

BEDRIDDEN WITH RHEUMATISM

Felt That He Would Never Walk Again
"FRUIT-A-TIVES" Brought Relief.

MR. LORENZO LEDUC

3 Ottawa St., Hull, P.Q.
"Fruit-a-tives" is certainly a wonder. For a year, I suffered with *Rheumatism*; being forced to stay in bed for five months. I tried all kinds of medicine but without getting better; and thought I would never be able to walk again.

"One day while lying in bed, I read about 'Fruit-a-tives' the great fruit medicine; and it seemed just what I needed, so I decided to try it.

The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me.

I have every confidence in 'Fruit-a-tives' and strongly recommend them to every sufferer from Rheumatism".

CANADIANS TILL ENGLAND'S SOIL

Ottawa, June 15.—While preparing for their entry into the area of bayonets and hand grenades in Flanders, Canadian soldiers in England are fighting the Germans with spade and plow. The militia department has received a statement from the overseas authorities dealing with the efforts of the Canadian troops to aid in the great campaign for increased food production in the British Isles.

This statement estimates that there are 874 acres now under cultivation by the Canadian forces in England, seventy-two of which are being tilled by the hospitals, which produce vegetables, flowering plants, etc., for the benefit of the troops.

The scheme provides that each unit should run its own farm. They are given permission to draw working capital from their regimental canteen funds; if there are no funds, money is advanced them by the authorities in London. There is no expense to the Canadian public, as these advances are all repaid when the crop is sold.

The main crops, such as potatoes, carrots, etc., are sold to the Army and Navy Canteen Board, which, in turn, resells them to the quartermaster-generals' department for issue to the troops. The profits go to the agricultural fund of the unit for future operations or to the regimental canteen fund to be expended on the men.

In connection with their agricultural activities, the Canadians are setting out shade trees along the roads. Future generations of English people will point to those trees as relics of the time when the Canadians came over to do their bit for the salvation of the world. The men take a keen interest in the work.

During the stay of His Majesty the King at the royal pavilion, Aldershot, vegetables were supplied to the royal table from the area cultivated by the soldiers in the finest quality and His Majesty expressed his appreciation in a letter of thanks to Gen. Meighen.

SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where a pre-emptor in occupation not less than 2 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSHIP PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the parcels are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

For information apply to any Provincial Government Agent or to G. R. NADEN, Deputy Minister of Lands, Victoria, B. C.
