

SPANISH INFLUENZA RAGES IN CANADA

Thousands of Cases Reported With Many Deaths.

THOSE WHO ARE MOST SUSCEPTIBLE TO IT

"FRUIT-A-TIVES"—The Wonderful Fruit Medicine—Gives the Power To Resist This Disease.

The epidemic of Spanish Influenza which played such havoc in Europe, has reached this continent. Thousands of cases of the strange malady have appeared and many deaths are already reported; Surgeon-General Blue of the United States Public Health Service having stated that "Spanish Influenza will probably spread all over the country in six weeks".

Practically every ship which touches our shores from abroad, brings those infected with the disease.

Surgeon-General Blue urges that "the individual take all the precautions he can against contracting the disease by care and personal hygiene". Plenty of exercise should be taken; the diet should be regulated, etc.

Spanish Influenza affects most severely elderly persons and others whose powers of resistance are weakened by illness, work or worry, especially those who are "run-down" or "not feeling up to the mark."

The really great danger from the disease is not so much in the disease itself, as that it often develops into pneumonia.

What everyone needs now is a general tonic like "Fruit-a-tives". This wonderful fruit medicine is not a germ-killer. It is a body-builder; a strength-maker; a blood-purifier; a power in protecting against the ravages of disease.

"Fruit-a-tives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally as nature intended. "Fruit-a-tives" keeps the skin active, and purifies and enriches the blood. "Fruit-a-tives" tones up and strengthens the organs of digestion insuring food being properly digested and assimilated.

Everyone can take ordinary precautions, avoid crowded places, and use "Fruit-a-tives" regularly to insure sound digestion, to keep the bowels and kidneys regular and the whole system in the best possible condition. Then we are safe from disease.

"Fruit-a-tives" is sold by dealers everywhere at 50c a box, 6 for \$2.50, trial size 25c or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa, Ont.

Local News Notes

The White Lunch has been reopened for business.

Let's back our boys, to Berlin by buying Victory Bonds.

Mrs. Dr. McNeill returned to the city this morning from the south.

W. P. Lynch returned to the city this morning from Vancouver.

Investigate the new Waltham 23 jewelled watch adjusted to six positions—John Bulger, jeweller.

Mr. and Mrs. J. M. Collison were among the arrivals by the Prince Rupert this morning from Vancouver.

On Thursday evening a lady advertised in The News a piano for sale. She sold it on Friday morning. The moral is plain.

Buy a bond as if you were getting a bargain. That is what a bond is just now. Think of the rate per cent. if you must, but also think of the boys overseas and then buy half a dozen more.

At the General Hospital five patients have been discharged since yesterday, and during that time only two new cases brought in. There is every indication that at the present rate the epidemic will be eradicated.

ESCAPED SOPHIA TO DIE IN HOSPITAL

Steward of Fated Steamship Was Last Left of Those who Sailed From Vancouver.

Having been put off the Princess Sophia on her last fateful voyage north, during her call at this port, Joseph Woosnan, a steward of the vessel, was admitted to the General Hospital here suffering with influenza. Later when the sad news came of the loss of the ship with all hands, this man was congratulating himself upon his escape, and surely he had reason to rejoice. His attack of influenza, too, seemed to be passing off, and he seemed to be getting on well. A day or two ago, however, his condition got worse, and this morning he died. He was a young man of 21 years of age and leaves a widow in Vancouver where she resides at 354 Twenty-fourth Avenue, East. His parents and other relatives are also located there.

It seems as if the whole ship's complement of the Sophia was fated for destruction, as Mr. Woosnan was the last left of those who sailed on her from Vancouver.

INDIANS ARE NEARLY ALL NOW RECOVERED

Only Ten Patients Left in Salvation Army Citadel, All of Whom Are Women and Children.

Continuous progress is being made by the patients at the Salvation Army Citadel. Six more were discharged yesterday, being well enough to go home, leaving only ten now under the care of the nurses. These left are all women and children. There was only one very serious case, that of Lucy Simpson who was stricken down two days ago, very suddenly. She was housemaid for Mrs. McCaffery and her illness came on with startling rapidity. She died this morning.

At Tuck's Inlet cannery, where there were many cases of influenza, one death occurred yesterday, when Joe Wesley died. The epidemic has affected the Indians apparently in a different form at the various reserves in this neighborhood. At Port Essington, the mortality has been low, and the number of cases comparatively few, while further up the Skeena, at Kitwanga, it has been severe. There have been already 16 deaths in this town of totem poles, and the disease seems to be of a virulent nature. On the Naas river, again, reports from Aiyansh have it that it has affected the Indians there in a very mild form, while from the south, at Kitkatla, it is more severe, and has caused 11 deaths there to date, with very many cases of sickness.

Metlakatla reports have been comparatively good, owing to the stringent orders and their being strictly carried out, while the condition of Port Simpson remains favorable.

Dr. Large, of that place, who has been assisting here in Prince Rupert, is returning to his own town this morning to reassure the folks there, and it is probable that he will later proceed to Kitkatla to render assistance. The Rev. Mr. Rushbrook is there meantime doing all he can, as several of the helpers there are also stricken down. Mr. and Mrs. Johnson who were on their way there, are still here in Prince Rupert. Mr. Johnson was going to take up school teaching there, with Mrs. Johnson as matron of the hospital. On reaching Prince Rupert, however, Mr. Johnson was confined to bed with influenza and is not yet well.

Taking all in all, however, the condition of the Indians is comparatively good, and the further spread of the epidemic has apparently been checked.

ONE SERIOUS CASE

Yardmaster of G. T. P. at Borden St. Emergency Hospital; Two Patients Discharged.

Borden Street Hospital is rejoicing this morning that there have been no deaths there since yesterday. The condition of the patients continues to be good. Two were discharged yesterday, while this morning five more were recovered sufficiently to be able to go home, and during that same period only other four cases have been received. There is only one serious case, which is that of Eddie Funk, the yardmaster of the G. T. P., who has been seriously sick for the last day or two, and this morning his condition remains serious.

Everything possible, however, is being done for him, and he has a good chance for recovery.

Dr. Large returned to Port Simpson today after lending his assistance in Prince Rupert for the past few weeks fighting influenza.

COLD STORAGE TAKES \$20,000

Manager Johnson Announces That His Firm is Making Large Purchase of Bonds.

Manager T. H. Johnson of the Canadian Fish and Cold Storage Co. announced this morning that his firm was purchasing \$20,000 worth of Victory Loan Bonds. This is the largest amount yet taken by one firm in this district and should be an example to others who are considering taking large blocks.

The cold storage plant is one of the big factors in the commercial life of Prince Rupert and great satisfaction is expressed at their action in taking a big block of stock. It also is an indication of the views of financial people who doubtless look on the stock as a good investment.

"G. E. FOSTER" RETURNS

(Continued From Page One.)

soon give way, causing her to roll the more and ship other seas.

The man we picked up had on a lifebelt, which had evidently been fastened in a hurry, as it was not done correctly, and his clothes bore the appearance of having been hurriedly put on, as if he had just tumbled out of his bunk, before rushing on deck. There is all probability that as the ship filled, the air in her cabins blew the skylight off, which we picked up.

The body was picked up about 22 miles N.N.-E. of Cape St. James and from the direction of the wind anything floating would be driven up the Straits in the direction of Bonita Island.

The Hecate Straits at this point are about seventy or eighty miles wide and at the supposed position of the Galiano when lost, there would be little traffic. The deceased sailor was named Wilfrid A. Ebbs. He was only a young fellow and came from Nelson. He joined the R.N.V.R. some months ago and his aunt is Mrs. Coombs of 1884 Fifth Avenue, West, Vancouver.

Ditty Bag.

Hanging on to the skylight of the ship was also the ditty bag belonging to another member of the crew named H. Musty, and containing a few articles of clothing.

If any of the ship's boats got away they would be rapidly driven north up the strait before the wind, but the fact that the five vessels have discovered no trace of any of them makes matters look like the total loss of the crew.

The whaling steamers discontinued the search yesterday when the Foster returned here, having little hope of any survivors.

ZEPPEL IS FEARFUL

The Hague, Nov. 1.—Before his departure from Bruges a few days ago the German Military Judge Zepfel, who presided at Fryatt's trial, declared:

"The British will want my head in payment of Fryatt's life, but it is Schroder alone who is responsible. I simply obeyed his orders which insisted absolutely on the death penalty."

CARD OF THANKS

Mrs. R. J. D. Smith desires to convey the thanks of herself and family to her many friends and acquaintances for their kind expressions of sympathy received during her recent bereavement.
