WESTHOLME ATTRACTIONS

Visitors at the Westholme last night were delighted with the music. In addition to the regular orchestra, which has always charmed the audiences there, the management were happy in having Mr. Sam Driscoll, an artist of great reputation, to assist. Mr. Driscall has been identified with the Pantages Theatre in different cities and is one of the best violinists on the coast, having been leader in such large theatres as the Pantages have in their circuit. Mr. Driscoll will be at the Westholme for an indefinite period as his short stay in the city has given him a favorable impression of the community and it is hoped that the management will be able to induce him to stay. This added attraction in addition to the great WESTHOLME THEATRE feature this evening in which Marguerite Clark will play the "Money is the root of all evil. star role should jam the theatre

Deputy Minister of Lands. PRINCE RUPERT BRANCH

Registration a Stupendous Task

One Day - SATURDAY - June 22nd

The task undertaken by Canada to register every male and female, British or alien, of 16 years and over, residing in the Dominion, is of stupendous proportions. The machinery that has been created is most comprehensive in its scope, and the information procured through this registration will be in such form as to make it possible for Canada to mobilize every available unit of human energy, either in the "First line of defence" or at home in support of her Allies.

Five million people will have to be registered in one day. It is estimated that one hundred and fifty thousand workers will be required to take this registration, or an army five times the size of the first Canadian contingent.

It will require at least six minutes to register one person. A Deputy working continuously can take only ten registrations per hour, or eighty for an eight hour day. On Registration Day the booths will be open fifteen hours; the Deputies therefore will have to work in two, possibly three shifts.

In order to make registration convenient and easy, 25,000 places of registration will be established throughout Canada, with from one to twelve booths at each place. The location of these booths will be advertised by Proclamation and through the local press.

Canada will be divided into 230 districts, each in charge of a Registrar, who is instructed to surround himself with a competent staff of deputies and assistant deputies in whatever numbers the work may require.

Volunteer Workers Urgently Needed

To carry out this vast programme efficiently and completely, intelligent voluntary helpers are essential. Individuals, women's societies, clubs, fraternal societies, church organizations and municipal organizations are asked to help.

The Board appeals with confidence to the patriotism of every Canadian man and

woman and to the pride which every locality must take in doing its own work well, to furnish the necessary number of volunteer deputies and assistants.

Interpreters of all languages will be required. Those qualified should apply to the Registrar of their district at once.
