"I am writing you to tell you that I owe my life to 'Fruit-a-tives'. This medicine relieved me when I had given up hope of ever being well. I was a terrible sufferer from Dyspepsia—had suffered for years; and nothing I took did me any good. I read about 'Fruit-a-tives'; and tried them. After taking a few boxes, I am now entirely well. You have my permission to publish this letter, as I hope it will persuade other sufferers from Dyspepsia to take 'Fruit-a-tives' and get well!"

SUBMARINE BLOWN UP BY ITS OWN TORPEDO

Hull, May 8.—A Central News correspondent says the captain of a Hull steamer relates a remarkable adventure which but for the fact that it is vouched for in official documents would appear incredible.

The steamer The Flixton, Captain John Frewen, was on her voyage, and encountered an enemy submarine, which fired a torpedo at her.

The torpedo travelled directly towards The Flixton at a rapid rate, but when a short distance from the vessel broke surface and deflected, taking a circular course back to the submarine.

A terrific explosion followed. Captain Frewen, in his report to the owners of the vessel, Messrs. Samman & Co., says:—"On the passage round we had a very narrow escape of being put under, but as luck happened the torpedo broke surface and deflected from its course, taking a circular turn. The consequence, as I take it, was that during the turning it came in contact with its own ship, a submarine, and exploded, causing a terrific report and upheaval about 150 yards from us."

NO HALF-MEASURES FOR EX-PRESIDENT TAFT

Cleveland, Ohio, May 9.—Former President W. H. Taft, speaking as a representative of the League to Enforce Peace, at the annual meeting of the Federated Churches here, called upon America to abandon hope of early peace and prepare at once to send an army of seven million American soldiers to the western front. America must stop changing her ideas as to the prosecution of the war every six months, declared Mr. Taft; must give up entirely the hope of separating the German people from their Kaiser, and must immediately lay plans to overcome Germany by the force of a tremendous army.

"America must calculate on a long war," he said. "Let us have a plan to put five or seven millions of men over there."
