

JOHN KYLE IS HERE TO TRY TO ORGANIZE CITY NIGHT SCHOOLS

Head of Technical Education Department of Provincial Government Gets Work Started at Anyox.

To establish night schools in Prince Rupert for those who wish to improve their time is the object of the visit of John Kyle, the organizer of the Province of British Columbia. He is working on the matter today and will meet the school board before he leaves and discuss the matter with them.

Mr. Kyle has just returned from a tour of the coast where he found the people very enthusiastic. He arranged a number of classes. The head engineer, Mr. Agnour, will teach electricity; Mr. Duffy, formerly of Prince Rupert, will have a class in accounting, and Principal Dunbar, of the public school, and Mr. Nuttall will take

care of the English and arithmetic.

Mr. Kyle suggests that there should be classes here for foreigners who wish to learn English, also classes in engineering, in typewriting and stenography, mechanical drawing, arithmetic and mensuration, and in English for those who wish to continue their public school course. Other classes may be started if there should be groups of people wish it.

Mr. Kyle is very enthusiastic in regard to the desirability of starting these classes as he says there are so many young men who might spend their evenings profitably.

E. M. Hayes, of Victoria, arrived here yesterday from the south.

GREAT WORK OF THE RED CROSS IS CLEARLY SHOWN

Officers for Coming Year Elected
At Annual Meeting Last Night
and Reports Read and Adopted.

The third annual meeting of the Red Cross Society was held last night in the Court House, Judge Young presiding.

In his address the president spoke of the good work which had been done, chiefly by the ladies of the community who had worked very hard. The magnificent sum of \$15,835 had been raised, while the total expenses were \$115. This was double the amount raised last year, yet it did not include the cost of sphagnum moss, which was valued commercially at about \$2,000, nor the work done by the women's committee. Letters had been received expressing thanks for the moss and telling of the good quality and the good condition in which it had arrived. Among these was a letter from Professor Thompson of Toronto, who said that the moss was equally as good as that secured in the east and cleaner. He thanked the people here for their splendid service.

Judge Young said that during the past four years there had been dark days but that they had done their best then to assist. Hopeful reports led them to believe now that the war was near its end, but the Germans were not beaten yet by any means. They still held a good deal of our territory and even when driven across the Rhine they were not necessarily beaten. He advised that the greatest effort should be the last punch and he hoped to see the amount raised in the coming year reach \$25,000.

Mrs. Woodland read the treasurer's report, Mr. Conway the report from the Seal Cove branch, Mrs. McIntosh that of the Prisoners of War, and Mrs. Dawson the report of the committee on supplies. In the last mentioned it was shown that an immense lot of work had been done by the women of the city.

The following officers were then elected:

Hon. President, Mayor McClymont.

President, Judge Young.

Vice-President, Mrs. McIntosh.

Secretary, Herbert Young.

Treasurer, Mrs. Woodland.

Auditor, Mr. McLagan.

Executive Committee: Mrs. W. Orchard, Mrs. Peters, Mrs. P. W. Anderson, Mrs. Fred Dawson, Mrs. Starr, Mrs. Spencer, Mrs. C. Michael, Mrs. Jennings, Mrs. Hoffman, Mrs. Besner, Mrs. Jarvis McLeod, and Mrs. Poole.

Votes of thanks to the officers of last year and to the press concluded the business.

NAVIGABLE WATERS PROTECTION ACT
R. S. C. Chap. 115.

The Georgetown Saw Mill Company, Limited, hereby gives notice that it has under section 7 of the said Act deposited with the Minister of Public Works at Ottawa and in the office of the District Registrar of the Prince Rupert Land Registry District a description of the site and a plan of wharf proposed to be built on Lot 6 of Block "E" Prince Rupert Township, as shown on Plan 923 filed in the Land Registry Office.

And take notice that after the expiration of one month from the date of the first publication of this notice The Georgetown Saw Mill Company, Limited, will under section 7 of the said Act apply to the Minister of Public Works, at his office in the city of Ottawa, for approval of the said site and plan and for leave to construct the said wharf.

Dated at Prince Rupert this 19th day of September, 1918.

THE GEORGETOWN SAW MILL COMPANY, LIMITED.

NOTICE TO MARINERS

The official notices to mariners announce that the Tlevak Narrows buoy is reported adrift; that a light has been established on Le Messurier Island flashing white every ten seconds; that a light has been established at Wyndham Bay Narrows; that the Cape Spencer light reported not burning, has been relighted; that the North Point buoy has been replaced; that the Cape St. Elias gas, whistling and submarine buoy which was reported out of commission will be relighted as soon as possible.

Bob Brown the veteran ball player, arrived in the city yesterday en route to Moresby Island to organize the island for the Victory Loan campaign. Another Victory Loan organizer was R. Maitland of Vancouver, who is to do similar work at Graham Island. These islands are being organized distinct from Prince Rupert and it is expected that they will contribute very largely to the funds which are needed to continue the war.

"The food crisis is grave and urgent beyond the possibility of exaggeration."—Sir Robert Borden

Help To Feed Yourself

Are you only a "destroyer of rations" when you might be a food producer?

Every pound of food that can be grown in Canada and made available for export, will be desperately needed by those who are bearing the brunt of the fighting and the suffering.

The amount of food produced this year will be absolutely limited by the extent to which people in cities and towns become food producers—there is no other labor reserve.

WHERE DO YOU BELONG?

On the Farm?

Thousands of men are urgently needed on farms in this province to make possible increased production of food. Those who could go and yet hold back, should not forget that, unless production is greatly increased, hundreds of thousands of people will die of starvation.

In the War Garden?

By growing vegetables in home gardens or on vacant lots, and thus helping to feed themselves, city and town people can leave the farmers free to grow more food for export. All that is produced in this way is gain and a net addition to the national food supply.

War Garden service is not sufficient for the man whose rightful place is on the farm. But the War Garden does offer an opportunity for tens of thousands of people, whose circumstances oblige them to remain in the city, to have at least a small part as food producers. Interest the boys and girls in the War Garden, for they too can help to grow food. If there is a garden or vacant lot movement in your community associate yourself with it. If no organization exists, do what you can to interest your neighbours in the War Garden campaign.

Write to your Provincial Department of Agriculture for additional information.
