Good Start Made In Other Cities.

The cities of Canada have practically all made a good start with the Victory Loan campaign. They have gone into it with a vim. The regular newspaper advertisers have donated all or part of their space to the loan committees and in some places squads of girls have been organized to canvass.

Powell River made a big burst the first day by exceeding its quota, but, while that may be possible in a small community, it is not possible in a large one. Much depends, however, on the vim and snap which is put into the game.

It looks as if with so attractive a proposition, and with so much at stake just now there should be little need to canvass. People should be tumbling over each other to get in on the loan for fear there might not be any of it left for them by the time the allotment is made.

Prince Rupert starts her campaign today and while there will be some handicap because of the prevalent sickness, the influenza is fast passing and people are getting back to work.

Securing Recognition Is Always Difficult.

Prince Rupert is but a small town and she has to fight her way until she is properly recognized. It is the same with a city as with a business or with a person. Position does not bring recognition, neither does merit. It takes years of struggle to get a place in the sun.

Prince Rupert has had her dull days. She has had a long struggle and during that time has made little headway. Now the force of circumstances has brought her prominently to the front and by her energy she must keep the good work going. She has to make her own way in the world and every inch of ground will be contested.

It is the same in all walks of life. Competition is keen and there are always rivals to knock everything that is done. The great thing is never to show the white feather but to persistently forge ahead and refuse to admit defeat.

Will There Be Peace This Year?

Judging by the press despatches it would not be surprising if peace were declared this year or at any rate before the winter is over. The enemy nations seem to be trying which can be the loudest suppliant. It must be admitted, however, that while they are asking for peace they are still fighting like demons. There is no walkover on any front as yet. In Germany the populace seems to be getting more outspoken every day and within a few weeks the contagion may have spread until the whole of the people are not only asking for peace but almost ready to fight for peace, just as the British and French through all these long years have had to fight for peace.

Dolly Varden Mine And Railway Fiasco.

The tying up of the Dolly Varden mine and railway on account of financial difficulties, when only a few more days of construction work would have seen the railway complete, is greatly to be regretted. The workmen will secure their pay, undoubtedly, but they may have to wait for it. The miners and railwaymen are already scattered almost all over this north country, some of them in the interior, and are bending their energies to developing other than Alice Arm properties.

Now that the construction company has assigned it is to be hoped that something will be done as quickly as possible to finish the railway and to put the mine on a producing basis.

WRIGLEY'S

The universal military service gum—

A Soldier's offering to his sweetheart is naturally the sweetmeat that gave him most refreshment and greatest enjoyment when on duty.

The Flavour Lasts

Keep the boys in service supplied.

Keep up the Food Supply and Help Make Victory Sure

"I AM assured that my people will respond to every call necessary to the success of our cause—with the same indomitable ardour and devotion that have filled me with pride and gratitude since the war began."

HIS MAJESTY KING GEORGE

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unfailing flow of food to England and France must be maintained.

This is National Service—
Not to the Farmer only—
But to YOU—to everybody—
This appeal is directed

WE must unite as a Nation to SERVE—to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

EVERY pound of FOOD raised, helps reduce the cost of living and adds to the Food Supply for Overseas.

PLANT a garden—small or large. Utilize your own back yard. Cultivate the vacant lots. Make them all yield food

WOMEN of towns can find no better or more important outlet for their energies than in cultivating a vegetable garden.

Be patriotic in act as well as in thought.

Use every means available—
Overlook nothing.
