THOSE FOOD REGULATIONS

The period prescribed by Orders 30 and 31 of the Food Board for the return by householders to dealers of all sugar and flour in excess of "ordinary requirements" for fifteen days expired last week. From now on, according to the Orders, excess supplies are liable to be confiscated and their holders prosecuted.

Can a judge determine what the term calls for? We doubt it. Our conviction is that in these latest regulations, as well as in many other ways, the Food Board is putting too much upon the public and not taking enough on itself.

What food hoarding is being done in this Dominion today is in the primary agencies of food distribution. Let the Government regulate these—regulate the wheat situation at the mills, the sugar at the refineries, and the meat and dairy products in the packing houses—and half these regulations would be unnecessary.

A GERMAN VIEWPOINT

A report from the American correspondent with the French Army points out the Germans are methodically preparing for the resumption of their offensive on the western front. Indications are the next attack will be delivered mainly on the front from La Bassee to south of Amiens, which means, if true, that the British will again

be called upon to bear the brunt of the offensive. This forecast gains credence from the interview which The Politiken has had with a member of the Reichstag, who intimates the Germans still believe they can reach the English Channel and by doing so make peace negotiations possible.

The informant of the Danish newspaper takes a typically Teutonic view of the psychology of his enemies. He believes his country can impose its will on the English-speaking peoples just as it has done on Russia. It is but another indication of the viewpoint which bases its reliance on the power of the sword.

AERIAL MAIL SERVICE INAUGURATED IN U. S.

Philadelphia, May 15.—Exactly one hour and thirty minutes after he left Belmont Park this morning, Lieut. Torry H. Webb landed at Bustleton with the first aerial mail delivery from New York. He was received by a civic committee and presented with a wrist watch.

Webb's plane carried 182 pieces of mail, weighing in all 144 lbs. The historic event was witnessed by large crowds at Long Island and speeches were made by several port officials.

Nothing Like Internal Bathing for Constipation

If people only knew what Internal Bathing is doing for thousands of others there would be fewer Pills and Laxatives swallowed and very much less suffering from Constipation and the accompanying Stomach and Nervous troubles resulting from it.

Mrs. Cave, 841 Ellery St., Victoria, B. C., writes: "Before using the 'J. B. L. Cascade' I suffered constantly from Constipation, had frequent bilious attacks and sick headaches. Since beginning your system of Internal Bathing with the 'J. B. L. Cascade' four months ago, I have not had one attack and feel stronger and better in every way. My only regret is that I did not get a Cascade sooner."

By the proper application of nature's cure, warm water, by means of the 'J. B. L. Cascade' the lower intestines are kept free from all poisonous waste. Dr. Chas. A. Tyrrell of New York, specialist on Internal Bathing, has perfected the 'J. B. L. Cascade' and has done more during the past year in restoring health and lessening suffering than all other means combined. H. Orme, druggist, cor. 3rd and 4th Sts., for Booklet, 'Why Man Should Only 50 Per Cent Efficient.' He is pleased to show and explain 'J. B. L. Cascade' to you.

and urgent, beyond possibility "—Sir Robert Borden Own Labor Save Situation 200.00 REF On farms must come from the cities and other source. The Provincial Departments of Agriculture co-operating with the Canada Food Board, can place thousands of men on good farms in this Province. They are needed at once. Those who remain at home must also Grow Food A War Garden will not excuse the man whose rightful place this year is on a farm. But War Garden service is needed from those who can do no more. Every pound of home-grown vegetables, produced on city land by city labor, will be a positive addition to the food supply. Home Garden and Vacant Lot cultivation will leave the farmers free to grow more food for export. The vegetable garden offers an opportunity for service to men whose circumstances make it impossible for them to work on a farm, to women, to boys and girls—to city people generally. Be a Food Producer This Year If there is a garden or vacant lot movement in your community, associate yourself with it. If no organization exists, do what you can to interest your neighbours in the War Garden campaign. Write to your Provincial Department of Agriculture for pamphlets on gardening and additional information.
