**MEMORIAL SERVICE FOR MRS. S. H. HALEY**

Yesterday afternoon in the Chapel of the B. C. Undertakers, the funeral service for the late Mrs. Sallie H. Haley was held, the Rev. Bishop Du Vernet officiating. Many friends of the deceased lady were present, and a large number of floral offerings as a last tribute to her memory were received by Mr. and Mrs. Hays. Being held high in the esteem of her wide circle of friends, the loss of Mrs. Haley will be known by many. During the course of the service, a solo was sung by Mrs. Munro.

Mr. and Mrs. Hays wish to express their keenest appreciation for the loving thought and kind attentions given them in their bereavement, and gratefully acknowledge flowers from the following friends:

Mrs. Bailey, Miss Patmore, Mrs. McMullen, Christian Science Society, Mr. H. F. McLeod, Tsimplian Lodge No. 58 A.F. & A.M., Harry B. Rochester, Kaien Chapter No. 178 R.A.M., Mr. and Mrs. de Gex, Mrs. W. D. Tippens, Mr. and Mrs. Fred Clements, Mr. and Mrs. F. W. Hart, Mr. and Mrs. E. H. Mortimer, Mr. and Mrs. F. W. Doherty, Mrs. H. S. Parker, Mrs. C. Emberton, Mrs. J. C. McLennan, Mr. and Mrs. F. Peters, Dr. and Mrs. Eggert, Mr. and Mrs. G. J. Frizzell, Mr. and Mrs. Frank Dowling, Mr. and Mrs. Stanley Parker, Mr. and Mrs. F. H. Mobley, Bishop and Mrs. Du Vernet, Mr. and Mrs. J. H. McLeod, Mr. and Mrs. Geo. H. Arnold, Mr. and Mrs. J. Fred Ritchie, Judge and Mrs. F. McB. Young, Mr. and Mrs. Cyril T. Orme, Mr. and Mrs. A. Carss, Mr. and Mrs. Geo. A. Bryant, Mrs. Morte H. Craig, Silversides Bros., Dr. and Mrs. W. T. Kergin, and Mr. and Mrs. J. T. Phelan.

The casket was sent east to Hannibal, Missouri, by today's train, where burial will take place with relatives. Mr. and Mrs. Hays will accompany the remains as far as Winnipeg.

The special meeting of the Trades and Labor Council called for this evening has been postponed, and will await the call of the president.

Passengers arriving in town this morning from Vancouver tell of the parade of the postal staff there on Wednesday, after a settlement had been made. There was a great procession through the streets, everyone seeming happy that the trouble had been adjusted. There were brass bands, and great banners were carried telling the citizens "You'll get your mail tomorrow."

A little boy appeared in the police office this morning to answer for his misdoing. He wanted so badly to have a runabout, with a steering wheel like an automobile, only worked by string. So he found a baby buggy on Wednesday with wheels just about the size he required. Thinking possibly that the owners had no further use for the baby carriage, seeing it was left outside their house, he annexed it, and used the wheels for his runabout. He will have to fix up the buggy again, though, and the Magistrate will see that he does it.

The steamer this morning brought up the first of the Vancouver mail since the strike. She left Vancouver on Wednesday night, immediately after work was resumed and there was not very much ready. The next steamer ought to bring a bigger load.

H. H. Carney, of Alice Arm, has been appointed special provincial police officer there. This is a new appointment for Alice Arm, being the first time a provincial officer has been stationed there. The camp there is growing fast, there being many hundred miners in the district. This number will gradually increase, too, as development proceeds, and more mines begin to ship.

**TO PREPARE PLANS FOR DEVELOPMENT IN ATLIN COUNTRY**

District and Mining Engineers to Make a Tour to See What is Most Needed.

"I am leaving on Monday for the North," said Frank Mobley, M.P.P., this morning, "and A. L. Carruthers, the Provincial Government District Engineer, and Geo. Clothier, the mining engineer, will come along too. In fact, it's they who are going, and I am going along with them. We are going in to see the possibilities and potentialities of this country, from an engineering point of view. There are certain developments required there, and an appropriation was made for this district by the Government last session. We will go to Juneau first, and from thence to Haynes. We will also visit Porcupine, Tagish and Atlin. I expect the engineers will be away for about a month, although I shall be up in that country for another month."

The United States Government is making certain improvements in the direction of the boundary, and it is expected that the Provincial Government will make a start with the work of connecting up with the new outlet. There will be a gap of a hundred and forty-three miles to surmount.

Mr. Mobley is naturally very much interested in the development of his own constituency, which is the real northern British Columbia, and a glance at the map will show that large portions of it are still in a virgin state, being practically unexplored. The means of communication are few and travel is hard at present. With the opening of new routes, and the improvement of the old ones only will the possibilities of this great land be realized. Its wealth, both real and potential, is vast and is only waiting for the settler to come in and grasp it.

**WILL SEVER RELATIONS**

London, August 2.—Germany is about to sever diplomatic relations with Ukraine preliminary to taking vengeance for the assassination of von Echor.

**JUST CAMOUFLAGE**

Considering the occupation of many of the people of Prince Rupert and the surrounding country, it is wonderful how few fish stories are told here.

It is no wonder the postmen struck. They have been in such close contact with knockers that the wonder is they did not get the bug earlier.

"Some chicken!" remarked the customer at a local restaurant as he wrestled with the bone of an ancient biped and glanced up at the pretty girl in front.

It was a "through passenger" with a blue band on his arm who when asked how he was injured at the front explained: "You see, little one, I was leaning up against the barrage when it suddenly lifted and I fell into a trench."

The Spanish court has gone into mourning for the late Nicholas Romanoff. Possibly there may not be any Spanish court to mourn over Bill the Baby Killer when his time comes.
