DAILY EDITION.  Saturday, Oct. 12, 1918.

Osaka Shosen Kaisha Are Increasing Fleet.

The Osaka Shosen Kaisha, the Japanese company that had a representative here recently to look over the ground with a view to establishing a line of steamers between Prince Rupert and the Orient, has laid down five new ships in Japanese yards which it is announced will ply on the north Pacific. These it is understood will be put on the run between Japan and Seattle with calls at Victoria, and will release some of the smaller ships for other routes.

Naturally the smaller vessels are the ones which will initiate the service with this port, no matter what company undertakes it. The business must commence in a small way and work up. That has been the history with practically all ports. It will be a great day for Prince Rupert when the first of a regular line of steamers draws into the dock and ties up.

Are Men in Woods Too Well Fed?

The editor of the Pacific Coast Lumberman is much perturbed because the men in the lumber camps live too well. They have better food than the average city dweller ever thinks of eating. What is not taken into consideration is the fact that the men in the lumber camps work very hard, exposed to the winds and weather. They need better food than the city dwellers. At the same time there is no reason for waste and a strict scrutiny should be made to see that this does not occur. Plenty of good food is necessary for a life in the woods.

Record of Canadians Is Envyable One.

The record of the Canadians in the big fight on the western front is one to be proud of. Often in the past there have been people living in Canada who were inclined to look down on the Canadian and make light remarks about him. Today there is no name in the world that stands higher. He has proved himself a fighter of the very best kind, brave and resourceful. The record published yesterday of the work of the men during the last two months is one that stands out prominently. It is no wonder that Sir Arthur Currie is proud of his men and of the work they are doing.

Hoover Busy in Alaskan Ports.

The business premises of M. S. Bloch at Ketchikan was closed recently by order of the American Food Controller because he had purchased fish at a price higher than allowed by the controller. He held his license from the controller but he did not keep its provisions. Complaints were made of the way in which he was doing business and the closing is the result. Hoover is no joke like some of the food controllers of whom we have heard.

Much Cause for Thanksgiving.

As a nation we have great cause to be thankful that at last the war is going in our favor. Day after day we hear of the victories of our troops and only yesterday were able to publish the recent record of Canadians in the field. That they have borne themselves like men is a matter for thanksgiving. That they did so in the hour of adversity was even more matter for rejoicing. There are still many fine lives to be lost, but we must be thankful that the men are able and willing to die for the cause they consider just. A short life and a glorious one is much to be preferred to that of the recreant who thinks only of his own ease and comfort. Let us thank God for our men that they are real men.

METHODIST WOMEN ARE NOT EQUALS

Hamilton, Ont., Oct. 11.—Women have been placed on an equality with men as laymen of the Methodist Church, but the proposal that they be accepted as probationers and ordained ministers has been shelved by the General Conference after a red hot debate.

WRIGLEY'S

It's the great war-time sweetmeat.

- the benefit, the pleasure, the economy of a 5c package of WRIGLEY'S
- has made it the favorite "sweet ration" of the Allied armies.
- send it to your friend at the front:
- it's the handiest, longest-lasting refreshment he can carry.

THREE KINDS

Keep up the Food Supply and Help Make Victory Sure

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unflinching flow of food to England and France must be maintained.

"I AM assured that my people will respond to every call necessary to the success of our cause—with the same indomitable ardour and devotion that have filled me with pride and gratitude since the war began."
His Majesty King George

**This is National Service—
Not to the Farmer only—
But to YOU—to everybody—
This appeal is directed**

WE must unite as a Nation to **SERVE**—to **SAVE** and to **PRODUCE**. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

PLANT a garden—small or large. Utilize your own back yard. Cultivate the vacant lots. Make them all yield food.

EVERY pound of **FOOD** raised, helps reduce the cost of living and adds to the Food Supply for Overseas.

WOMEN of towns can find no better or more important outlet for their energies than in cultivating a vegetable garden.

Be patriotic in act as well as in thought.

*Use every means available—
Overlook nothing.*
