

# KEEPING ECZEMA SOON RELIEVED

## Perfect Treatment For This Distressing Complaint

WAKING, ONT.  
I had an attack of Weeping eczema; so bad that my clothes would be wet through at times. For four months, I suffered terribly. I could get no relief until I tried Fruit-a-lives and 'Sootha Salva'. The first treatment gave me relief. Altogether, I have used three boxes of 'Sootha Salva' and two of 'Fruit-a-lives', and am entirely well!"  
G. W. HALL.

With these sterling remedies are available by dealers at 50c. a box, 6 for \$3.00, or sent on receipt of price by Fruit-a-lives Limited, Ottawa. 'Fruit-a-lives' is also put up in a size which sells for 25c.

### PRINCE RUPERT Present and Future.

To the Editor: As a stranger to your new city will you allow me a small space to congratulate the citizens on the location and wonderful progress made during the past few years and prospects of great developments in the near future.

The location already partially built upon possesses splendid natural features for the development of commerce in all its various branches.

The question of housing is one that I have heard discussed here and I think that Prince Rupert is well situated to overcome that problem, perhaps, in a more efficient manner than most Canadian cities.

Timber or lumber structures always considered to be more or less of a temporary nature and as Prince Rupert is surrounded with good timber and many saw mills perhaps the citizens may take full advantage of that fact for additional housing, conserving and using the timber in an artistic manner corresponding to the rustic and natural beauties of the available building sites.

With solid log corner posts, log slabs prepared for siding, the small timber used for wall heads, verandahs, balconies and railings, also for the trimmings of doors and windows to obtain rustic designs, by the use and application of the small timber a very pleasing effect can be obtained and the houses made warm and substantial, the insides finished with composition boards ready made to fix if the plastering is too expensive and labor scarce. Following the principles and construction used by our forefathers, it is not necessary to use any

### NOTICE OF CANCELLATION OF RESERVE

NOTICE is hereby given that the reserve existing on certain portions of Lots Two hundred and five (205) and Two hundred and eight (208) Range Three (3) Coast District, surveyed and known as Lots Eleven hundred and fifty-nine (1159), Eleven hundred and sixty-one (1161) and Eleven hundred and sixty-two (1162) by reason of a notice appearing in the British Columbia Gazette of 27th December, 1907, is cancelled for sale purposes.

DATED at Victoria, British Columbia, this 10th day of September, A. D. 1918.

## BRIEF TELEGRAMS

Alexander Guichkoff, former Russian Minister of War and leader of the Octoberist party, has been murdered by robbers.

The British Cellulose Company which figured considerably in public discussions in Great Britain and which has been under investigation, is planning to establish a large plant in Canada. Sir Sam Hughes is interested in the company.

The Premier of Saskatchewan is calling for 2,000 harvest hands to help complete the work in the fields in that province.

## GERMANS MARCHING BACK

Berlin, October 7.—German troops which have been fighting in the ranks of the Bulgarian army have been withdrawn and now are marching back to their headquarters, says the official statement issued by German General Army Headquarters.

Now that the road to the mill is completed the Prince Rupert Lumber Company is ready to deliver lumber to the local trade. Orders may be placed with Albert & McCaffery.

sheet iron at the wall-heads and roof valleys as lumber has been and can be used for roofing purposes without metals.

When the time arrives for the erection of fireproof buildings suitable rock is lying on the ground waiting to be crushed and mixed with cement for concrete and some of the intelligent prospectors may locate a deposit of clay or dog mud in a dry river bed or elsewhere suitable for the manufacture of Portland cement and deposits of clay may also be found near the city suitable for brick-making and ornamental terracotta, to finish the outside of ornamental buildings.

As the city develops, I picture in my mind the sloping lands on the northwest side of the harbor occupied by high-class buildings among the trees, rising terrace above terrace, with hotels and promenades on the waterfront, floating piers to rise and fall with the tide and numerous ferry steamers plying across the harbor, passenger elevators and good stairs near the landing stages, to take the passengers up to a level corresponding to the principal streets of the present city.

As a natural development, the railway passenger platforms will be covered and a covered way to the grand railway hotel that may be erected in the near future.

## SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$15 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where a claimant in occupation not less than 5 years and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificates of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or proportionate improvements may result in forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$15 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the allotment from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

For information apply to any Provincial Government Agent or to

# The money is yours!

You have earned it.  
But—

Will you use it for Canada or against Canada? Will you save your money and help to shorten the War? Or will you buy what you want, go wherever your pleasure dictates, dress as well or better than you always have dressed, indulge such whims as you can afford?

## You must choose

The money is your own to do as you like with. But when you buy what you do not need—urgently need—your money actually works against Canada. For, it represents precious materials and labor, both of which are absolutely essential to the army. Your money uselessly spent delays all-important war work—merely for your self-indulgence.

You would not, knowingly, stop the progress of Canada's war efforts. You would not prolong the war. You would not let your money work for Germany. But

it is possible that unwittingly you are doing this very thing.

Remember Canada's need.

Let not Canada's sacrifice go for naught.

Thrift, self-denial, patriotic privation, give us who stay at home the glorious privilege of a share in the great struggle for human freedom.

Save your money for Canada, and for Canada's fighting men.

Save your money to bring nearer that day we all long for—the Victorious end of the War.

Minister of Finance of Canada

## Two Questions

With so many low-priced so-called anti-skids obtainable, would that great host of motorists pay more for Dunlop "Traction" Tread if they could get its merits elsewhere?

Also, would that other large list of car owners buy "SPECIAL" if tires which somewhat resemble it in appearance resembled it in efficiency?
