### WAR VETERANS UP IN ARMS REGARDING A NAVAL APPOINTMENT

The Great War Veterans' Association held a special meeting a few days ago in Victoria to consider statements which had been laid before the regular meeting as to the methods by which a naval rating had been filled by political favor.

Chief Writer Miller stated that a vacancy as assistant paymaster having occurred in the naval service, the position had been awarded to a Mr. McFarlane, for some years in the employ of the C. P. R., over the heads of two men already in the service, one of them a returned soldier, both of whom were endorsed for the position by Capt. Martin, R. N., in communications to Ottawa.

The members were informed that the appointment was made on the recommendation of J. C. McIntosh, and was only put into effect after Capt. Martin received peremptory commands from Ottawa.

A committee composed of Commodore Berry, Williamson, Tail, Mee and Fogg was appointed to look into the matter and report at the next general meeting, which Mr. McIntosh will be invited to attend and present his side of the question.

## The Housekeeper is Right

Sometimes a housekeeper requires a quick leavening agent, and finds she has no baking powder.

What does she do?

She raises her biscuit by a mixture of cream of tartar and soda, or soda and sour milk. She may not get the proportions quite right, but she knows her food is safe. But does she ever use a mixture of alum and soda? Was there ever a housekeeper who bought alum and soda to make a home made baking powder? Intuitively she feels it would be unsafe.

Then why use baking powder made from alum or the same mixture that the housekeeper would not dare to mix and use in her food?

Alum is alum, whether bought in the drug store or in baking powder.

# Dr. PRICE'S CREAM BAKING POWDER

is made from pure cream of tartar and contains no alum, lime or phosphate. There is absolute safety in its use.
