"Fruit-a-tives" Alone Gave Him Quick Relief

Buckingham, Que., May 3rd, 1915.  
"For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, and I had chronic Constipation. I tried many remedies but nothing did me good. Finally, a friend advised "Fruit-a-tives". I took this grand fruit medicine and it made me well. To everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take "Fruit-a-tives", and you will get well".

## A LITTLE CHAT WITH THE HOME MERCHANT

(Continued from Page Two.)

store on a basis of competitive comparisons.

But this alone will not fill the bill satisfactorily.

In the opinion of the writer there are two further essentials which must be consistently and persistently practiced:

1. Adequate advertising in the local newspapers;

2. Community loyalty and community propaganda that will reach every resident of every locality.

It has been found to be absolutely true that districts where the merchants use but sparingly of the advertising columns of the local newspapers, and where there is no healthy spirit of local pride and patriotism and congenial community relations, are the districts where the big mail order concerns of the distant cities work their greatest havoc to the community economic interests.

A statement to this effect was made some time ago in an address given before an advertising association in the United States by the advertising manager of the well known mail-order firm of Sears-Roebuck, Chicago. This firm employs a large staff of clerks to check up on the advertising carried by local newspapers throughout the country, and to tabulate the general community spirit existing. In communities that are lax in these regards, the work of flooding such districts with the mail order catalogues and other literature begins, and, says the advertising manager referred to above, "We find that we always secure more business in those sections."

Does this signify anything to the home merchant?

The big mail order houses make continual war upon the local merchant in the latter's own territory. Surely it is time the home merchant was utilizing every possible weapon to put the unscrupulous enemy to rout, for the sake of his business, his dignity and the community's prosperity.

# The Canadian Bankers' Association

## Invites the Co-Operation of the Public on Behalf of the Banks

### Staffs Heavily Reduced by War

**M**ORE than half the men in the banks of Canada are now on military service, and the number which remains is being steadily reduced.

Women clerks have been employed in thousands and have done splendidly, but they have not the experience of the men they replace. It would be out of the question to expect them to work as rapidly or with the same knowledge of banking as officers of many years training in the profession.

The drain upon the number of experienced officers has now reached a point where it is necessary to ask the public to take into consideration this decrease in efficiency, and to lighten, as far as they can, the burden thus thrown upon those left to run the business. Canada was never so busy as now and the volume of banking business is greater than ever before.

### How the Public Can Help

Transact your banking business in the morning as far as possible, and as early as possible. Try to avoid a rush at closing time.

Do not draw any more cheques than are absolutely necessary. Instead of paying small accounts by cheque, draw the money in one amount and pay in cash.

### Change in Banking Hours June 1st.

On and after June 1st banking hours will be: 9.30 to 2.30; Saturdays 9.30 to 12.00.

This arrangement will give the staff more time to complete the large amount of work which cannot be taken up until after the office is closed to the public.

### Special Services Discontinued July 1st.

Certain services must of necessity be discontinued, for a time at least.

On July 1st banks will discontinue receiving payments for tax bills and the bills of gas, electric and other public service corporations.

*The banks desire to render all essential services including many special ones arising out of the war. In order to do this they make this appeal for co-operation in the manner suggested above*
