

# BEDRIDDEN WITH RHEUMATISM

Felt That He Would Never Walk Again "FRUIT-A-TIVES" Brought Relief.

MR. LORENZO LEDUC

3 Ottawa St., Hull, P.Q.  
"Fruit-a-tives" is certainly a wonder. For a year, I suffered with *Rheumatism*; being forced to stay in bed for five months. I tried all kinds of medicine but without getting better; and thought I would never be able to walk again.  
"One day while lying in bed, I read about 'Fruit-a-tives' the great fruit medicine; and it seemed just what I needed, so I decided to try it.  
The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me.  
I have every confidence in 'Fruit-a-tives' and strongly recommend them to every sufferer from Rheumatism".

### ECHO FROM MASSET

The following is an extract from a letter by W. N. Giegerich written from Masset to the B. C. Agricultural Journal and published in the last issue:  
"Perhaps you would like to know that there are a couple of silos in use on Graham Island, one of them in use since 1912. Mr. Walsh, of Tlell, put up one in that year to handle his wild grass from off his tide-flats. We sometimes have considerable rain during the haying season, and he built it to handle such hay as might otherwise prove a loss. The grass growing on his flats is wild red-top or the ordinary salt-grass growing on tidal lands, and it made palatable silage, anyway. Don't imagine he has ever considered having it analysed. His flats are not dyked and he could grow no other silage crop anyway. He no doubt found the silo a satisfactory investment, for he got the second one a couple of years later. They are stave silos, and, I think, about 18 x 30. He doesn't keep dairy cattle only milks sufficient for family use by the silo, which assures him of just that much more feed for wintering his range stock."

### SMILING GEO. WALSH AT WESTHOLME TONIGHT

George Walsh is to be at the Westholme tonight. This athlete and actor is a general favorite wherever he is shown. His films have plenty of life in them.  
In the new production, "This is the Life," in which "Smiling George," the athletic William Fox star plays the leading role, there is a perfectly appointed dental office in one of the scenes. Miss Wanda Petit, who plays opposite him had one scene in a dentist's chair.  
"Now, imagine that you are having your teeth drilled, and give us some real action," said the director to Miss Petit.  
And Miss Petit did give some real action. The man who played the part of the dentist started the drilling machine going, and in the excitement of the action, began to drill one of Miss Petit's good teeth. The rest can be imagined.

### PRISTOL BAY PACK

Salmon fishing in Bristol Bay waters for the season is over and the pack of the canneries is estimated at approximately the same as last year, 1,000,000 cases, according to advices received by F. M. Warren, president of the Association.  
Ice conditions in Bering Sea delayed the arrival of the cannery fleet last spring and operations started later than usual. In view of this fact, Mr. Warren said the size of the season's pack was regarded as highly satisfactory.

Plarmigan Returning: That the long absent plarmigan are returning to their old haunts, and are appearing in ever increasing numbers is the report brought to various mining camps by prospectors and travellers, says the Valdez Miner. They are reported to be gradually making their way towards the coast. Large numbers of chicks are seen in the hills and the present warm dry season promises a good crop—Alaska Empire.

# Keep up the Food Supply and Help Make Victory Sure

"I AM assured that my people will respond to every call necessary to the success of our cause—with the same indomitable ardour and devotion that have filled me with pride and gratitude since the war began."  
HIS MAJESTY KING GEORGE

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unfailing flow of food to England and France must be maintained.

This is National Service—  
Not to the Farmer only—  
But to YOU—to everybody—  
This appeal is directed

WE must unite as a Nation to SERVE—to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

EVERY pound of FOOD raised, helps reduce the cost of living and adds to the Food Supply for Overseas.

PLANT a garden—small or large. Utilize your own back yard. Cultivate the vacant lots. Make them all yield food.  
WOMEN of towns can find no better or more important outlet for their energies than in cultivating a vegetable garden.

Be patriotic in act as well as in thought.  
Use every means available—  
Overlook nothing.
