**You Never Know What A Man Will Do**

Mrs. Williams has been using Pacific Milk for cooking a long, long time. Her husband got to using it in his morning coffee, so they never buy fresh milk any more.

The other evening Mrs. W. bought some fresh cream to give him a treat (as she thought) with his porridge and to use with his coffee.

However, Mr. Williams didn't see it that way and when he discovered it was a different cream in the pitcher, he asked for the same as he'd been getting every morning—couldn't drink his coffee with the other "stuff."

## WHALING STATIONS ARE BEING CLOSED

Catch at Naden Harbor is 110 and the Total Kill of the Company is 978.

The whaling season is about over and the station at Naden Harbor is being closed. The catch at that point this year up to a week ago was 110.

All records since the big season of 1911 have been lowered by the whale "kill" this year. Since the beginning of the 1918 season nearly one thousand whales have been taken by the combined fleets controlled by the Consolidated Whaling Corporation, Ltd., with William Schupp, of Toronto, as president; W. A. Lawson, vice-president, and S. C. Ruck, general manager. The operating headquarters of the concern are at Victoria. The big merger, as previously announced, also takes in the American-Pacific Whaling Company, and the North Pacific Sea Products Company. The British Columbia whaling stations are located at Kyuquot, Rose Harbor and Naden Harbor, the other stations being at Bay City, Wash., and at Akutan, Alaska.

**How Stations Stand.**  
The combined catch of these whaling stations for the season to date, announced at the company's headquarters, is as follows: Kyuquot, 245; Rose Harbor, 140; Naden Harbor, 110; Bay City, 183; Akutan, 300; total, 978. As the whaling operations will continue until the latter part of the present month, should good weather continue, there is a healthy prospect of the 1,000 mark being exceeded.

Kyuquot is the big British Columbia station with 245 mammals but this splendid catch has been overshadowed by the remarkable kill at Akutan, in the far flung Aleutians.

**Bound for Akutan.**  
The Consolidated Whaling Corporation has chartered the steamer Redwood of the American-Pacific Fisheries, to make a voyage to Akutan. By the time the Redwood reaches Akutan the Aleutian station will have closed down for the winter. The station crew will go south on the Redwood, which will also carry a full cargo of whale oil.

**Unpopular.**  
An unpopular officer, in the British army one night slipped into some deep water and a private who happened to see the accident pulled him out. The officer was very profuse in his thanks and asked his rescuer how he could reward him.

"The very best way you can reward me," replied the private, "is to say nothing about it."

"Why, my good fellow," asked the astonished superior, "do you really mean you wish me to say nothing about it?"

"Ay! If the other fellows knew I pulled you out they'd chuck me in," was the frank response.

## ALICE ARM

Some of the Prince Rupert stockholders in the North Star property were being shown over the property during the week end by M. P. Olsen and John McAleenan. Recent development work on these claims has disclosed ore very similar to the best showings on the Dolly Varden property.

The first snow fell on the mountains during the past week and some of the claims near the crest are covered with a light fall.

Excellent showings on the United Metals property seems, in the opinion of D. J. Hancock, the local manager, to justify winter shipments over the Illiance trail by dog team from the mines to tidewater, and the experiment may be tried.

After a heavy season's packing along the upper end of the D. V. M. railroad W. J. Crawford has brought down his string of pack animals for wintering.

The spruce gotten out during the past three or four months by loggers along the upper stretches of the Alice Arm channel is being boomed for towing below by the Munitions Board.

The annual election of officers for the local Red Cross branch was held Friday, October 4, resulting as follows: President, Mrs. W. W. Falconer; Vice-president, Mrs. M. J. Condon; Secretary, H. F. Gordon; Asst. Secretary, Miss Leeson; Treasurer, Mrs. H. Carney; Chief of Supplies, Mrs. M. J. Condon.

## DUNLOP TIRES

## Two Questions

With so many low-priced so-called anti-skids obtainable, would that great host of motorists pay more for Dunlop "Traction" Tread if they could get its merits elsewhere?

Also, would that other large list of car owners buy "SPECIAL" if tires which somewhat resemble it in appearance resembled it in efficiency?
