## WONDERFUL PICTURES ARE COMING HERE

Fine Set of Colored Slides Chosen From All Best on Coast for Exhibition in New York.

Frank B. Riley was at Edmonton yesterday where he showed his wonderful collection of pictures. They are among the finest that have ever been seen on this coast and to see them is worth a great deal.

That they are to be shown under the auspices of the Daughters of the Empire in this city is an added inducement for people to attend. The exhibition will be held in the Empress Theatre on Thursday evening commencing at 8 o'clock.

The Northwest Tourist Association under whom the pictures are being sent, was established last year for the purpose of advertising the beauties of the Pacific Northwest and inducing people to come here instead of visiting other countries. So far its work has been very successful.

The pictures are the choice bits in all this big territory. They are beautifully colored and have been chosen for exhibition in New York and other eastern cities.

## NET FISHING IN THE INTERIOR LAKES

Arrangements Have Been Made For Fishing With Nets in The Big Lakes of the Interior.

The new order further provides that "in the Fort George, Omineca and Cariboo districts, trout and charr weighing not less than one-half pound dressed, may be sold, except during the months of March and April of each year, until one year after the termination of the war."

The former order opened only the waters of Stuart, Fraser, Francois and Babine lakes to net fishing for the capture of white fish, charr and lake fish only. The numerous other lakes in the Fort George and Omineca districts, though extensive and teeming with fish, were not opened. Now all the lakes in those districts, that are not less than four miles in length, are opened, and sturgeon may be netted in Babine, Fraser, Stuart and Francois lakes.

### News in Brief

The Anxox Cabaret Club is preparing to give an entertainment at Anxox on Halloween and it is possible that they may be induced to come to Prince Rupert and give their entertainment here. All the best musical talent of the town has been enlisted in this company of artists and it is said that when they show they will be a surprise. If they come to Prince Rupert it will probably be under the auspices of the Red Cross, to which all the funds will go.

There is a big exodus from the north this year. Wages are so high in the shipyards and other industries on the coast that the residents of Dawson and Alaskan points are trekking to a warmer climate where they can work all the year round and get good wages. Every boat south carries numbers of workmen who have been in the habit of staying in for the winter but who this year are migrating south.

The Provincial Government has issued an order making it illegal to move hives of bees from one locality to another without permission from the Department of Agriculture. There has to be an inspection before the hives are moved. This action is taken to prevent the spread of foul brood, the one bad disease from which bees suffer.

There is a movement on among the lumber mills of the south to induce the Government to help them market the rough lumber, as this is accumulating to such an extent that it is a serious drain on the finances of the millmen.

Another employee of the Grand Trunk Pacific coast service has been wounded. This time it is Pte. E. R. Hill who was formerly an engineer on the Prince George. He is known here because of his frequent visits on the steamer. His home is in Victoria.

Queen Charlotte Islanders cannot do better than mail their printing needs to The News Print Shop and get the work done promptly and well.

### WATER NOTICE

USE AND STORAGE

TAKE NOTICE that The Granby Consolidated Mining, Smelting and Power Co., Ltd., whose address is Anxox, British Columbia, will apply for a licence to take and use six second feet and to store 3,500 acre feet of water out of Isaac Creek which flows southerly and drains into Iskut reservoir about 1.4 mile southeast of the northeast corner of Lot 1533. The storage dam will be located at the natural outlet of Carney Lake. The capacity of the reservoir to be created is about 3500 acre feet, and it will flood about 350 acres of land. The water will be diverted from the stream at a point about 1.3 mile northeast of the northeast corner of Lot 1533, and will be used for miscellaneous purposes upon the land described as Lot 893.

This notice was posted on the ground on the 17th day of July, 1918. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B. C.

Objections to the application may be filed with the said Water recorder or with the Commissioner of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

"The food crisis is grave and urgent beyond the possibility of exaggeration."—Sir Robert Borden

## Help To Feed Yourself

Are you only a "destroyer of rations" when you might be a food producer?

Every pound of food that can be grown in Canada and made available for export, will be desperately needed by those who are bearing the brunt of the fighting and the suffering.

The amount of food produced this year will be absolutely limited by the extent to which people in cities and towns become food producers—there is no other labor reserve.

### WHERE DO YOU BELONG?

#### On the Farm?

Thousands of men are urgently needed on farms in this province to make possible increased production of food. Those who could go and yet hold back, should not forget that, unless production is greatly increased, hundreds of thousands of people will die of starvation.

#### In the War Garden?

By growing vegetables in home gardens or on vacant lots, and thus helping to feed themselves, city and town people can leave the farmers free to grow more food for export. All that is produced in this way is gain and a net addition to the national food supply.

War Garden service is not sufficient for the man whose rightful place is on the farm. But the War Garden does offer an opportunity for tens of thousands of people, whose circumstances oblige them to remain in the city, to have at least a small part as food producers. Interest the boys and girls in the War Garden, for they too can help to grow food.

If there is a garden or vacant lot movement in your community associate yourself with it. If no organization exists, do what you can to interest your neighbours in the War Garden campaign.

Write to your Provincial Department of Agriculture for additional information.
