#### LITTLE FIGHTING TAKING PLACE ON WESTERN FRONT

PATROL ENGAGEMENTS RESULT IN LOSS TO ENEMY--ARTILLERY ACTIVE--BERLIN REPORTS NO CHANGE--THE ITALIANS GATHER IN MORE PRISONERS--BRITISH RAIDS SUCCESSFUL

(Special to The Daily News.)  
London, June 28.—The War Office communication issued last night reads as follows: "Casualties were inflicted upon the enemy during the night in patrol engagements in the neighborhood of Boyelles. There is nothing further to report, except artillery activity on both sides in certain sectors." The announcement also says: "There were no infantry actions. Artillery fire was intermittent on various sectors between the Oise and the Aisne. In the eastern theatre, the artillery activity of the enemy was spirited in the Mayadge sector."

**Raid Successful.**  
London, June 28.—The British troops last night took strong German positions west of Vieux Berquin, east of Hazebrouck, capturing prisoners and machine guns.

**More Prisoners for Italy.**  
Rome, June 28.—Several hundred additional prisoners were captured by the Italian forces engaged yesterday in clearing up the battleground along the Piave, over which the Austrian armies retreated so precipitately during the past few days.

**Berlin's Report.**  
Berlin, June 28.—(Via London.) There is no change in the situation. Lively artillery activity has been displayed north of the Scarpe and on the Somme, west of Soissons and northwest of Rheims. During the night, artillery activity was increased on the western front between the Aisne and the Marne in connection with infantry reconnaissances on the east bank of the Meuse. We carried out a successful reconnaissance north of St. Mihiel, where a strong enemy attack was repulsed. Five airplanes were shot down out of an enemy bombing echelon, which during the last two days has raided Karlsruhe and Offenbourg, an industrial region of Lorraine. Yesterday our bombing squadron attacked Paris, and its railway junctions and aerodromes.

#### AUSTRIAN TROUBLES MAY PUT MONARCHY IN GREAT DANGER

(Special to The Daily News.)  
Rotterdam, June 28.—The most serious factors in the Austrian dilemma may now become political and military, rather than purely economic. Although the latest problems may concern directly only a comparatively small circle of intrigues, the effect of their machinations will probably shake the foundations of the dual monarchy deeper than the food demonstrations, which were the first and most obvious signs of the latest upheaval.

#### NEW AUSTRIAN PREMIER KARL'S PARTICULAR FRIEND

(Special to The Daily News.)  
Amsterdam, June 28.—Dispatches received here from Vienna say that Count Silva Tarocho, the Austrian minister of agriculture, and an intimate friend of the Emperor Charles, will probably be the next premier of Austria in succession to the Baron von Saydler.

#### LARGE LUMBER ORDERS RECEIVED FROM PRAIRIE

Winnipeg, June 26.—The largest orders of the year have been placed with Pacific coast lumbermen during the past five days by jobbers and wholesalers on the prairies as the result of the general rains. It is estimated that Winnipeg jobbers have ordered five million dollars' worth of heavy timber from the Pacific coast mills this week. Reports from dealers report that farmers all over the prairies are ordering in enormous quantities now that crop conditions are improved. Reports indicate the railways have plenty of cars just now on the coast to enable these orders to be filled promptly.

#### UKRAINE POSITION DOES NOT IMPROVE

Amsterdam, June 26.—The new government in the Ukraine has not succeeded to any notable extent in curbing the anarchic conditions prevalent there, says a Kiev despatch to the Berlin Tagliche Rundschau. On the contrary, adds the message, these conditions appear to have assumed menacing proportions recently in some districts. There are daily arrests of revolutionary Socialist agitators.

The activity of agitators who are planning a new revolution is perceptible in all districts, the advices continue, while the majority of the Ukrainians have no confidence in the new regime. The collection of foodstuffs, it is added, depends upon energetic measures in making seizures, as a dangerous propaganda is being carried on among the peasants to induce them to turn their grain into spirits by distilling it themselves.

#### TURKS HUMOROUS EVEN IN WAR TIME

Basle, Switzerland, June 26.—The Turkish newspaper Aati, a copy of which has been received here, in an article in which emphasis is laid upon the statement that Turkey's intervention in the war probably has prevented the Central Powers from being crushed, formulates conditions as representing public opinion as to what Turkey's peace terms should be.

The terms, the paper says, embrace the restitution of Iraq and Palestine, the re-establishment of Turkish supremacy in Egypt, the independence of Persia to be secured by the expulsion of the British; the Black Sea to become Turkish; with a Turkish prince in the Crimea; a German prince in Georgia; and an Austrian archduke in Armenia; Bulgaria to hold northern Dobrudja, but Constanza and Dedegatch to become free ports; Austria not to evacuate northern Italy until Turkey has recovered Cyrenaica.

#### CHINESE READY TO CO-OPERATE WITH JAPANESE IN SIBERIA

London, June 26.—Chinese soldiers are available for co-operation with the Japanese at Harbin and near the Siberian frontier and if necessary more will be sent, General Tuan Chi-Jui, the Chinese premier and war minister told the Peking correspondent of the Daily Mail. The premier added:

"The threatening situation on our frontier certainly demands safeguards. We do not want the Bolsheviks in China."

With reference to Chinese participation in the war on the European battlefield, the premier said: "I would like to help the Allies and would be glad to send 40,000 or 50,000 troops, but am prevented by financial difficulties and the activities of the provincial rebels."

Penetrate Defences of City and Drop Bombs, Doing Some Material Damage.

(Special to The Daily News.)  
Paris, June 28.—Several squadrons of the enemy airships penetrated through the defences of the Paris district last night. The anti-aircraft batteries violently shelled them. Several bombs were dropped and material damage was done. There were few victims. The alarm sounded at 12 midnight, and the all-clear signal was heard at 12:30 a.m.

#### "THE MAID OF BELGIUM" AT WESTHOLME THEATRE

A story that is "different" is that which is contained in the photoplay "The Maid of Belgium" to be screened at the Westholme Theatre this evening. This is one of the biggest of the war photoplays and concerns a pretty Belgian girl whose memory has been destroyed by her sufferings in the destruction brought upon her country by the ruthless invader. She is brought to America by a kindly but childless American couple, and there her baby is born, whose father the mother has forgotten. The kindly woman who has cared for this waif of warfare wants to make her husband believe that the child is her own, but then complications ensue, and finally through a sudden shock, the mother's memory returns. The whole story is filled with dramatic incidents and thrills, and is crammed with suspense and surprise. The acting is superb, making this play a great attraction. There will also be a fine two-reel Fox comedy, of the kind which are so much appreciated.

#### ENTENTE PRISONERS PUT IN GERMAN TOWNS OPEN TO AIR ATTACKS

Geneva, June 26.—The Germans are massing more and more Allied prisoners, both officers and men, along the Rhine and in frontier towns, says The Lausanne Gazette. An Alsatian newspaper reports that five Allied prisoners were killed and six wounded during a recent air raid on Tricville, Germany.

London, June 28.—"I bear witness that the Russian people will never recognize the Brest-Litovsk treaty with Germany, which hurls Germany into the abyss of annihilation," said Alexander Kerensky, the former Russian premier, in an address to the Labor conference which started here yesterday. In his address Kerensky said that Russia was bending beneath German insult, and bleeding at every pore, but still opposed the enemy invasion.

#### PRINCE RUPERT'S YOUNGEST VOLUNTEER KILLED IN ENGLAND

Jack Dowling, Who Left Here with First Contingent as Bugler, Killed in Aeroplane Accident.

A cable was received in town yesterday by Mr. F. W. Dowling, superintendent of the Government Telegraph Service, from London intimating the death of his son Jack in England in an aeroplane accident.

Everyone in town used to know Jack Dowling. He sailed from Prince Rupert on that memorable morning of the 6th of November, 1914, with the rest of the boys of the 30th Battalion. He was only sixteen then, being the bugler. After that, he was drafted into the 16th, and since then had put in twenty-seven months' service in France. Returning to England to join the Royal Naval Air Service, he was accepted as a lieutenant, and was just completing his training when this accident happened. He had three months' furlough coming to him and his parents were expecting to hear that he was on his way home, when the news came of his death. The details of the accident, of course, are not yet available here.

To Mr. and Mrs. Dowling the deepest sympathy of everyone who knew them, will go out.
