"NO QUALMS"

Sir Joseph Flavelle says he considers the profit of \$1,400,000 made by his company in 1916 on a capital investment of \$1,500,000 quite legitimate, and he has no qualms of conscience over it. If he had said that he had no conscience and therefore could not be subject to qualms he would have been nearer the mark. If he had added that he could not see this war apart from its opportunities for private gain he would have scored a bull's-eye. For it would seem from Sir Joseph Flavelle's cynical admissions that he must be unable to grasp the fundamental issues of the war or to understand why millions of brave men are offering up their lives on the battlefield. The passion to make money must have blurred his vision and distorted his judgment. Ninety per cent. profit in 1916 and 120 per cent. in 1917, mostly out of the blood and sweat of the people of this country and its Allies! And he considers it quite legitimate and has no qualms of conscience!

It would be interesting to learn how many men in Canada share Sir Joseph Flavelle's state of mind; to what extent turgid materialism has dulled the moral perceptions of the inmates of the House of Commons; how far the soul of this Dominion has been debauched by greed. The Union Government should be able to furnish the information and to effect a partial reformation at least. By allowing Sir Joseph Flavelle \$150,000, or ten per cent. on the investment of \$1,500,000, and taking the four or five millions made over that amount in the last three years, it would help the country and Sir Joseph plainly is in need of a drastic corrective—besides teaching a striking object lesson. Any man who can consider such enormous profits made out of the agony of his country and its Allies as legitimate needs a more powerful force for good behind him than Sir Joseph appears to have had in the meet-

ings of the Quarterly Board. Sir Joseph Flavelle of course, must be removed from the chairmanship of the Imperial Munitions Board. His conception of legitimacy as applied to profiteering is a constant menace to the Allies' cause in the war.—Times.

NOTES AND COMMENTS

"Hon. Arthur Meighen says the late Government had an excellent record. If we estimate the number of things it should have done but did not do by the number of things the new Government says it is going to do we find nothing but gross incompetency and neglect in the record the Hon. Arthur Meighen extolled. Incidentally, Mr. Meighen is not helping the new Government, of which he is a member, by trying to justify the old one. Moreover, he might profitably bear in mind that the Union Government will speedily follow the late Government into an unwept grave if it should fail to do what is expected of it."

Meantime, notwithstanding, or perhaps in spite of the efforts of the Fuel Controller, coal is still \$12 per ton for the average consumer in Prince Rupert and unscreened at that! Has anybody heard of anything being done regarding the cost of coal at the mine?

A correspondent to a southern contemporary says that there is no blinking the fact that the Flavelle-White combination is still supreme at Ottawa and that the Win-the-War movement is the severest indictment of the late Government. "This Union Government may be the best available meantime, but if it fails to curb the machinations of the Toronto group of financiers who have Canada by the pockets, it must surely be turned out neck and crop, and that can only be accomplished if enough of the right type of men are sent to Ottawa. If politicians of the type of H. S. Clements and H. J. Stevens are returned British Columbia will have failed in its duty to Canada." Although not primarily interested in either of these gentlemen, most Prince Rupert

A Pound of Whole Wheat contains 1700 calories, says the chemist—but it doesn't contain any calories for you unless you can digest it. It is what you digest, not what you eat, that supplies nourishment for the day's work. It is a time to cut out expensive foods that generally contain little nutriment. **Shredded Wheat Biscuit** is 100 per cent. whole wheat—nothing wasted, nothing thrown away. It is real man-power food. Two or three of these little loaves of baked whole wheat with milk and fresh fruits make a nourishing, strengthening meal at a cost of only a few cents. **Made in Canada.**

people will agree with the statement made.

An obliging doctor in Victoria was fined \$100 with the option of thirty days' imprisonment for prescribing Kilmarnock medicine for a new patient. The patient was in the uniform of a returned soldier, but what the doctor did not know was that the soldier is now a provincial constable. Experience teaches—even doctors.

FILLING COTS IN THE NATIONAL DORMITORY

(Continued From Page One.)

Incidentally rumor is busy with the name of Hon. Bob Rogers as a prospective Senator. The Honorable Bob would have his troubles in being elected in Winnipeg again, and it is said would be satisfied now with a seat in the Senate, his time for grabbing something bigger having gone by. The Hon. Bob is said to have waited too long. He should have grabbed the High Commissioner'ship a year ago when the grabbing was better. At all events the Hon. Bob will not be torn away from the old familiar scene. The new Parliament building is to be a splendid affair. The Senate quarters will be luxurious—the atmosphere of gossip and intrigue just as brisk as ever—in short, the best club in Canada.

All these straws indicate that conscription is not the issue Premier Borden's followers thought (Continued on page three.)

ARE BATHS NECESSARY?

This looks like a foolish question in this enlightened age, but there are nearly a million Americans who knew nothing of Internal Bathing a few years ago and are now eager to testify that they are fully as essential to health as External Baths.

By a purely natural process of properly using warm water, the "J. B. L. Cascade" removes ALL the poisonous waste from the Lower Intestine, which, physicians agree, is the cause of 95 per cent. of all human ailments.

It instantly relieves constipation, properly regulates the bowels and prevents all the dragging-down which Bilioussness and Liver Troubles always create.

E. W. Southall, M.D., of Genesee, N. Y., writes:

"I challenged the doctors in this town last week in regard to what I can do with your 'Cascade.' I can say for a truth that I know the reason for my success with many serious illnesses was due to having the bowels washed out once and sometimes twice a day. I only wish I could make the people in general believe in the efficiency of a good bowel washing. Sincerely yours."

Cyril H. Orme's Drug Store, cor. 3rd Avenue and 6th St., Prince Rupert, have filled a tremendous demand for J. B. L. Cascades in the past few years, and will show and explain it to you on request. A free and interesting booklet on Internal Bathing, "Why Man of Today is Only 50 Per Cent. Efficient," can also be obtained for the asking. If you prefer, write to Dr. Chas. A. Tyrrell, 163 College street, Toronto, for same.

Keep up the Food Supply and Help Make Victory Sure

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unflinching flow of food to England and France must be maintained.

**This is National Service—
Not to the Farmer only—
But to YOU—to everybody—
This appeal is directed**

WE must unite as a Nation to SERVE—to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

EVERY pound of FOOD raised, helps reduce the cost of living and adds to the Food Supply for Overseas.
