OUT OF NORTH FRANCE

GERMANS HOLD LITTLE TERRITORY EXCEPT TO SOUTH OF CAMBRAI

BRITISH AT VALENCIENNES; GERMANS ARE VERY NEARLY OUT OF NORTHERN FRANCE

**SALENT IN DIRECTION OF DOUAI IS ALL THAT REMAINS
IN POSSESSION OF THE HUNS — INDUSTRIAL
AND RAILWAY CENTRE**

(Special to The News via G. T. P. Telegrams.)
London, October 23.—It is probable that by this time Valenciennes has fallen. At the last account the British troops had entered the suburbs of the city and were surrounding it with the intention of cutting off supplies. Big guns are being trained on the enemy communications and it is impossible for the city to hold out.
With the taking of this industrial and railway centre the Germans are practically driven out of northern France and the greater part of Belgium. Valenciennes is but a few miles from the Belgian border and farther north the Allies have gone beyond Lille and are well within the Belgian border. There is a backward trend in the direction of Douai but this salient will not likely remain long.

London, October 23.—The Allied armies are still before Tournai in Belgium west of Lille where the Germans continue to resist most strenuously. The Allied forces are at a disadvantage owing to the conformation of the ground, the hill to the east of the city being occupied by the enemy.
The country east of Tournai is strongly fortified and the enemy is making a stubborn attempt to hold that part of the front.

Judicial Position and is
Followed By Sir Louis
Davies.**

Ottawa, Oct. 23.—Right Hon. Sir Charles Fitzpatrick has resigned the chief justiceship of the Supreme Court of Canada and has been appointed Lieutenant-Governor of the Province of Quebec in succession to the late Sir E. Leblanc.
The vacancy in the Chief Justiceship has been filled by the appointment of Sir Louis Davies.
Sir Charles Fitzpatrick was born in Quebec in 1853 and was educated in the province. NO HELP COMING FROM VANCOUVER

**Dr. Young Wires That All Nurses,
Male and Female, Are
Needed in South.**

In response to the telegram dispatched to Dr. Young, the provincial health officer, asking to send up five trained nurses here from Vancouver and three male orderlies to assist in overcoming the influenza epidemic, word has been received that this is impossible owing to the demand already existing in the south for nursing help. Dr. Young advised that the hospital authorities here ask for volunteer help, which they have done with success. Volunteers have come forward, and sufficient assistance is available to cope with the increased number of patients.
This morning there are two deaths reported at the hospital from pneumonia. Oscar V. Magnuson, of 25 Cordova Street West, Vancouver, aged 32, born in Sweden, was admitted October 19 and died yesterday. Thos. Pedersen, fisherman, 893 Borden Street, born in Denmark, aged 34, was admitted on October 20 and died this morning.

BORDEN ST. HOSPITAL IS WELL ORGANIZED

**Mesdames Reilly and Murray in
Charge With Many Willing
Helpers.**

Two deaths are reported this morning from the Borden Street Auxiliary Hospital among the patients suffering from influenza and its after effects. They were Willard J. Watts, barber, with the Empire Baths, and another man named Church. W. J. Watts was very well known around the city. He came from Kansas, and was universally liked. Both men died during the night.
The organization of this emergency hospital has been brought to a high state of efficiency very quickly, and reflects great credit upon the parties concerned. Mrs. L. W. Reilly has been acting matron by day, and Mrs. Murray, late of Hazelton, by night. Many willing workers have come forward and with experienced supervision are proving of great help.
There were also two more deaths among the Indians yesterday, one from the Salvation Army Citadel, and Baby Ryan.

Miss McKinnon only left high school last season and was starting out on a business career, being engaged with the Royal Bank branch here. Taken with influenza last week, she was getting well rapidly, but got around too soon. She suffered a relapse and died this morning about 7 o'clock.
Miss McKinnon had lived here with her parents for a number of years and was well known and deservedly popular among young and old. The greatest sympathy with the members of the family is being expressed by all.

HOW THEY HANDLE SLACKERS IN ALASKA

They don't handle slackers with care in Ketchikan. During the last draft, Olaf Jorgensen and Arne John Sandvick decided to turn in their first papers rather than fight for the United States. They were taken by a mob of men wearing the colors of the drafted men and forced to head a parade through the town. They were decorated with yellow streamers over the shoulders, and across their chests placards reading "slackers" were placed.
They were finally marched to the dock and the drafted men gave them their choice of jumping off the dock or being ducked. They jumped.

RED CROSS NOTICE
Any sufferer from influenza unable to provide nourishing food may obtain broth, etc., by phoning Mrs. A. R. Lord, Waldron Apartments, Green 514.

DOUBLE MURDERER HAS BEEN CAUGHT IN LEDUC DISTRICT

**JOSEPH CAMERON WHO SHOT TWO MEN AT EDMONTON
NOW IN TOILS, HAVING BEEN ARRESTED BY
PROVINCIAL POLICE**

(Special to The News via G. T. P. Telegrams.)
Edmonton, October 23.—Joseph Cameron, alias J. A. Campbell, alias Joe Haders, who committed double murder here on Thursday last and made a sensational escape from the Northern Hotel, has been caught in the Leduc district where he obtained work with a threshing gang. The provincial police effected the arrest last night.
Cameron is regarded as a desperate criminal. The police in all towns throughout Alberta had been notified to be on the lookout for him and a description of him had been given to all railway men, barbers and others who might be likely to notice a stranger. Vacant barns and outhouses were searched with care and every possible clue was followed, with the result that he has been run down at last and will now have to stand trial here on the double charge.
The two men whom Cameron shot were Frank Beeves and Sam Zappler. The latter was known to be in the habit of carrying large sums of money on his person, and Cameron, who is known in Alberta, is thought to have come to Edmonton expressly for the purpose of robbing him. Beeves is the man who tried to stop the murderer, and who was shot by Cameron in getting away.

FRENCH TROOPS CONTINUE TO MAKE GAINS, DRIVING NORTH FROM CITY OF LAON

**CZECHO-SLOVAKS FIGHTING WITH FRENCH RETAKE THE
VILLAGE OF TERROR — TWO TOWNS
TAKEN BY ALLIES**

(Special to The News via G. T. P. Telegrams.)
Paris, October 23.—The French forces are still driving northward from the city of Laon and taking a number of small towns. The Germans are resisting fiercely, but every mile gained is a danger to the salient between Laon and St. Quentin.
The town of Chalandry to the west of the Laon-Vervins railway has been captured after heavy fighting and Grandlup-et-Fay to the east of the railway has also fallen. The French pressure is continuous and there are a good many casualties.
The Czecho-Slovak forces which have been fighting side by side with the French have captured the village of Terror which had temporarily fallen into the hands of the enemy.

ALDERMAN IS A VICTIM OF THE EPIDEMIC

**R. J. D. Smith Dies After Short
Illness—Was Well Known
and Highly Respected
Citizen.**

The people of Prince Rupert heard with regret last evening that one of their fellow townsmen R. J. D. Smith had fallen a victim to pneumonia following an attack of influenza. He had been ill but a short time but his constitution which was none too robust was unable to withstand the attack of the dread scourge.
Mr. Smith was sole proprietor of the firm of Smith & Mallett, of which he was formerly senior partner, which has been engaged in the plumbing business here since 1909. He was progressive in his methods and had built up a prosperous business when death called him.
As a public spirited citizen Mr. Smith is well known and highly respected. He has always taken a keen interest in the welfare of the place. In the council, of which he has been a member for nearly three years, his advice was always sought and carried weight. He was also a member of the Board of Trade, the Prince Rupert Club and other organizations. In fraternal circles he had a wide connection, being a member of the Masonic order, of the St. Andrew's Society and of the Sons of Canada.
Few men could better have been spared to the city than the late Mr. Smith, and general regret was expressed everywhere when the ill news was spread that he had been one of those that the dread reaper had taken at this time.
The funeral will take place on Sunday next with Rev. Dr. Grant officiating, and the Tsimpsean Lodge A. F. and A. M. in charge of all arrangements.
Mayor McClymont when seen this morning expressed appreciation of the work of the late alderman. He said: "Little did I think, when I mentioned to the late Alderman Smith only the other afternoon that there would be a meeting of the Board of Works that evening that it was to be the last time we would meet on earth. His services and advice, especially that pertaining to the Board of Works, will be missed by the Council Board, where he sat for the last three years."
"The sympathy of the Council,

UNUSUAL CEREMONY OF CREMATION HERE

**Hindus to Burn Body of Country-
man at Fairview Cemetery,
According to their
Religious Rites.**

An interesting ceremony, at least interesting in a way, because of its unusualness in Prince Rupert, will shortly take place in connection with the death of Harry Singh, the Hindu who recently died at the Borden Street Emergency Hospital. This man was brought in already suffering from pneumonia, and put up a great fight for his life, but, however, the disease proved too deep-seated for his recovery.
His fellow countrymen in town will dispose of his body according to their own religious rites, which do not permit of the ordinary burial. Their religion does not permit of the corruption of the body after death, and it must be burned with fire. Therefore, the cremation will take place at the cemetery. The Indians proceeded to Fairview and built the funeral pyre, and will proceed thither with the body and will burn it to ashes. There are ten Hindus in town employed in the lumber business, and they will conduct the funeral according to their own ideas. Permission has been secured from the city officials for this unusual ceremony.
