C. Harrison of Masset Gets Word That His Son is Doing Well in an English Hospital.

C. Harrison, customs officer, justice of the peace and well known resident of Masset, received word a few days ago from his son, Pte. P. C. Harrison, who has been having a splendid time in the Balham Infirmary in England where he is enjoying the delights of clean sheets, pleasant companionship and rest after the strenuous days of fighting.

Pte. Harrison enlisted right at the beginning of the war, going overseas with the 47th from New Westminster. He was wounded in the ear with shrapnel and spent nine months in hospitals in France and then went back to the front. This time has had a shrapnel wound in the left arm, but Mr. Harrison thinks it cannot be very serious because he is having such a good time. He expects to return again to the trenches when he has fully recovered.

Build up the Mighty National Force

FOR fifty years the Teuton peoples have been trained, disciplined, whipped, into servile cogs of an implacable military machine, by which is maintained the Prussian doctrine of might, and the Kaiser's autocracy. The Teutons deny themselves, they make sacrifices, because they are trained or forced to do so, but they do it.

The peoples of the Allied nations must make great sacrifices and tremendous efforts in order to defeat the enemies of freedom, but because they are free peoples it is left largely to the individual to say what or how much self-denial each will practice.

So if freedom is to prevail individuals must make voluntary sacrifices which in the aggregate will be greater than the forced sacrifices of the enemies of freedom.

The measure of your love of freedom is your willingness to deny yourself so that the strength of the nation for war effort will be increased.

This self-denial must take the form of money-saving-thrift. Each person knows in what way he or she may save.

The national need says you must save, but free Canada leaves it to you to say by what means and to what extent you will save.

★ ★ ★ ★

Now, it is for you, each of us, everyone of us, to say how much patriotic endeavor, how much loyal sacrifice we will make by saving our money, by "doing without" so that each day will see a surplus to add to our own and the nation's strength. No matter how small the surplus it is important because each saving is an effort made, and many small individual efforts make the mighty national force.
