

BEST GOVT. SECURITY OFFERED IN THE WORLD

It is generally conceded by financial authorities that within the circle known as the investing public there is a substantial proportion whose sums of money available for investment run from \$5,000 to \$25,000.

To that class of investors the fifteen-year Victory bond provided in the next issue should prove particularly attractive. Not only is it so by reason of its gilt-edged character, but plus this is the 4 per cent. rate of interest that it yields, which, on an investment of \$25,000 gives the holder the little sum of \$1,375 annually and free from taxation at that.

On the other hand, would on a United States Liberty Loan investment, yield but \$1,062, or \$313 a year less.

From the combined standpoint of stability and yield, the fifteen-year Victory bond will rank as the best Government security in the world. The fact that trust companies have their eye upon it as a preferential investment is one of the strong proofs of its attractiveness. And then another fact to be taken into consideration is that both actually and relatively the issue will steadily appreciate in market value as time passes.

Call to Well-to-do Men.

But, aside altogether from the intrinsic value of the second Victory Loan and particularly the fifteen-year maturity, as an investment, there is a definite and direct call to the men who can command five to twenty-five thousand dollars to subscribe to it.

As a matter of fact, it is the opinion among the highest financial authorities in the Dominion who have given particular attention to the study of the subject, that if the Minister of Finance is to secure the much-needed and much-needed half a billion dollars, a great deal will depend upon the response of investors in this five to twenty-five thousand dollar group of investors. There is no sacrifice about it. The fact that the security is gilt-edged and the yield generous, precludes such an interpretation. Men are not sacrificing when they are buying bargains, whether they be merchandise or bonds.

But whether there is an element of sacrifice or not, there is undoubtedly an element of patriotism. Whether the war ceases this year or next, Canada needs every dollar of the half billion which the Minister of Finance seeks, if this country is to fulfill its part in the struggle, and perform its duty towards the Canadian lads who are sacrificing their lives at the front. And the desideratum can be secured, if the men with \$5,000 to \$25,000 to invest do their part.

"Children," said the Sunday school superintendent, "this picture illustrates today's lesson: Lot was warned to take his wife and daughters and flee out of Sodom. Here are Lot and his daughters, with his wife just behind them; and there is Sodom in the background. Now, has any girl or boy a question before we take up the study of the lesson? Well, Susie?" "Pleathe, thir," replied the latest graduate from the infant class, "where ith the fleas?"

Why Canada must borrow money to carry on

Because Canada has put her hand to the plow and will not turn back:—

—our country is in the war on the side of liberty and justice and will stay in it till complete victory is won and the unspeakable Hun is smashed and beaten to the ground;

—a nation at war must make tremendous expenditures in cash to keep up her armies and supply them with munitions, food and clothing;

—Canada must finance many millions of dollars of export trade in food, munitions and supplies which Britain and our allies must have on credit;

—for these purposes Canada must borrow hundreds of millions of dollars—

And, this money must be borrowed from the people of Canada:—

Therefore, Canada will presently come to her people for a new Victory Loan to carry on.

+ + +

Canadians will loan the money by again buying Victory Bonds.

The national safety, the national honor and the national well-being require that each and every Canadian shall do his duty by lending to the nation every cent he can spare for this purpose.

Be ready when the call comes to see your country through in its great war work.

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.
