THE FITNESS OF THINGS

This promises to be a busy week in Prince Rupert. Troubles are not the only things that decline to come singly. With the advent of the good weather and the probable resumption of the train service, the distinguished party composing the International Fisheries commission will be here this week. The Hon. W. C. Redfield, the colleague of Mr. Justice Hazen, is one of the distinguished members of President Wilson's Cabinet. There have been many of our notable cousins from across the line visiting in the West since their great nation joined in the common cause, but this is the first time that one of the executive chiefs responsible for the Republic's conduct of the war has been so far west in Canada. While the occasion of his visit here is not connected primarily with war effort, it has arisen from that closer comradeship of nations allied for that purpose.

The Hon. T. D. Pattullo is also expected to arrive in the city on Wednesday. He will address his constituents—and all are invited—in the Empress Theatre on Wednesday evening. The session of Parliament just closed has been a strenuous one and much important legislation has been put through. There will be many matters of interest to this community which the minister of lands will have to speak of. And anyone who has heard Mr. Pattullo speak previously will realize that he is a speaker of no mean order.

In addition to this, the campaign being carried on for the support of the Y. M. C. A. work at the front will culminate on Saturday, and will still further help to distract the attention of the citizens from the idle drydock, and the comparative absence of business where busy-ness should be.

As if these were not sufficient, Clean-up Day is also hooked for this week. A mere male always realizes the seriousness of domestic spring cleaning, and if this were carried out on the same scale, the

upheaval would be rather embarrassing for our distinguished visitors. The weather, too, is that which makes the gardener see visions, such as the pictures on the seed packets, and dreams of what he would like his garden to be, and this is the time of year when every day counts, so far as the crops are concerned.

After the placidity of the last few weeks, such a number of things coming all at once demanding attention, more or less, is inclined to make one, especially who has little leisure, question the fitness of things. Which, however, does not alter the circumstances in the slightest.

MR. O'CONNOR'S SUCCESSOR

The Minister of Labor assures Parliament that when a successor to Mr. O'Connor as High Cost of Living Commissioner has been named, it will be found that the public interest has not been injured by the change. As to that it might be observed that the new Commissioner will have to be a mighty good man to reconcile the public to the loss of Mr. O'Connor. The public thus far is not dissatisfied over the former Commissioner's resignation, but suspicious. The correspondence between Hon. Mr. Crothers and Mr. O'Connor which was submitted to Parliament, while it left a lot to the imagination, suggested that the Commissioner's organization was hampered by the interference of Mr. Crothers with the discipline of his staff, one of the members of which, apparently feeling confident of the Minister's support, acting in a most insubordinate manner. This we gather from the correspondence as brought down so far. There were other communications which Mr. Crothers declined to disclose.

Now, the public is aware that certain big interests have had their knives out for Mr. O'Connor for a long time, and that powerful pressure has been brought to bear at Ottawa to have him removed. And Ottawa knew that the public was watching the situation very

close and Mr. O'Connor, therefore, was safe from direct attack. Whether he has succumbed to indirect fire may be ascertained later. At any rate the country has lost the services of a fearless and efficient protector of the public interest, whose exposures of profiteering and food hoarding have done a great amount of good. —Victoria Times.

During a military church service some British recruits were listening to the chaplain saying, "Let them slay the Huns as Moses slew the Egyptians," when a recruit whispered to his companion: "Say, Bill, the old bloke is a bit off; don't 'e know it was Kitchener who swiped the Egyptians?" —Bystander.

Constipation Cured in His 78th Year without Drugs

Did you ever know any person who was permanently cured of Constipation by taking drugs of any kind? Drugs seem to assist Nature at the time, but as time goes on larger doses are necessary until the trouble becomes chronic.

Internal Bathing is the only real cure for Constipation. It keeps the Colon or Lower Intestine free from all accumulation. Soon the system performs its regular functions unaided, and there is no further trouble.

Mr. A. McLean, of Conger Lumber Co., Farry Sound, writes:—"I have been troubled with Constipation for the last 35 or 40 years, and could not pass one day without taking medicine. I have used the "J. B. L. Cascade" since getting it 21 days ago, with wonderful results. Will recommend any person to use it."

Dr. Chas. A. Tyrrell of New York, invented and perfected the "J. B. L. Cascade" for Internal Bathing, which is today the only efficient means of accomplishing the desired results. Dr. Tyrrell has published an interesting book on Internal Bathing, called "Why Man of Today is Only 50 Per Cent. Efficient," which can be had free for the asking of Cyril H. Orme, Druggist, cor. 3rd Ave. and 6th St. He will also be pleased to show and explain the "J. B. L. Cascade" to you.
