You Never Know What A Man Will Do

Mrs. Williams has been using Pacific Milk for cooking a long, long time. Her husband got to using it in his morning coffee so they never buy fresh milk any more.

The other evening Mrs. W bought some fresh cream to give him a treat (as she thought) with his porridge and to use with his coffee.

However, Mr. Williams didn't see it that way and when he discovered it was a different cream in the pitcher, he asked for the same as he'd been getting every morning—couldn't drink his coffee with the other "stuff."

SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.
Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.
Partnership pre-emptions abolished, but parties can no more than they may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.
Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.
Where a pre-emptor in occupation not less than two years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.
Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.
Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.
Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.
For grazing and industrial purposes, areas exceeding 40 acres may be leased by one person or company.
PRE-EMPTORS' FREE GRANTS ACT.
The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.
TOWNSITE PROPERTY ALLOTMENT ACT.
Provision is made for the grant to persons holding Incomplete Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment of land. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due to the Crown or to any municipality. The rights of persons to whom the purchase from the Crown has been agreed to are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments will be town lots and lands of the Crown sold as public auction.
For information apply to any Provincial Government Agent or to
G. R. NADEN,
Deputy Minister of Lands,
Victoria, B. C.

Just Camouflage

From the man who wants to raise a victory loan for himself, may the Lord deliver us.

The epigram "In the midst of life we are in debt" will be more true than ever after the Spanish epidemic has passed.

After the Mayor's circular was delivered, a worthy citizen got down a bottle of eighteen-dollar Dobell's solution and tried to gargle but he swallowed the whole bottleful in the attempt. The next circular must give instructions how to gargle without swallowing.

The reason almost all the chaffeurs in town are down with the flu is ascribed to the extra strain on their nerves through having to drive on repaired streets. They have not been used to it.

The Germans seem to have been training for the next Olympic races.

The Huns are in a somewhat similar position to the man who caught the wild cat up a tree. They find it hard to let go.

Someone asks why is a man who is trying to negotiate a short loan like a trained orator. Doubtless because he makes a touching speech.

No one worries about the high cost of living now. The difficulty is to keep alive at any price.

Princes and princesses are having a hard time of it these days. Princess Adelaide is on the rocks, Princess Charlotte is laid up, Prince John is having some patches on his ribs, Prince Rupert has been sent north and Princess May is in retirement with all engagements cancelled. The rise of democracy is already being felt.

CIVILIANS DRIVEN FROM THEIR HOMES

Washington, Oct. 19.—Before evacuating Roulers, the German military authorities assembled as many as possible townspeople and marched them under guard to the Roulers-Menin road. For two days, according to official dispatches received last night by the Belgian legation, the civilians, many of them women and children, were provided with neither food nor shelter. Some were able to escape and made their way back to Roulers, where they accorded an enthusiastic welcome to the French and Belgian troops.
Several days before evacuating the town, the dispatch says, the Germans stole the supplies of the civilian revictualing committee, valued at more than \$100,000. Stocks of flour and foodstuffs were destroyed. The civilians were driven from their homes and the furniture removed for shipment to Germany.

Kiddie's Clothes
How to Make Them Wear Longer
There is stringent need of it, as every mother can testify, in these days of mounting prices. Well—did it ever occur to you that harsh, common soaps, and the ordinary rub and scrub of the wash board, break down more clothes than are ever actually worn out in use? Its so. We've studied the question. That's why
Sunlight Soap
purest and best of soaps, was first evolved, years ago—to wash clothes gently but thoroughly, without rubbing—the special "Sunlight" way. Doubly—trebly useful—now, in war time, when the clothes must last longer.
It's easy to do the washing yourself with Sunlight.
