

FRIENDS THOUGHT HE WOULD DIE

"FRUIT-A-TIVES" Conquered Dyspepsia and Restored His Health.

MR. ROBERT NEWTON.

Little Bras d'Or, C. B.
"I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches, and did not sleep well at night. I lost so much weight—going from 185 pounds to 146 pounds—that I became alarmed and saw several doctors who, however, did me no good. Finally, a friend told me to try 'Fruit-a-tives'. In a week, there was improvement. The constipation was corrected; and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous". ROBERT NEWTON.

SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.
Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.
Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements or respective claims.
Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.
Where pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.
Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.
Pre-emptor holding Crown Grant may record another pre-emption, if he resides in it in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.
Unsurveyed areas, not exceeding 20 acres, may be leased as homestead, title to be obtained after fulfilling residential and improvement conditions.
For grazing and industrial purposes, areas exceeding 500 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.
The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, to formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSHIP PROPERTY ALLOTMENT ACT.
Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of all or part of the land, if divisible, the payments already made will be in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.
For information apply to any Provincial Government Agent or to

TRAIL SMELTER ORE SHIPMENTS

In point of tonnage for ore received at the Trail smelter the year 1917 and 1918 are running neck and neck—each year for the seven expired months showing a few tons over 200,000. The actual figures are 200,237 tons received in seven months for 1917 and 200,145 received for the same period in 1918. Last year was supposed to be one of the most prosperous years in Trail, while at present business is just running along normally, as indicated by the ore tonnage receipts, the barometer which really counts in Trail.

July for this year shows an increase in ore and concentrates received here of nearly 3,000 tons over June, and ore from a number of mines has been coming in quite steadily all this month. With general conditions more settled, it would appear that this gradual increase should continue from this on. Of course, the totals would have been much larger had the Rossland gold-copper mines continued shipping this year as usual.

Appended are figures, by months, for each month of 1917 and 1918, being of interest for comparative purposes:

	1917	1918
January	36,570	27,404
February	40,967	33,989
March	42,949	41,725
April	25,909	37,029
May	15,969	21,162
June	17,129	17,958
July	20,744	20,874
Totals	200,237	200,145

SIR SAM HUGHES IS SUBJECT OF CHARGES

A copyright story printed in the Vancouver Daily Province gives an account of charges which have been made in London by the Daily Chronicle against Sir Sam Hughes, Major-General Garnet Hughes and Grant Morden of the Prudential Trust Co. The charge is of manipulating funds in connection with the British Cellulose Co. The Chronicle alleges that the Company obtained unfair assistance and concessions from the War Office and from the Ministry of Munitions. The Government has promised to inquire into the whole question.
