AUSTRIA IS OUT OF WAR VERY DRASTIC TERMS ARE SUBMITTED TO GERMANY BY ALLIES

ARMISTICE WITH AUSTRIA HAS BEEN SIGNED BY GENERAL DIAZ; IT BECOMES EFFECTIVE TO-DAY

Terms to be Published To-Morrow Will Probably Give the Allies
the Right to Attack Germany Through Austria; Demobil-
ization to Commence at Once.

(Special to The News via G. T. P. Telegraphs.)

London, Nov. 4.—Austria is out of the war. An armistice signed yesterday afternoon with General Diaz, Italian Commander in Chief, according to an official announcement here last evening. The text of the statement reads:

"A telephone message has been received from the Prime Minister stating that news has just come to the effect that Austria-Hungary, the last of the German props, has gone out of the war. The armistice was signed by General Diaz yesterday afternoon and will come into operation today at 3 o'clock. The terms to be published Tuesday."

Rome, Nov. 4.—The conditions of the armistice have been dictated by the principles set out by President Wilson, namely, to render it impossible for the enemy to recommence war and to prevent him from profiting from the armistice to withdraw from difficult military position.

London, Nov. 4.—While the terms of the armistice with Austria have not been published it is generally assumed that it will not be less exacting than that recently signed by Turkey. It is thought that it must include the surrender of all war ships and submarines, the withdrawal from occupied territory, the demobilization of the army, and immediate withdrawal of all support to Germany.

Paris, Nov. 4.—The announcement of the signing of an armistice with Austria is looked upon here as the virtual ending of the war. While Germany may possibly hold out for a short time in the hope of getting better terms, it is not impossible that she may lapse any day.

London, Nov. 4.—It is understood that one of the provisions of the armistice with Austria will give the Allies the right to attack Germany through that country. Demobilization of the Austro-Hungarian forces will commence at once.

The Italian tricolor is now floating from the tower of San Giustino. Italian cavalry have also entered the city.

Italians have captured Trent, one of Austria's chief fortified towns in Italy, according to War Office announcements.

**VALISE FULL TAKEN
AS LEAVING STEAMER**

After being confined to home for two weeks, Constable Adams went back on duty on Saturday. Yesterday when making his way on his usual rounds and heading in the direction of the waterfront, he met a colored gentleman coming up the steps in front of the G. T. P. offices.

With that uncanny instinct which Constable Adams possesses to a degree, the constable fixed his eye on the little parcel in the colored gent's hand.

"What have you got there?" he inquired casually.

"Why, nothing," replied the coon, and at the same time whirling down the big flight of steps, ten at a time.

He fled right up the railroad yard, with Constable Adams a close second, who although just recovering from influenza, still had wind to sprint.

Broke the Bottle.

As the constable closed with the negro, the culprit committed the unpardonable crime of tapping his parcel against one of the rails, causing it to break and give forth a pleasing aroma. The seriousness of such an action was accentuated by the finding in the paper wrappers fragments of

OPIMUM SMOKERS ARE RUDELY INTERRUPTED

Wong Luck Has Party Broken Up
and Pays \$25 in Police Court.

Armed with a search warrant, Constables Bailey and McGlinchy paid a visit to 944 Third Avenue, West, on Saturday night and upon their entry found six Chinese having a talk-fest. The apparent host, named Wong Luck, countenanced the visitors, calmly putting his pipe in his pocket as he greeted the strangers. His pipe, however, was an opium pipe, and the full regalia of the "o'er all the ills of life victorious" were at hand. There was a supply of opium, an opium lamp, and all the various accessories of the lotus eater.

Wong Luck was fined \$25 and costs this morning by Magistrate McMullin for being in possession. The others, named Kwong Yee Song, Lee Me On, Wong Yet, Mo Laif and Dont Sing were charged with being inmates of an opium resort and were remanded.

GERMANY MUST GIVE ALLIES HELIGOLAND AND THE FLEET AND RETIRE BEYOND RHINE

THOSE ARE SAID TO BE TERMS OF ARMISTICE TO BE
SUBMITTED BY SUPREME WAR COUNCIL TO
HUNS FOR ACCEPTATION

(Special to The News via G. T. P. Telegraphs.)

Washington, November 4.—Information reaching Washington on Saturday through diplomatic channels is that armistice terms are being perfected by the Supreme War Council for submission to Germany. These will require the Germans to withdraw thirty miles beyond the Rhine, leaving behind their munitions and rolling stock.

Another of the terms which it is said will be included in the armistice and which is of extreme importance is the complete surrender of Heligoland and the German fleet including all submarines.

It is pointed out that the proposal would mean putting the strong border cities including all forts in the hands of the Allies and return the military machine home without their guns.

It is further said that the terms imposed by General Foch will be so drastic that some military experts doubt whether the Germans will accept them without further fighting.

VICTORY LOAN COMMITTEES ARE APPOINTED

Sum of \$53,000 Subscribed Up to
Saturday Night—More
Vigorous Work This
Week.

At a meeting of the Victory Loan Committee held on Saturday night it was reported that the sum of \$53,000 had been subscribed to that time. This was considered very good for a beginning as very little canvassing had been done. It was decided to make a thorough canvass of the town this week and to enlist the ladies in the work. It is expected that the amounts will roll up fast from this on.

Owing to the late start the campaign here will last only eleven days which means an average of \$27,000 a day. This record has not yet been kept up so far, the committee being just one day behind, but they feel confident that the quota allotted to the district will not only be provided but even surpassed.

A number of canvassing committees were appointed, the first mentioned being in each case the convenor of the committee, and in each case there being the power to add to their numbers. The committees are:

G. A. McNicholl and E. C. Gibbons — G. T. P. Employees.
J. A. Thompson and J. F. Matheson — Canadian Fish and Cold Storage.
Robert Walker and C. E. Bainter — Sawmill and residents adjoining at Seal Cove.
C. C. Perry — Metlakatla.
M. M. Wells and C. E. Bainter — Georgetown sawmill.
G. A. Woodland and Howard White — Drydock and waterfront east of the Government dock.
J. Roerig, G. W. Nickerson, G. H. Arnold and George Hill — From Fourth and Fulton Streets east to Cow Bay including the wholesale houses.
