THE CHIEF CHARM OF LOVELY WOMAN

Soft, Clear, Smooth Skin Comes With The Use Of "FRUIT-A-TIVES".

NORAH WATSON
86 Drayton Ave., Toronto.
Nov. 10th, 1915.

A beautiful complexion is a handsome woman's chief glory and the envy of her less fortunate rivals. Yet a soft, clear skin—glowing with health—is only *the natural result of pure Blood.*

"I was troubled for a considerable time with a very *unpleasant, disfiguring Rash*, which covered my face and for which I used applications and remedies without relief. After using "Fruit-a-tives" for one week, the rash is completely gone. I am deeply thankful for the relief and in the future, I will not be without "Fruit-a-tives".

FILLING COTS IN THE NATIONAL DORMITORY

(Continued from Page two.)

it would be. Conscription is now the law. Whatever people may think about it, they are taking it quietly. Since the Act was passed there has not been a peep out of Quebec — which is a great disappointment to those who had hoped that it would stand Quebec on her head. Those two leaders of thought in Quebec, Sir Wilfrid Laurier and Sir Lomer Gouin, have told their people that since conscription is the law of the land, it is their duty to obey the law. Sir Wilfrid still has strong views on conscription. His position is that the people should have been consulted, but conscription being un fait accompli he counsels obedience. He has not responded to the clamor of the more exigeant Quebec newspapers to promise that he will repeal the Military Service Act if his party is returned to power. Sir Wilfrid in fact, while he has remained true to his opinions, has met more than half way the views of the conscriptionists throughout Canada by his consistent attitude of compliance with the law once it has become law.

Since everybody in Canada is agreed that winning-the-war is the first duty and since there was really never any difference on that point, except as to the methods by which the war was to be won, that issue may be regarded as settled. The paramount issue at the next general election will be the high cost of living—best embodied in Sir Joseph Flavelle's fifty cent bacon, which can be purchased in the United States for thirty-eight cents. Sir Joseph represents in his person the sinister and powerful influences behind the Borden Government. By their connivance he moves, breathes and has his being. They do nothing to stop him. It was on the O. K. of his deputy, Sir Thomas White, that Sir Joseph was appointed Chairman of the Imperial Munitions Board, and it is with the Borden Government's connivance that he continues to hold this important post. A word from the Borden Government to the British War Office would lead to Sir Joseph's resignation in forty-eight hours.

Food Controller Hanna is a Borden Government bluff. Mr. Hanna puts the high cost of living to the thousand of little middlemen scattered all over Canada. Everybody knows that the small grocer and butcher exist by sufferance of the big fellows who make the price and allow the little fellow just enough margin to get along on. Sir Joseph Flavelle doesn't even allow that. He has his chain of retail stores and takes the little middleman's profits and the big middleman's too. All things work together for Sir Joseph.

If the Borden Government would untie Food Controller Hanna's hands, he might be able to get at the big fellows. Go to the source—that is the way to scotch the high cost of living. The millers, for example,—surely Food Controller Hanna knows that the current price of flour is exorbitant. The current price of flour is based on the current price of wheat, and wheat has been a rising market ever since the war started. The real price of flour made from wheat purchased two and three years ago should be based on the price of wheat at the time it was bought.—H. F. G.

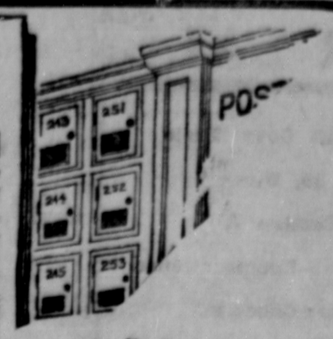
Military Service Act, 1917

Explanatory Announcement by the Minister of Justice



CANADA

Should You Be Exempt?

Every facility is afforded those who have reasonable ground for applying for exemption under the Military Service Act. Each man's case will be considered by a local, civil board, sitting in the locality where he lives, and will be decided as is desirable in the national interest.

The idea behind the Military Service Act is to call up first only those whose absence from civilian occupations will cause least disturbance to the country's economic and social life. One hundred thousand reinforcements—*no more*—are to be raised under the Act.

Cases of Exemption

Over 1,250 civic tribunals have been organized throughout Canada, known as Exemption Tribunals. These Boards are comprised of 2 members, one appointed by the county judge and one by a joint committee of Parliament. It will be seen that these tribunals are non-military and independent. The members are men closely acquainted with conditions in the places where they sit and will be able to give each case sympathetic attention.

National Interest Will Govern Exemptions

Consideration will be given to applications for exemption received from men engaged in the production or manufacture of commodities necessary to the conduct of the war and the support of those at home, and cases in which real hardship would be caused by the withdrawal. Not all men who register these claims will be exempted, but such claims will receive careful attention. National interest must govern.

Promptness is Essential

Prompt application for exemption is strongly urged upon all who, being included in the first class, believe they deserve exemption. But first visit a Medical Board and find out if any further action is required. Unless the Medical examination places you in Category A, you will have no immediate obligation for service.

Saves Eggs

Dr. Price's Cream Baking Powder makes it possible to produce appetizing and wholesome cakes, muffins, corn bread, etc., with fewer eggs than are usually required.

In many recipes the number of eggs may be reduced and excellent results obtained by using an additional quantity of Dr. Price's Baking Powder, about a teaspoon, in place of each egg omitted. The following tested recipe is a practical illustration:

SPONGE CAKE

1 cup sugar
½ cup water
3 eggs
2 teaspoons Dr. Price's Baking Powder
1 cup flour
1 teaspoon salt
½ cup cold water
1 teaspoon flavoring

DIRECTIONS: Boil sugar and water until syrup spins a thread and add to the stiffly beaten whites of eggs, beating until the mixture is cold. Sift together three times, the flour, salt and baking powder; beat yolks of eggs until thick; add a little at a time flour mixture and egg yolks alternately to white of egg mixture, stirring after each addition. Add ½ cup cold water and flavoring. Mix lightly and bake in moderate oven one hour.

The old method called for six eggs and no baking powder
