I was a terrible sufferer from Dyspepsia—had suffered for years; and nothing I took did me any good. I read about 'Fruit-a-tives'; and tried them. After taking a few boxes, I am now entirely well. You have my permission to publish this letter, as I hope it will persuade other sufferers from Dyspepsia to take 'Fruit-a-tives' and get well!"

"WOLVES OF THE RAIL"

Five-part Melodrama at Westholme Theatre Tonight Starring Wm. Hart.

Who was it said that melodrama had gone out of fashion? That's what a true son of the land of the long horn would call "the wrong steer." The healthy mind, regardless of age, will always respond to its red-blooded life, its jump and ginger and strong spice of play-acting which we all love, its unpolished but vigorous romance will remain a part of screen fiction so long as human nature continues to be human. "Wolves of the Rail," a five-part Artercraft picture starring William S. Hart, which is to be at the Westholme tonight, is a melodrama of the genuine ride fast, shoot quick, fight hard, and die game kind. Contempt of danger is the first article in the creed of all properly minded folk in this class of romance, but the second article beats it for sound, common sense: "Take darn good care of your trigger finger." Both of these laws are given practical application all through "Wolves of the Rail," and train "hold-ups," fights for two and fights for a dozen, a heroine who risks her life for the man she loves, and the triumph of virtue and beauty are all to be found in this same photoplay.

THE TRANSFIGURATION OF MESOPOTAMIA

Tremendous Changes Wrought in Bagdad Since the British Occupation Makes the Ancient Town Live.

Mr. Edmund Candler, the representative of the British press with the Expeditionary Force in Mesopotamia, describing the transformation which has been effected in the life of Bagdad, says:—"Things are alive. There are hotels—one excellent one—clubs, canteens, a morning paper, innumerable restaurants which outvie one another in their British names, employing a homely or patriotic nomenclature as a bait for the soldier—The Hyde Park Restaurant, The Union Jack, London, English, Empire, British, Prince of Wales, and Trocadero. There are cricket, football, or hockey matches every day. There is the soldiers' club next door to the open-air theatre, which has been built by the R. E., where touring parties with a sprinkling of professionals in most of them come in from various fronts to give entertainments."

The city is now a bustling hive of humanity, lighted by electricity with a police force and a fire brigade, schools, and all the characteristics of a well-administered city; and the municipality pays its way.

ARCHBISHOP FAVORS UNION OF CHURCHES

Toronto, Sept. 13.—The men will have nothing to do with any church which formulates religion in terms of division. These words were contained in a letter from a chaplain at the front and they gave the Most Reverend Archbishop Matheson, Primate of the Church of England in Canada, a text for a forceful appeal for church union at the opening address at the meeting of the General Synod of the Church now in session.

"What are we of the Church of England going to do about this?" he asked. "I plead that as a church we do something really tangible and practical."
Among those present at the synod meeting are Bishop Du Vernet and Rev. Canon Rix of Prince Rupert.

SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.
Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.
Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.
Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.
Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.
Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his land, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.
Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.
For grazing and industrial purposes, areas exceeding 40 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.
The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSHIP PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchase from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

Keep up the Food Supply and Help Make Victory Sure

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unfailing flow of food to England and France must be maintained.

This is National Service—
Not to the Farmer only—
But to YOU—to everybody—
This appeal is directed

WE must unite as a Nation to SERVE—to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

EVERY pound of FOOD raised helps reduce the cost of living and adds to the Food Supply for Overseas.

Two Questions

With so many low-priced so-called anti-skids obtainable, would that great host of motorists pay more for Dunlop "Traction" Tread if they could get its merits elsewhere?

Also, would that other large list of car owners buy "SPECIAL" if tires which somewhat resemble it in appearance resembled it in efficiency?
