## GERMANS BREAK SIGNED ARMISTICE

Moscow, May 29.—Although the peace negotiations between Russia and the Ukraine have now been begun at Kiev, the Germans have broken the armistice on the Voronezh front, occupying the town of Valuikis after four days of fighting, and making a further advance.

The Izvestia, organ of the Bolsheviks, explains the advance as being due to Germany's intentions to seize those portions of the Voronezh government which the Ukraine desires. Meanwhile the Germans are making extensive preparations in the Caucasus and continuing their operations in the Don region, where no armistice has been agreed to. Germany's intentions, says the newspapers, seem to be widening in scope.

Reports of the first session of the Kiev peace conference held on May 23, indicate that the Germans are in no hurry for the conclusion of peace between Russia and the Ukraine.

### "PUNCH" AND SIR WILFRID LAURIER

Punch's famous counsel to those about to marry—"don't."

Sir Wilfrid Laurier's advice to those in the same predicament—"Do."

A deputation of the press gallery at Ottawa—hardened cynics most of them, no doubt—waited on the Liberal chieftain and presented him on the occasion of his fiftieth wedding anniversary with a bouquet of red roses, one for each of the fifty years. The single men amongst the delegation got this advice in return:

"Amongst the blessings of life there is no blessing like a good wife. Gentlemen, I have enjoyed that blessing these fifty years. To the single amongst you I would say get married, and I will hope for you all the happiness which these fifty years have brought me."

For a somewhat cheaply-sentimental and all-too-cynical world which refuses at all times to wear its heart upon its sleeve, there is a refreshingly frank return to fundamentals in this avowal.

# The Canadian Bankers' Association

## Invites the Co-Operation of the Public on Behalf of the Banks

### Staffs Heavily Reduced by War

**M**ORE than half the men in the banks of Canada are now on military service, and the number which remains is being steadily reduced.

Women clerks have been employed in thousands and have done splendidly, but they have not the experience of the men they replace. It would be out of the question to expect them to work as rapidly or with the same knowledge of banking as officers of many years training in the profession.

The drain upon the number of experienced officers has now reached a point where it is necessary to ask the public to take into consideration this decrease in efficiency, and to lighten, as far as they can, the burden thus thrown upon those left to run the business. Canada was never so busy as now and the volume of banking business is greater than ever before.

### How the Public Can Help

Transact your banking business in the morning as far as possible, and as early as possible. Try to avoid a rush at closing time.

Do not draw any more cheques than are absolutely necessary. Instead of paying small accounts by cheque, draw the money in one amount and pay in cash.

### Change in Banking Hours June 1st.

On and after June 1st banking hours will be: 9.30 to 2.30; Saturdays 9.30 to 12.00.

This arrangement will give the staff more time to complete the large amount of work which cannot be taken up until after the office is closed to the public.

### Special Services Discontinued July 1st.

Certain services must of necessity be discontinued, for a time at least.

On July 1st banks will discontinue receiving payments for tax bills and the bills of gas, electric and other public service corporations.

*The banks desire to render all essential services including many special ones arising out of the war. In order to do this they make this appeal for co-operation in the manner suggested above*
