BOMBARDMENT OF PARIS CEASES—BIG GUNS ARE PUT OUT OF ACTION

Paris, May 14.—Another long-range gun, with which the Germans from the region of Crepy-en-Ainzy have been bombarding Paris, has been put out of action. Charles Leboucq, Controller of the Army Committee, states he was at the front watching the French artillerymen bombarding a long-range emplacement, when the aeroplanes assisting the operation signaled the magic words "bullseye." This was a 5,000 to 1 chance, and the first bullseye in six weeks. Then the Germans started bombarding Paris they had a battery of three of these giants on the shoulder of Mont de Jole. The first was put out of action six weeks ago. That is the gun which was seen returning home in a state of dilapidation through Belgium. Another was damaged ten days ago, though not put out of action entirely, and its crew killed. That left one. This is now destroyed, though doubtless the Germans will replace the losses.

GERMANS COMPLAIN OF AUSTRIA BEING HUNGRY

Amsterdam, May 14.—The Rhenische Westfaelische Zeitung of Essen, a copy of which has been received here, prints the following concerning the signing of the peace treaty with the Ukraine.

"We have concluded a bread peace. Bread is on the way—to Austria. With Roumania we have concluded a peace, which, besides bread, is to bring us petroleum. . . . It is a long way from Roumania to Berlin. Between them lies Austria, to whose famishing border population in German Bohemia and Tyrol we have had to supply food to save them from death by starvation. The German people know all that. Is it any wonder they have become skeptical?"
