

TORTURED BY RHEUMATISM

"FRUIT-A-TIVES" Brought Quick and Permanent Relief

MR. P. H. MCHUGH

103 Church Street, Montreal.
December 10th, 1917.

"I was a great sufferer from Rheumatism for over 16 years. I consulted specialists, took medicines, used lotions; but nothing did me good. Then, I began to use 'Fruit-a-tives'; and in 15 days, the pain was easier and the Rheumatism was better. Gradually, 'Fruit-a-tives' overcame my Rheumatism; and now, for five years, I have had no return of the trouble. Also, I had severe Eczema and Constipation, and 'Fruit-a-tives' relieved me of these complaints; and gave me a good appetite; and in every way restored me to health." P. H. MCHUGH.

50c. a box, 6 for \$2.50, trial size 25c. At dealers or sent post paid on receipt of price by Fruit-a-tives Limited, Ottawa, Ont.

ALDERMAN CASEY IS WANTING TO KNOW

Series of Questions Posted on Board to Which He Expects Answers at Council Meeting Tonight.

Alderman Casey is again in the limelight with a series of questions which have been posted on the notice board and to which he has asked written answers at the council meeting tonight. The questions are addressed to the Superintendent of Utilities and are as follows:

1.—Why in the initial installation was a transmission line only capable of transmitting half the generating capacity of the plant installed for about the same money plus additional cost in copper.

2.—Why did Mr. Duncan inform the council that the Emerson power contract could not be fulfilled or what he then believed to be a 40 transmission line, when according to Mr. Anderson's advice, both the city and sawmill load could be delivered on a 20 line.

3.—Is it correct that Mr. Duncan requested the manager of the sawmill company to defer operation until the new transmission line was installed?

4.—Why did Mr. Duncan refuse promotion to an efficient workman in the telephone department after two years' service and make a wire inspector of a school boy after one year's service in the light department?

5.—Why did Mr. Duncan ignore Mr. Anderson during the installation of release valve on pipe line; and why was it that no provision was made for Mr. Anderson at the lake during the installation and testing out of release valve and adjustment of governor?

6.—What is Mr. Duncan's opinion of release valve and other adjustments directed by Mr. Anderson?

7.—Why did Mr. Duncan discharge Mr. Waddell after his faithful and efficient service to the department and employ Mr. Black when in previous years an unlicensed engineer or electrical operator filled the bill in the absence of Mr. Lamby?

8.—Why were the cedar poles in the woods adjacent to the transmission line not used in the initial installation of the pole line, instead of imported material?

Queen Charlotte Islanders cannot do better than mail their printing needs to The News Print Shop and get the work done promptly and well.

INDIAN WEDDING

On Friday afternoon at 2 o'clock there was a very pretty wedding in the Methodist church, when two of the young native people were joined in wedlock by Rev. W. S. A. Crux, B. A., pastor of the church.

The groom was Alex. Angus of Greenville and the bride Miss Flora Alexee of Port Simpson.

The young couple were supported by Stephen Hakside and Miss Hester V. Nelson. The bride was beautifully gowned and carried a large bouquet of roses.

After the ceremony the whole company were taken in motors to the Central Hotel, where a wedding dinner was partaken of and congratulations were extended by the father of the bride, Chief G. Legare, Chief Mark Tait, Rev. William Pierce and W. S. A. Crux.

The young couple leave for their home in Greenville on the Naas river on Saturday, carrying with them the best wishes of their numerous friends.

Hardly Excusable Even in a Child

IF a child were to enter one of our aeroplane factories and interrupt a workman with a request to have a kite made—the workman would smile indulgently—and proceed with his aeroplane.

You yourself would condemn the man if he stopped his vital war work to build a toy.

Condemn yourself, then, if you employ labor and material to make such goods as cater only to your self indulgence.

Every time you buy a thing you do not need, you interfere with Canada's war work.

Every dollar you spend on goods not strictly necessary, is a dollar—not merely wasted—but used to employ labor on things that have nothing to do with our efforts to win the fight for freedom.

Too many of us, in Canada, are flying the "luxury kite." Too much of the time of Canadian workmen is being purchased by us to make the things that are for show and pleasure. Too great a quantity of material that our soldiers could effectively use against the foe, goes into the

making of superfluous things for us, whom they are so valiantly defending.

Stop the reckless spending.

Stop acting like children. This war we are fighting calls for men and the brains of men. If you cannot fight—at least do not interrupt the war-work by buying the things you merely want and do not need.

The money you have been spending wastefully—with no result—but to divert labor from war-essentials—will make a worth-while sum.

Use that money to build up a fund, that you can lend your Country, when your Country calls.

Published under the authority of the Minister of Finance of Canada.

Two Questions

With so many low-priced so-called anti-skids obtainable, would that great host of motorists pay more for Dunlop "Traction" Tread if they could get its merits elsewhere?

Also, would that other large list of car owners buy — "SPECIAL" — if tires which somewhat resemble it in appearance resembled it in efficiency?
