

A CRIPPLE FOR THREE YEARS

Helpless In Bed With Rheumatism Until He Took "FRUIT-A-TIVES".

MR. ALEXANDER MUNRO

R.R. No. 1, Lorne, Ont.
"For over three years, I was confined to bed with Rheumatism. During that time, I had treatment from a number of doctors, and tried nearly everything I saw advertised to cure Rheumatism, without receiving any benefit.

Finally, I decided to try 'Fruit-a-tives'. Before I had used half a box, I noticed an improvement; the pain was not so severe, and the swelling started to go down.

I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place".

TOWN OF GRANBY IS ON VANCOUVER ISLAND

It is no longer, to speak of Anyox as Granby, for another town of Granby has come into being at Cassidy's Siding on Vancouver Island, where the Granby Company own a coal mine.

Within an inconceivably short space of time the new town of Granby, near Cassidy's Siding, has sprung into being, and its permanency is assured from the character of the buildings erected and the care taken in laying out the townsite. Everything has been done with due regard to the requirements of the future population, and no doubt in time Granby will become one of the model towns of Vancouver Island. Granby is connected with Ladysmith by an auto line, cars making the trips at stated hours several times a day. A water system has been completed, which will afford an ample supply for the present and future requirements of the population. Just now preparations are being made for the installation of an electric lighting system, the poles being on the ground ready to be erected.

The company has completed an air shaft preparatory to installing the permanent air fan. Owing to the scarcity of skilled labor, the tippie building is not progressing as fast as it would otherwise have done but it will be completed before long.

ANYOX

Mrs. H. Speight, wife of our popular Chief Electrician, has gone south for a holiday before returning to the copper city for the winter.

Messrs. Clemo & Fyfe have returned from a hunting trip in the Naas country. They report game plentiful but wild. Probably the shooting was a little wild also, which would account for the smallness of the bags obtained.

The Methodist and Presbyterian ladies are experts at cooking and many mere men took the opportunity to test their skill in the culinary art by having lunch at the bazaar held on Wednesday in the United Church. One well known gentleman was observed purchasing mysterious garments at the fancy goods stall. The affair was a decided success and the church will benefit by an amount in the neighborhood of \$250.00.

Anyox citizens returning from Prince Rupert are unanimous in stating that the fair was a splendid success. They speak well of the hospitality afforded and one and all seem to have had a good time.

The ball team had a little surprise sprung on them, but they are wiser now and next year a different tale may be told.

The "Wayward Girl" has returned home in safety, but is ready to turn loose at any time should her ability to run wild be questioned.

TO every home there comes a time when every thought, every hope, every prayer for the future centres on the recovery of one loved one. In that hour of anguish, every means to recovery is sought—the highest medical skill, trained nurses, costly treatment. Does the price matter?

* * * * *

It may be so great as to stagger the imagination—a sum beyond the possible.

But does anyone ask, "Can we do it?" Money or no money, they do it. And somehow they pay.

It may mean doing without things they think they need. It may mean privations, sacrifices, hardships. They make unbelievable savings, they achieve the impossible, but they get the money to pay.

* * * * *

To-day in this critical period of our nationhood, there is imperative need for MONEY—vast sums of money. Only one way now remains to obtain it.

The nation must save, every community, every family, every individual Canadian must save.

Published under the Authority of
The Minister of Finance
of Canada

If anyone says "I cannot save" let him consider to what extent he would pinch himself to relieve the sufferings of a loved one at home; and surely he would not pinch less for our fighting brothers in France.

Without suffering actual privations, nearly every family in Canada can reduce its standard of living, can practice reasonable thrift, can make cheerful sacrifice to enrich the life-blood of the nation.

You who read this, get out pencil and paper NOW. Set down the items of your living expense. Surely you will find some items there you can do without.

Determine to do without them.

Start TO-DAY. Save your money so that you may be in a position to lend it to your country in its time of need.
