"In my opinion, no other medicine is so good as 'Fruit-a-tives' for indigestion and constipation."

For years, I suffered with these dreaded diseases, trying all kinds of treatments until I was told I was incurable.

One day a friend told me to try 'Fruit-a-tives'. To my surprise, I found this medicine gave immediate relief, and in a short time I was all right again."

SOFT TREATMENT OF INTERNED GERMANS IS OBJECTED TO

The manner in which the alien enemy is taken care of at the internment camp at Vernon is enough to turn the blood in the veins of the citizens of this country to a boiling stage, remarks the Kamloops Standard-Sentinel, which is quite warm about it. Passing their camp a week ago we saw men inside of the barbed wire enclosure strolling about amidst flowers and lawns, jauntily swinging their canes, attired in tennis shoes, white trousers and the latest style of negligee shirts, with Panama hats, appearing as if they were the honored guests of the nation, instead of being a bunch of contemptible dogs who are placed in confinement for fear of work that they might do against the safety and interests of Canada during this war. One burly chap with a stomach like a beer keg and cheeks like a Berkshire pig, was reclining in a luxurious camp chair, attired in flannels of the latest design, and to protect him from the slight warmth of a mild day in June a handsomely decorated canopy covered both his florid brow, the curvature of his rotund stomach and his large Teutonic feet. Ye gods, think of the picture, and then imagine the husbands and sons of Canada fighting against the Hun bullets in France and Flanders, suffering the severest hardships of the war, and day after day in large numbers paying the supreme sacrifice for their patriotism and loyalty to the British Empire. Would that we might have the power for twenty-four hours to say what should be done with these indolent and luxurious guests of the nation. If that could be, every one of them who is fit for doing his bit for the increased production of Canada would be performing an honest day's work in the garden or in the field. Such treatment to the alien enemy in our own country while our boys are being butchered by the Huns, or working in their mines and fields under the supervision of Simon Legrees, who strike with the club or the butt of the gun and give the order afterward, is a policy that is arousing throughout Canada a feeling of extreme condemnation.

SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.
Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.
Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.
Where pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homestead; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes, areas exceeding 500 acres may be leased by one person or company.
PRE-EMPTORS' FREE GRANTS ACT.
The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.
