize one.

Home garden and vacant lot cultivation is really needed and may truly be considered a patriotic service.

Organized Efforts Will Bring Best Results

Decide here and now to have a war garden. Persuade your neighbours to do the same. All the tools necessary are a spade, rake and hoe. The cost of seeds is a trifle. Grow only standard vegetables such as potatoes, beans, peas, beets, carrots, parsnips, onions and lettuce.

By growing your own vegetables you can not only perform a patriotic duty, you can also help to control the high cost of living.

Write to your Provincial Department of Agriculture for pamphlets on gardening and any additional information.
