

HUNS REMOVE POPULATION OF CAMBRAI

THE CIVILIAN INHABITANTS BEING TAKEN FURTHER BEHIND THE FIRING LINE

EVACUATION
OF CAMBRAI
BY CIVILIANS

German Counter Attacks at Bourlon Fail, and are not Repeated—Much Traffic From Cambrai.

(Special to The Daily News.)

London, Nov. 27.—(British official). On Sunday night, the enemy succeeded in pressing back our troops from portions of Bourlon, which we had entered. We got prisoners west of Bourlon today. Since that time, the enemy has not attempted any further attacks on Bourlon, since his failure yesterday. The situation remains unchanged.

At Cambrai.

A very large traffic is reported to be moving out of Cambrai in a southeasterly direction, which indicates that the civilian population of the city is being evacuated by the German authorities. No information has yet come to hand showing where these Belgian people are being taken to.

Franch Front.

Paris, Nov. 27.—(Official). East of the Meuse yesterday, on a front of three and a half kilometres, we took the first and second German lines, some dug-outs, and over eight hundred prisoners.

Italian Front.

London, Nov. 27.—A correspondent writing from Italy says that he saw ranks of French and British infantry within sound of the battle on the Italian northern front.

Honor for Currie.

Paris, Nov. 27.—General Currie, commander of the Canadian army in France, has been awarded the Croix de Gurrie.

THIS MEANS YOU!

Mr. Union Man. If you have any kick coming against the action of your Labor officials, the Trades and Labor Council is the place to make it. All Union card men are invited to the meeting in the Carpenters' Hall tonight, Mr. Fred Stork, the Laurier standard bearer, will address the meeting.

COURT OF REVISION

Take notice that a Court of Revision will be held in the Council Chamber, City Hall, on Monday, the 10th day of December next, A. D. 1917, at the hour of 2:30 o'clock p. m., for the purpose of revising the Voters' List to be used during the year 1918 for the City of Prince Rupert, at which all objections to the said Voters' List, either by way of striking off or adding names thereto, will be heard.

FRED PETERS, City Clerk.

BOXES FOR LADIES

NOTES FROM THE
COUNCIL CHAMBER

There was a full attendance at the meeting of the City Council last evening, Mayor McCaffery presiding. The first matter to be dealt with was a letter from Mr. L. W. Patmore on behalf of Mr. Winter, who represents the bond holders of the Prince Rupert Hydro-Electric Co. Information was desired as to whether the city would do anything—either accept the offer made by the company in consideration of the Falls river power, or else submit the matter to arbitration. After some discussion, on the motion of Ald. McClymont, seconded by Ald. Dybhavn, the matter was laid over for a week.

Telephone Operators.

A report from the superintendent of utilities was received regarding increases in salary for the telephone exchange operators. A scale had been drawn up, which was approved of by the superintendent and by the operators, as follows:—First three months, \$40; second three months, \$50; next six months, \$55; next six months, \$62.50; next six months, \$66; third year, \$70; fourth year, \$72.50; supervisors, \$80. The operators will work seven hours per day.

Spoiled His Pants.

A report was received from the city solicitor regarding a claim from Mr. Wm. Sibbald for damages received owing to a fall caused by the absence of street lighting. The lights being out of commission owing to an accident, a tree having fallen over the transmission line, the city could not be held responsible. It was held that he should have taken a light as a matter of reasonable precaution. The fact of reasonable precaution not having been taken, in no wise makes the city liable.

The city solicitor had interviewed Mr. Sibbald, who did not claim great damages, but thought he should get something, as he was "shaken up somewhat, cut about the head, bruised down one side and had a black eye. He claims his wrist was sprained, his watch was broken and that his pants were spoiled." The report was filed.

Power and Light Rates.

Ald. Dybhavn gave notice that at the next meeting of the council he would introduce a bylaw fixing the rates for electric power and light.

Regarding the standing of the public utilities, Ald. Montgomery was anxious. It was coming near the end of the year and he thought it was time to get down to business. He wanted that report upon the utilities which was overdue. Ald. Dybhavn promised solemnly to have the report in next week, when the reason for the "deplorable state" of the utilities would be given in full.

Tenders.

For putting a tar and gravel roof upon the old telephone exchange now occupied by the Returned Soldiers Association, tenders were opened. Steen & Long will quoted \$186; H. C. Meiers quoted thirty-eight cents less, namely, \$185.62, and Henry Letourneau, \$148. The lowest tender was accepted.

Permission was accorded to the city clerk to call for tenders for printing the voters' lists.

The City Market.

Notice of motion was given by Ald. Casey regarding the city market. Next week he will move a resolution instructing the city clerk to prepare an amendment to the city market bylaw to prevent the market clerk from selling goods to the local dealers to sell over again to the public. Also to compel the market clerk to give

HINDENBURG:—What is that noise in Canada?

THE KAISER:—It's the clink of REAL money being loaned for a REAL security! Don't mind admitting I'd feel safer if I had some of those Canadian Victory War Loan Bonds myself.

BORDEN MEETING BROKEN
UP IN ONTARIO CITY

(Special to The Daily News.)

Toronto, Nov. 27.—Some four hundred disturbers broke up a Borden meeting at Kitchener on Saturday night. The audience threatened to hang the Unionist candidate. Feeling is running so high in the Quebec county of Ontario that it is not expected that Sir Robert Borden will be permitted to speak at any of his meetings.

the representatives of the people—the mayor and aldermen—such information as they may request regarding the business transactions of the market.

That being all the business, the council adjourned.

TRAIL CITY COUNCIL
TO ENTER LIBEL SUIT

Nelson, B. C., Nov. 24.—Trail city council has instructed the city clerk to enter suit for libel in connection with the publication of a Victoria dispatch stating that the 1,500 men went on strike at the Trail smelter as a protest against the enforcement of the Military Service Act, and that men were refusing to appear before the exemption board.

The district Associated Boards of Trade executive will meet at Trail on Friday with the object of bringing about a settlement of the hours' dispute. The men have issued a statement in which they deny they have broken their agreement with the company, and make a plea for the eight-hour day for the mechanics and yardmen for which they are fighting.

DR. LEW KERGIN BACK
IN MESOPOTAMIA

Word has been received in town from Dr. Lew Kergin, who has now returned to Mesopotamia for another spell of duty there. He is stationed three miles from the ancient city of the Caliphs, Bagdad. When writing, he had been twice in the city, and expected to see something interesting, but was disappointed. The streets are just as narrow and as dirty as in any other Eastern city. In the bazaars, most of the stuff for sale could be bought in Bombay both better and cheaper. The only souvenirs of the place to be picked up are those which are acquired unconsciously, and got rid of at the first opportunity.

On the voyage out this time, Dr. Kergin voyaged via the Cape and visited Cape Town and Durban. It rained in Durban, worse than in Prince Rupert, but it had the decency to clear up after an hour or so. The quality of the Durban rain is such that no one stays out in it. Where the Doctor is now, the temperature is well over 100 in the shade, and he has almost forgotten what the gentle rain is like. He would appreciate some of the Prince Rupert cool, moist breezes very much, with a small percentage of raindrops.

THE ASSIZES

Mr. Justice Clement is expected to arrive in the city tomorrow morning by the Prince Rupert, to take the Assize Court, and the civil sittings, commencing upon Thursday.

There are four criminal cases coming up at this time. A charge of assault is laid against John May, also that of resisting arrest. Jim Loloff and Marengo Carlo will be charged with manslaughter arising out of an accident at Anxox when a work train was derailed. They will be defended by a Vancouver counsel, Mr. Arthur Fleishman. A charge of sedition is laid against Hugh Bruce, of Massett, and there will also be another case arising out of this one.

The civil sittings will follow, of which there are three on the calendar.

GOOD PROGRESS IN
CLEARING THE TRACK

Through Communication With the East Hoped for in a Few Days—Work Being Pushed.

The work of clearing the track of the G. T. P. between Prince Rupert and Terrace is proceeding apace. The debris brought down by the slides which blocked the line is now almost all removed and now all that remains to be done practically is the repairs necessary, which were occasioned by the washouts of the track by the floods. There have been fairly extensive, but the repair work is being rapidly pushed forward, and by means of transfers across the dangerous parts, it was today possible to get into communication with the East.

Trains are running from Terrace to the east, and the only remaining difficulty lies between Salvus and Terrace. It is hoped that by Saturday or Sunday to have the track in such shape as to permit the through trains completing their journeys. The Skeena is still falling, although on the mountains where the water comes from, it is still raining.

The work of restoring the railroad track on this occasion has been extensive and difficult, but the officials of the G. T. P. have left nothing undone to have the through communication restored at the earliest possible moment.

THE SCHOOL BOARD

The regular meeting of the school board was held last evening in the city hall. Resignations were accepted from Miss McGregor, Mrs. Klower and Mr. C. A. Murray. It was also intimated that Miss E. Eason had verbally signified her intention of resigning her position, although this had not been received in writing. Arrangements for filling the vacant positions were made, and suitable teachers will be advertised for to fill the vacancies.

Mr. W. G. Oakley was appointed to be janitor at the Borden Street School. Mr. Lord, inspector of schools, met the members of the School Board at this meeting.
