ADVANCE IN FLANDERS BY THE ALLIED FORCES

(Special via G. T. P. Telegraphs.)
London, Nov. 2.—Yesterday's attack in Flanders was rewarded by an advance of more than five miles on a ten-mile front. It brought the Allies to the Scheldt from Serchem to Gavere. This advance will probably enable the Belgians to push the enemy over Dervation Canal to the Teurneuse Canal.

VALENCIENNES BOTTLED UP BY BRITISH ARMY IN RAID ENGINEERED BY CANADIANS

ONLY IMMEDIATE RETIREMENT OR MIRACLE CAN SAVE
GERMAN TROOPS IN CITY — ONE OF HEAVIEST
BOMBARDMENTS OF WAR COVERS
INFANTRY CHARGE

(Special to The News via G. T. P. Telegraphs.)
With the British Army in France, November 2.—Valenciennes is today bottled up as a result of a lightning blow delivered by the British on both sides of the city. Only immediate retirement from the place or something in the nature of a miracle can save the German troops. The heavy enemy resistance encountered on this sector yesterday died out during the night. The main attack on Valenciennes was to the south of the city just above Famars. The Canadians who engineered the drive were supported by one of the heaviest bombardments of the war. The gunfire was terrific and made the going easy for the infantry.

Send the Kaiser to Oblivion!

C. H. Wellington, the creator of "That Son-in-Law of Pa's" has hit a happy idea in the above cartoon specially drawn by him for use in the 1918 Dominion Victory Loan campaign. For once both Pa and Cedric are in accord in appealing for the Kaiser's destruction.

AUSTRIA GETS ALLIES' TERMS THROUGH ITALY

General Diaz, the Italian Commander, Delivers Armistice Proposals to Austrian Commander.
London, Nov. 2.—General Diaz, the Italian Commander-in-Chief, handed the terms of armistice offered by the Allied forces to the Austrian Commander today. The terms offered have not yet been made public but it is thought that they will not differ materially from those accepted by Turkey, except in matters of detail. Surrender of ships, and supplies, demobilization of the army, and a complete break with Germany being the main features.

STEVE RYAN REFUSES TO GET INFLUENZA. CELEBRATES RESCUE

Steve Ryan, a Metlakatla Indian, was celebrating yesterday. One year ago he was wrecked on a bare rock in the middle of the ocean, where he stayed for sixteen days without anything to eat or drink, except rain water. On that little rock, half submerged at high tide, without a blade of grass growing, Steve managed to survive until, by a happy chance, he was rescued more dead than alive. He is now at Tuck's Inlet Cannery, and, as he refused to die a year ago when by rights he ought, now he refuses to be affected by influenza.

"G. E. FOSTER" RETURNS TO PORT AFTER USELESS SEARCH FOR THE PATROL STEAMER "GALIANO"

NO TRACE OF MISSING VESSEL; BODY OF ONE MEMBER OF CREW IDENTIFIED AS W. A. EBBS, OF VANCOUVER; HAD ON LIFEBELT.

Confirming the news published in the Daily News yesterday, the steam trawler Foster, belonging to the Canadian Fish and Cold Storage Co., returned to port today after her search around Cape St. James in search of the missing naval steamer Galiano, and bearing with her the body of one member of the crew of the ill-fated vessel, and the cabin skylight which they picked up floating on the water. Captain Walters of the Foster reported his arrival to T. H. Johnson of the Cold Storage Co., this afternoon and later reported the picking up of the dead body to Coroner McMullin.

All Thursday and Friday the come off one of the ship's boats. "Foster," in company with the whalers Green, Brown and Orion, and the tugboat Tatoosh, swept the Hecate Straits for miles. They travelled north and south, and then cut across from east to west, covering the waste of waters very completely. The only success which attended their efforts was the picking up of the dead body of one of the crew, identified as Wilfrid A. Ebbs, and the skylight of one of the cabins. The Foster also passed an oar which could not be picked up, which may have

ABOUT \$50,000 VICTORY BONDS ARE NOW SOLD

More Extensive Canvass Will Commence Next Week When Special Committees Will Be Out.

FISHERMEN TAKE \$4,500 AS STARTER

The Victory Loan drive is going splendidly. Considering the time given to it, only two hours a day by one group of canvassers, the results are excellent. Something like \$50,000 worth of bonds have already been sold, according to a rough estimate prepared this morning. There are no official figures out but that is about the correct amount.

Yesterday Albert & McCaffery announced that as a starter they would take \$5,000 and this morning Dr. Kergin telephoned in an order for \$2,000. These are the encouraging things in the campaign.

John H. Meagher, secretary of the Deep Sea Fishermen's Union, reports that up to date the fishermen have bought \$4,500. This is a splendid beginning and means that the fishermen are recognizing both their duty to the country and the value of the bonds as an investment.

A member of the committee this morning said that they had been very well received among the businessmen. They had been turned down by only one man. He considered that next week when they got into their stride bonds would be selling so fast that it would be difficult to make out the papers fast enough to keep them going.

A committee meeting is to be held tonight in the rooms when canvassers will be appointed for the residential districts and sections allotted. Considering all the circumstances the campaign has made an excellent start and the quota of \$300,000 should be exceeded.
