WONT HAVE HUN PEACE UNITED STATES SENATE AND BRITISH SOLDIERS ARE OF SAME MIND

GERMANY'S PEACE OFFER SPURNED BY UNITED STATES SENATE AFTER A DEBATE LASTING TWO HOURS

Declared to be Insidious Attack by Leaders of All Parties; British Soldiers Demand Victory Before Peace; German Populace Become Excited and Declare for Peace.

(Special to The News via G. T. P. Telegraphs.)

Washington, October 8.—Germany's peace offer was peremptorily spurned in the Senate in a spirited discussion of the latest enemy proposals. Senators participating in a two-hours' debate declared it an insidious attack and voiced the common demand for its immediate rejection, inveighing especially against a proposal for an armistice. Speakers were unanimous in declaring a military victory must be had. Senator Hitchcock of Nebraska, chairman of the Senate Foreign Relations Committee, Republican Leader Lodge of Massachusetts, ranking Minority Leader of the Committee, Senators Poindexter of Washington, Cumber of North Dakota, Pittman of Nevada, Ashurst and Smith of Arizona, Nelson of Minnesota and Reed of Missouri were among the speakers representing both political parties.

With the British Army in France, October 8.—Soldiers of the allied armies want peace, but no peace except a completely victorious one. This was the opinion expressed by officers and men alike. Victory first, then peace, declare French civilians who have returned to their shell wrecked homes in Northern France when the subject of an armistice is discussed.

London, October 8.—The Lokal Anzeiger, Berlin, counsels rejection of President Wilson's points as to separating Alsace-Lorraine from Germany, incorporating Prussian Poland and independent Poland. The Fatherland party opposes the peace offer of Prince Maximilian.

Amsterdam, October 8.—Excited crowds in the streets of Berlin yesterday evening tore from vendors the special editions of newspapers containing the speech of Prince Maximilian, the new Chancellor. Everywhere shouts of "Peace has come," "Peace at last," were heard.

ELEVEN FINED FOR NOT HAVING PAPERS

Austrian and German Charged
With Failing to Report;
Others are Dismissed
By Magistrate.

Yesterday when the police court sat at 2 p. m. there were eighteen military and alien cases for the consideration of the magistrate. Of the men rounded up by the military police for being without the necessary papers to prove their origin, nine were fined \$10 each and costs, two were fined \$5 each and costs, two were dismissed and one adjourned; while yet two were remanded for medical examination. They were all foreigners, and did not have either naturalization papers, certificate of birth, or of their country of origin. The city police also brought up one Austrian and a German subject, who were charged with failing to report.

NO SECONDER

After bringing what he considered to be satisfactory evidence to show that the answers of the superintendent of public utilities to a series of questions submitted by him recently were not only evasive but untrue, Alderman Casey last night moved that the official should be asked for his resignation. There was no seconder to the motion, which was allowed to drop.

Alderman Casey admitted that he had been misinformed on one matter but claimed that in the others he was right and two letters were read to prove his contention. The other members of the Council, however, did not seem to take the matter seriously.

DECLINE OF GERMAN MAN POWER MAKES NECESSARY SHORTENING OF HUN LINES

(Special to The News via G. T. P. Telegraphs.)

London, October 8.—The shortening of the German lines is being made necessary by the decline in man power of the enemy. On every hand there are indications that the Huns are at last beginning to consider the conservation of their men.

Washington, October 8.—Evacuation of the Belgian ports of Zeebrugge and Bruges, which it now appears certain the German leaders have decided upon, will not affect materially the submarine situation whatever its military result ashore may be. This is the judgment of both American and allied officials.

LIQUOR CASE AGAIN ADJOURNED FOR WEEK

Claim Made By Witness That the
Liquor was in House Since
Pre-Prohibition Days.

The case of Elsie Carr, charged with keeping liquor for sale was heard before Magistrate Carss this morning in the police court and adjourned until Tuesday next.

Frank McCoy, witness for the defence, was put on the witness stand. He testified to being the husband of Elsie Carr, and had been in the hotel business in Edmonton. It was his intention of coming to Prince Rupert and, knowing that prohibition was coming on, he asked his friend, one named Cordele, to put in a stock of whisky for him. This was in 1917, and this liquor is the whisky in question. The presumption of the city solicitor was that this was a strange story, and he put it up to the magistrate.

"We are always hearing new ones," remarked Magistrate Carss. City Solicitor Peters was accusing the witness of breaking the prohibition law insofar as he kept liquor in another person's house, which question was objected to by counsel for the defence, L. W. Patmore. "You can't convict a man out of his own mouth," he objected, and claimed the protection of the Court, for any statement witness might make.

Adjournment was asked by Mr. Peters, so that the previous tenant of the house might be called to rebut the evidence as to the liquor being stored in this particular house behind the post office since 1917.

"This witness is not the accused in this case," pointed out Mr. Patmore. "The charge is against the woman. It was not her whisky. She has already been fined for taking the liquor out of the house. She did not keep the whisky. Wherein has she broken the law?" he asked.

The case, however, was adjourned until Tuesday next, awaiting the return of the witness from Vancouver.

LOSS OF BEYROUT IS SERIOUS BLOW

London, October 8.—The Turks have suffered a serious blow in the loss to the French of Beyrouth, the capital of the Vilayet of Syria. The occupation of this seaport on the Mediterranean by a French naval division gives the Allies a base for the landing of men, who can operate in all directions against the Turks over roads radiating from it.

SPANISH INFLUENZA SPREAD VERY RAPIDLY

Hundreds of Deaths Have Occurred
From Malady; Only a
Few Cases in West.

(Special via G. T. P. Telegraphs.)

Toronto, October 8.—Varying reports from the towns and cities in Eastern Canada regarding the epidemic of Spanish influenza make it impossible to estimate accurately the number of victims that have been claimed since the malady became general little more than a week ago. Since that time it has spread with remarkable rapidity, and while all precautionary measures have been taken by medical health officers, it is safe to say that there have been hundreds of deaths, while the number of cases requiring medical attention number many thousands.

There are only a few cases in the west.

FISH ARRIVALS

The fish arrivals today included the Allen with 10,000 lbs. of halibut; Lillian S., 3,000, and the Peggy with 1,000 lbs of salmon.

At the meeting of the City Council last night Alderman Kirkpatrick drew attention to the condition of the city jail where no provision was made for accommodation for women. She said that the Grand Jury had recommended that quarters for women be provided, but so far nothing had been done. She characterized the present condition as a disgrace to the Board of Works, and hoped the place would never be needed for women for it would be a disgrace to put them there.

With the British Forces in France, October 8.—British troops in the Lille sector and in Beaulieu district are reported to have made further slight advances, but these were mainly in the nature of line-straightening operations. have captured Berry-au-Bac. Gas Boat Belonging to the Atlin
Fisheries Company Ran
Ashore and is Now
on Beach.

Word has been received in town of the wrecking of the gas boat Zorra, which belongs to the Atlin Fisheries, Ltd., of this city. This vessel, which has run from Prince Rupert for a long while, was engaged in carrying salmon from the fishing boats and ran ashore at Eleven Mile Point, near Masset, on the Queen Charlotte Islands. The crew were able to get the boat off and beached her elsewhere. They have salvaged everything on board.

From the scanty information received so far, it is unknown whether the boat will be able to be salvaged or not.
