You Never Know What A Man Will Do

Mrs. Williams has been using Pacific Milk for cooking a long long time. Her husband got to using it in his morning coffee so they never buy fresh milk any more.

The other evening Mrs. W. bought some fresh cream to give him a treat (as she thought) with his porridge and to use with his coffee.

However, Mr. Williams didn't see it that way and when he discovered it was a different cream in the pitcher, he asked for the same as he'd been getting every morning—couldn't drink his coffee with the other "stuff."

Just Camouflage

If it were not contempt of court to make the remark one might suggest that the Edmonton gunman is likely to get it in the neck.

People who are morbid are likely to get bugs in their fluenza. Keep your soul filled with sunshine and then if you don't escape it won't be your fault.

Some people journey along the highway of life like a flivver with dirty cylinders climbing Exhibition Hill over the bumpy planks. And there are others who hum along at an even forty-mile lick like an eight cylinder Cadillac doing the rounds of Kaien Island with a party of tourists on the asphalt pavement.

After all if you do join the great majority by the flu road, pass along smiling. That is what the boys are doing in France. The great divide is easy to pass and there is said to be sunshine and warmth on the other side.
