DE VALERA-M'DONALD PARLEY FAILS

FARMERS' GATHERING IS SNUBBED BY PREMIER BENNETT

British Premier and Irish President Fail To Reach Agreement

Frustrated Question of Land Annuities is Still Unsettled—Tariffs Are Now in Effect and Trade is at Standstill—Free State to Retaliate

LONDON, July 16:—President Eamonn de Valera of the Irish Free State and Premier J. Ramsay MacDonald failed to reach an agreement yesterday after several hours of conference on the subject of land annuities which the Free State has refused to continue paying to the British government. De Valera has returned to Dublin.

Criticizes Premier

Miss Agnes MacPhail M.P. who charges Bennett with political bungling.

British special tariff duties are being levied on Free State imports as a retaliatory measure for the suspension of annuity payments and trade is at a standstill. A retaliatory tariff being set up by the Free State will go to the Senate on Monday.

HONORED IN RETIREMENT

Presentation to William Anderson on Leaving Malkin Co. Service

William Anderson, who is retiring from the service of W. H. Malkin Co. Ltd. here, was met by his fellow workers yesterday afternoon and presented with a handsome companion set of smoker's pipes. In making the presentation, H. E. DeWolf, manager of the Prince Rupert branch of the company, conveyed the good wishes of Mr. Anderson's co-workers and their hope for his improved health and happiness in his retirement. Mr. Anderson replied feelingly, expressing his deep appreciation for the gift and expression of good wishes. Mr. Anderson has served for 12 years in the local warehouse, being transferred from Kelly-Douglas Co. to F. G. Dawson Co. and then to the W. H. Malkin Co. Ltd.

English Interests Looking Into Possibility of Using This Port More Extensively

Looking over the Port of Prince Rupert for the purpose of investigating its possible use to a much greater extent than at present for other exports and imports besides wheat, representatives of one of the largest marketing organizations in the world were in the city today, arriving from the south on the Prince Robert and leaving this afternoon on the train. They were A. H. Hobley, T. Smailes and A. Pickup, directors of the Co-operative Wholesale Society of Manchester, England, the charterers of the grain ship Fresno City which left this port recently with a big cargo of wheat for United Kingdom points. They are touring Canada and conceived the idea that Prince Rupert might be used by them more extensively than at present for other shipments besides grain. Mr. Hobley is in charge of the grain department, Mr. Smailes of groceries and Mr. Pickup of textiles. While in the city the party were the guests of the Alberta Wheat Pool, with whom they do business, and the Pool representative, L. H. Haworth with Mayor Orme, showed them around the city and gave them all available data in regard to its commercial facilities and possibilities.

WINNER OF BIG PRIZE

Company Sergeant Major Bayly of England Takes Trophy at Bisley Shoot

BISLEY CAMP, Eng., July 16:—Company Sergeant Major Bayly of England today won the King's Prize, blue riband of the annual Bisley shoot, with 289 out of a possible 300. Capt. J. W. Holden of Sherbrooke, Que., led the Canadians with 285. Yesterday Capt. Holden was the winner in a shoot-off with Sergeant Alec Parnell of Verdun, Que., for top score in the second stage, the two having been tied the day previous.

DELEGATES TO MEETING

Chamber of Commerce Probably May Be Represented By Vice-President

Considerable interest was taken yesterday by the council of the Chamber of Commerce in the forthcoming meeting of the Associated Boards of Trade of Northern British Columbia at Fort Fraser. The president, Ald. J. H. Pillsbury, announced that he would be unable to attend but that he hoped the vice-president, T. H. Johnson, might do so and also W. H. Tobey and several others. The meeting was a very important one and it was the wish of the chamber to be well represented. The difficulty was that business people in the city found it difficult to leave this year. Mr. Johnson said he would go if he could possibly make arrangements and he promised to notify the president of his intention today.

Japanese Is Dismissed In Intimidation Case

Crown witnesses being unable to identify accused, M. Murata, Japanese, was dismissed this morning on a charge of intimidation in connection with cutting of nets during the recent fishermen's strike on the Skeena River. Inspector John MacDonald prosecuted and L. W. Patmore appeared for the defence.

Halibut Landings

Canadian Signal, 26,000, Atlin and Cold Storage, 4c and 2.6c.

WEATHER REPORT

Dead Tree Point—Overcast, light southeast wind; barometer, 30.04; temperature, 55; sea moderate. Triple Island—Clear, light southerly wind; sea moderate.

VANCOUVER WHEAT

VANCOUVER, July 16:—Wheat was quoted at 50 3/4c on the local exchange today.

With a good-sized list of passengers including quite a number of round trip tourists, C.N.R. ss. Prince Robert, Capt. H. E. Neiden, arrived in port at 10 o'clock this morning from Vancouver and Ocean Falls and will sail at 3 o'clock this afternoon for Skagway and other Alaskan points whence she will return here next Wednesday morning southbound.

Woodmen's Festival Queen

Well—what do you think? Officials of Longview, Wash., Woodmen's festival weren't sure Charlotte Beang could hold down the job as queen of the fete. So Charlotte up and did her stuff.

Attorney General Refuses to Allow Brewery in Prince Rupert Because Too Many Already in the Province

At the meeting of the council of the Chamber of Commerce yesterday afternoon a letter was read from Hon. R. H. Pooley, attorney general, in which he says the government will not consent to recommend the issuing of a brewery license to Prince Rupert. The communication elicited some strong comment. It was suggested that Prince Rupert should refuse to accept the verdict of the attorney general and should demand the right to establish an industry in the north if it so wished. A committee consisting of M. P. McCaffery, Mayor C. H. Orme and W. O. Fulton was appointed to deal further with the matter. In his letter to the chamber Mr. Pooley said: "With reference to the establishment of a brewery in the city of Prince Rupert, I may say we have been approached on such matters on many occasions by different interests for different localities but, on account of the fact that the province is over-stocked with breweries at present—some of which are shut down—the government has not seen its way to consent." It was pointed out at the meeting that the brewery licenses were issued by the Ottawa government but it had been the custom to grant them only on recommendation of the attorney general of B.C. Mayor Orme said that the former attorney general had taken the same view as Mr. Pooley but the minister of public works had expressed himself as personally favoring the right to build a brewery here if people were willing to put their money into it. Paul Armour said there was a person in the city yesterday who had expressed himself as being willing to invest his money in a brewery in Prince Rupert if he could get a license. M. P. McCaffery spoke strongly of the right of any person to be allowed to go into business if he so wished. There were too many in business in every line but that was not considered a good reason why no one else should be allowed to start. He thought it was something the people here should not submit to. This was a free country and any person

Burglary Hearings Adjourned For Week

On appearing before Magistrate McClymont in city police court yesterday afternoon for preliminary trial on burglary charges in connection with a number of recent breaking and entering incidents in and around the city, William Nick Fishuk and Samuel Olsen were both remanded for eight days.

Grain Commission Chairman Coming

E. R. Ramsay Expects to Be in Prince Rupert Shortly

The Chamber of Commerce has been notified that E. B. Ramsay, chairman of the Grain Board, will visit Prince Rupert following the sitting in Vancouver on July 21. He will take up with the chamber the disposal of the grain elevator in this city.

The council of the Chamber of Commerce yesterday, by resolution, thanked R. G. Johnston, manager of Inverness Cannery, Paul Armour, manager of the Pacific Salvage Co., those who loaned cars, and the ladies and others who gave their services in connection with the entertainment of the British touring party which was in the city recently.

Prime Minister Tells Agriculturalists He Cannot Address Them

Did Not Have Time For Even Ten Minute Speech—Ministers Also "Busy"—Miss McPhail Calls it "Major Blunder"

OTTAWA, July 16:—Shouts and jeers greeted an announcement by N. E. Lindsay to the farmers' army gathered here today that Prime Minister Bennett had declined to come and address the gathering. Lindsay, who is a director of the United Farmers' Co-operative Co., had been on a committee to arrange for the Prime Minister to come to the meeting.

"The Prime Minister has made some political blunders but possibly this is a major one," asserted Miss Agnes MacPhail M.P. from the platform. Mr. Lindsay informed the meeting that he had told Mr. Bennett that the meeting, four thousand strong, was honestly trying to find a solution for the problems of the farmers. The Prime Minister had replied that his time was fully taken up and he did not think it practicable to meet a delegation. He had asked for only ten minutes, continued Mr. Lindsay, but Mr. Bennett stated that he had an appointment with Lord Rothermere which had been arranged weeks ago by telegram.

PROSPECTS VERY GOOD

Outlook is Still For Large Crop on Prairies This Year

WINNIPEG, July 16:—Prospects of a good crop throughout Western Canada seem assured according to the weekly crop report of the agricultural department, Canadian National Railways. Weather during the past week has been satisfactory with many local showers. No serious setbacks are recorded and all grains are making excellent progress. A good hay crop is now being cut and wheat cutting in Manitoba will commence within two weeks. In Manitoba the wheat crop is well advanced with stands heavy and color good. Coarse grains in some districts are not filled so well but there will be a fair crop. Grasshoppers are still active at some points but it is difficult to estimate the damage from this source. Even with the damage done, prospects are for a better than average crop. In the Regina division of Saskatchewan weather has been mostly warm with local showers. About eighty percent to ninety percent of wheat is headed out and making good progress. Hay is reported in the Central Butte subdivision but the damage is confined to a small area. In the Saskatoon division some damage is reported from grasshoppers but crops generally look exceptionally well. Pastures and gardens are in good shape. In the Prince Albert division crop conditions continue good. Excessive moisture is reported from the Arbrofield and Chelan subdivisions which is likely to cause considerable damage as water cannot be drained away. Warm weather is required to bring grains along although all grains are considered ahead of any previous year with prospects for better than average crop. In Southern Alberta weather has been generally cool with light scattered showers in some districts. No damage is reported from any source. Pasture land is in excellent condition. In Central Alberta all crops are progressing rapidly. Hail on Saturday last caused slight damage at some points.

Hay Being Cut

Local Gyro Club Has Visit From District Governor—Cruise and Beach Party Enjoyed

Matters pertaining to the Gyro organization were discussed by James L. Barr of Yakima, district governor of the Gyro Club, at a luncheon tendered in his honor by the local Gyro Club in the Commodore Cafe yesterday afternoon. Mr. Barr, who is a pharmacist at Yakima, made a plea for as substantial representation as possible by the local club at the international convention to be held in San Francisco next month and the district convention at Yakima in September. William Cruickshank, president of the local club, was in the chair. Last evening, Mr. and Mrs. Barr, with local Gyros and their wives and friends, enjoyed a cruise around the harbor on Dr. L. W. Kergin's power cruiser Aledor, supper being provided on the outing. Mr. and Mrs. Barr are sailing by the Princess Charlotte this afternoon on their return south.

JIM BARR IS HEARD

THERMOMETER RISES TO 119 IN CHICAGO
CHICAGO, July 16:—Chicago had its hottest weather of the summer yesterday when the thermometer ascended to 119 in the sun. Twelve persons were and scores prostrated. The reported dead from the heat death list so far in the present heat wave is placed at 27.

Rain in Peace River

In the Peace River territory heavy rains have been experienced during the past week and crops at most points are reported as being well advanced although still more rain and warm weather is required. A very limited number of good cattle have come forward to local markets. Prices for the better grades are a shade stronger.
