

NO MORE KIDNEY TROUBLE

Since He Commenced to Take "Fruit-a-tives"

78 LEX AVE., OTTAWA, ONT.
"Three years ago, I began to feel run-down and tired, and suffered very much from Liver and Kidney Trouble. Having read of 'Fruit-a-tives', I thought I would try them. The result was surprising."

"I have not had an hour's sickness since I commenced using 'Fruit-a-tives', and I know now what I have not known for a good many years—that is, the blessing of a healthy body and clear thinking brain."

BURNS IS WILLING TO BACK HIS REPUTATION

Tex Foster, the man who was expected to have boxed with Tommy Burns here, but who was replaced at the last minute by Tex. Bracken, has offered to wager that Burns cannot put him out in four rounds.

When seen here in regard to the challenge, Burns said that he had offered to put both Bracken and Foster out in six rounds and he stood by that offer and was willing to put \$1,000 to \$500 on his chances.

Tommy expects to remain in town another week or perhaps more before returning to Hastings Park Military Camp where he is engaged training the soldiers in the boxing game.

CAPTAIN ROSS IS WOUNDED AGAIN

William Ross, M. L. A., former minister of lands for British Columbia, and now resident in Vancouver, has been officially notified that his son, Capt. William Cameron Ross, M. C., of the 72nd Highlanders, had been wounded and admitted to a French hospital. The meagre information was that the young soldier was wounded on September 20, and admitted to hospital with a gunshot wound in the chest. The parents have cabled for more detailed information. Mr. Ross has two sons in the same regiment, the other is Lieut. Herbert Ross. Both have now been wounded twice.

SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only. Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emption, with joint residence, but each making necessary improvements on respective claims.

Pre-emption must occupy claim for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes, areas exceeding 40 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT. The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSITE PROPERTY ALLOTMENT ACT. Provision is made for the grant to persons holding uncompleted agreements to purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell, are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

For information apply to any Provincial Government Agent or to G. R. NADEN, Deputy Minister of Lands, Victoria, B. C.

Suggested Co-Operation in Prince Rupert.

Sir:—Your report of the demand for property at the recent tax sale shows that the citizens have great and, I think, well-placed hopes for the future development of this young and growing city and will you allow me to ask three questions?—

1. Would it not benefit the city and surrounding district if a Co-operative Association, Ltd., was formed for wooden ship building?

2. To supply the demand for dwelling houses at reasonable rents, is it advisable to form a co-operative building association to erect modern tenements and terrace houses, etc., with large rooms, good light and ventilation, on some of the splendid available building sites that are standing vacant?

3. Why not form a Prince Rupert Association of Science and Arts, at low membership fees, open to men and women for the discussion of all matters affecting the health and well-being of the citizens and the artistic appearance of the city?

A new association of this kind could be based on the constitution of the Edinburgh Association of Science and Arts, of which the writer is a life member and took an active part in its work for many years and found that the prizes, medals and diplomas for papers of merit were the means of bringing forward some splendid ideas.

In connection with all co-operative associations it has been found that the shares should not be too high priced and, therefore, placed within the reach of all citizens.

If a building association was formed on the co-operative principle and the stock well taken up, long-period loans can be obtained at a low rate of interest and reduce the rents to a great extent and become one of the greatest factors towards the development of the city, the health and comfort of the people and a great encouragement to workmen to locate in Prince Rupert with their families. — B. W.

The money is yours!

You have earned it.
But—

Will you use it for Canada or against Canada? Will you save your money and help to shorten the War? Or will you buy what you want, go wherever your pleasure dictates, dress as well or better than you always have dressed, indulge such whims as you can afford?

You must choose

The money is your own to do as you like with. But when you buy what you do not need—urgently need—your money actually works against Canada. For, it represents precious materials and labor, both of which are absolutely essential to the army. Your money uselessly spent delays all-important war work—merely for your self-indulgence.

You would not, knowingly, stop the progress of Canada's war efforts. You would not prolong the war. You would not let your money work for Germany. But

it is possible that unwittingly you are doing this very thing.

Remember Canada's need.

Let not Canada's sacrifice go for naught.

Thrift, self-denial, patriotic privation, give us who stay at home the glorious privilege of a share in the great struggle for human freedom.

Save your money for Canada, and for Canada's fighting men.

Save your money to bring nearer that day we all long for—the Victorious end of the War.

Two Questions

With so many low-priced so-called anti-skids obtainable, would that great host of motorists pay more for Dunlop "Traction" Tread if they could get its merits elsewhere?

Also, would that other large list of car owners buy "SPECIAL" if tires which somewhat resemble it in appearance resembled it in efficiency?
