"Fruit-a-lives" Point the Way to Quick Relief

VERONA, ONT. "I suffered for a number of years with Rheumatism and severe Pains to my Side and Back, caused by strains and heavy lifting. When I had given up hope of ever being well again, a friend recommended 'Fruit-a-lives' to me and after using the first box I felt so much better that I continued to take them; and now I am enjoying the best of health, thanks to your wonderful fruit medicine!"

SETTLER'S POURING INTO CANADA'S FARMS

Winnipeg, March 27.—"Western Canada is experiencing an immigration movement the like of which she has never witnessed before in her history," according to J. Bruce Walker, Commissioner of Immigration here.

"In the four weeks ending March 2," said Mr. Walker, "the number of settlers coming into Western Canada was greater by over 200 than in the same weeks of last year. During that period the increase in value of stock and settlers' effects coming into the country was \$800,000. At North Portal I saw forty carloads of settlers' effects in one train entering Canada. These people were from the state of Illinois and were going into Alberta and Saskatchewan. "The demand for land has never been so tremendous. The C.P.R. is selling land, including ready made farms, throughout the West, chiefly in Alberta, at the rate of 80,000 acres per month. The Hudson's Bay Co. is selling land at the rate of 40,000 acres per month, and have kept up that record since August last. I never saw such a splendid class of immigrants come into the country, and I never knew prospects to be better for the country than they are today.

"An evidence of the way tractors are being brought into the country is instanced by the fact that the Moline Co. brought in thirteen carloads of tractors worth less than \$1,400 each in the week between March 2nd and March 9."

She was newly married, and did not know a little bit about either house-keeping or shopping, and she was giving her very first order. It was a crusher, but the grocer was a clever man, and was used to all kinds of orders, and could interpret them easily.

"I want two pounds of paralyzed sugar," she began.

"Yes'm. Anything else?"

"Two tins of condemned milk."

"Yes'm."

He set down pulverized sugar and condensed milk.

"A bag of fresh salt. Be sure it is fresh."

"Yes'm. What next?"

"A pound of desecrated codfish."

He wrote glibly. "Desiccated cod."

"Nothing more, ma'am?" We have some nice horse radish just in."

"No," she said, "it would be of no use to us; we don't keep a horse."

Then the grocer sat down and fanned himself with a washboard, although the temperature was freezing.
