TO RUN HIGH CLASS CABARET IN RUPERT

Tommy Burns Who Has Leased the Empress Proposes to Make Great Improvements There.

Tommy Burns has leased the Empress and proposes opening it as a high-class cabaret in about two weeks' time. He has gone south but if he can secure leave of absence will return about the first of the month and will take a month off while he gets things going.

The plan Burns has in mind is to bring back with him from Vancouver about seven high-class entertainers and to change them from time to time. He expects to make it a place where men can take their wives and to eliminate altogether any undesirable elements. Discussing the scheme, Mr. Burns said before leaving that there was to be no rough stuff at his place. Some people had an idea that a cabaret could not be run right in this place, but he was sure that his record in the fight game and in connection with sports would warrant him in saying that he would run a high-class establishment.

Those who are interested in sport will be glad to know that Burns is coming here to reside as it means that he will take an interest in all sorts of games and will be a continuous booster for the city. While he will not reside here permanently for some time to come, yet he will have an interest here and will eventually make this his home town.

SMITHERS

A policy of development has been commenced in connection with the lands in this district held by F. N. Rattenbury of Victoria. As a result inquiries are pouring in and it is expected that a good many settlers will come into the district as a result.

Work on the new station is proceeding satisfactorily. Several new men are at work on it and before winter the building should be complete.

A number of Smithers people were up to Prince Rupert for the fair. Among them were Miss Mainie Gray and Mrs. H. Fotherby.

Andrew Oberg has arrived in Smithers and proposes to take up land here.

G. A. Rosenthal has returned here from the Hazelton Hospital where he underwent an operation a month ago.

R. G. Barrett, who for two years has managed the R. S. Sargent store here, has left for his home in Portland, Oregon.

TO every home there comes a time when every thought, every hope, every prayer for the future centres on the recovery of one loved one. In that hour of anguish, every means to recovery is sought—the highest medical skill, trained nurses, costly treatment. Does the price matter?

* * * *

It may be so great as to stagger the imagination—a sum beyond the possible.

But does anyone ask, "Can we do it?" Money or no money, they do it. And somehow they pay.

It may mean doing without things they think they need. It may mean privations, sacrifices, hardships. They make unbelievable savings, they achieve the impossible, but they get the money to pay.

* * * *

To-day in this critical period of our nationhood, there is imperative need for MONEY—vast sums of money. Only one way now remains to obtain it.

The nation must save, every community, every family, every individual Canadian must save.
