COOK FELL OVERBOARD

Included among the passengers on board a ship crossing the Atlantic recently was a man who stuttered. One day he went up to the captain of the ship to speak to him.

"S-s-s-s-s," stuttered the man. "Oh, I can't be bothered," said the captain angrily; "go to somebody else."

The man tried to speak to everybody on board the ship, but none could wait to hear what he had to say. At last he came to the captain again.

"Look here," said the captain, "I can tell you what to do when you want to say anything; you should sing it." Then suddenly in a tragic voice the man commenced to sing:

"Should auld acquaintance be forgot and never brought to mind,
The blooming cook's fell overboard, and is twenty miles behind."

ATTENDED FUNERAL

The funeral of the late Richard Wallis, M. P., at Alberni was attended by a number of prominent public men, among them being W. J. Bowser, K. C., leader of the Opposition in the Provincial Legislature; Hon. William Sloan, Minister of Mines, representing the government; R. H. Pooly, member for Esquimalt; H. S. Clements, M. P. for Comox-Atlin; George Jay, police magistrate of Victoria, and Major Richard Burde M. C.

CARD OF THANKS

Mr. and Mrs. LeRoux desire to thank the many friends who lent assistance, expressed sympathy or sent flowers on the occasion of the death of the late Andrew LeRoux.

The death is reported of Miss Grace Nelson, school teacher on the Kitsumkalum Indian reservation. She had been teaching at the reserve for three years and had been ill for the past five months. She died Sunday morning.

During the emergency caused by the influenza epidemic, a provisional dispensary has been established in the office of J. H. McMullin, the government agent. Quantities of brandy and whisky have been received from W. C. Findlay, the provincial prohibition commissioner, and are now available. A doctor's prescription, however, is necessary first.

Many who have used the classified columns in this paper have been getting results. One small notice of help wanted brought six answers in two days, several of articles for sale brought immediate applications and resulted in the disposal of the articles. There can be no mistake in using The News want-ads.

The steamer Chelohsin went south last evening with a very light passenger list, travel having fallen off on all the boats and railways since the influenza epidemic started. Among those going south was H. Donaldson of the Naas Harbor Cannery who reports that all the Canneries on the Naas are closed except the one at Mill Bay which is still canning a few chums.

It is expected that the Salvation Army Citadel will no longer be required after this week as an emergency hospital for Indians. There are only two sick ones left there now, and no new cases are being received. Good reports are being received from Tuck's Inlet Cannery and from Metlakalla regarding the patients there, and a good recovery is looked for in every case.

INVENTIVE GENIUS OF SUN REPORTER

A reporter for the Vancouver Sun tried to interview Joseph Martin on his recent return from England. Joe was not saying anything so the Sun man wrote the following:

Joseph Martin is back in Vancouver and rumors about what Joseph is going to do are as rife as victory rumors used to be in Berlin.

One rumor has it that he is just back for a rest waiting till the end of the war when the new Labor Party with Mr. Martin as one of the flying buttresses is going to sweep Great Britain.

On this point Joseph is reticent. Another is that he has come back to lead the Laurier-Liberal party in British Columbia. Joseph has not endorsed this, nor has the Laurier-Liberal party.

Borne on the zephyrs is a tale that one of the Unionist members for Greater Vancouver is to be moved to the upper house and that Joseph is to run in his place. As to this the clam is a loquacious bird compared to Joseph.

Some people are promulgating the statement that Joseph has his eye on the attorney-generalship of British Columbia.

Joseph may have. He has his eye on a good many things but he is not saying anything about it. The man on the street thinks that Joseph can make more money in Vancouver than in London. Maybe he has made the best guess.

On this Joseph is also eloquently silent.

If you can't fight, dammit, you can lend your money to strafe the Kaiser. Buy Victory bonds. 41

SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements and respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than a year, and makes proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$200 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. This cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes, areas exceeding 50 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible as the Agreements already made, as cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

NOTICE TO SOLDIERS ON HARVEST LEAVE.

Attention is directed to a recent announcement published in the Press by the Military Service Branch, Department of Justice, regarding extensions to be granted to men EXEMPTED AS FARMERS.

It is pointed out that this DOES NOT IN ANY WAY AFFECT MEN WHO HAVE BEEN ORDERED BY THE REGISTRAR TO REPORT TO Depot Battalions and who have thereafter received leave of absence from the Military Authorities.

Once a man has been ordered to report for duty by the Registrar he leaves the jurisdiction of the Registrar and comes under that of the Department of Militia and Defence, and is to be considered as a soldier. This applies to men of the 20 to 22 Class who have been ordered to report by the Registrar in virtue of the cancellation of exemptions by Order-in-Council of the 20th April last, as well as to those ordered to report in the usual way on refusal of claim for exemption, or on expiration of exemption granted.

All men, accordingly, who have been ordered to report, and are therefore SOLDIERS, and who have subsequently been granted harvest leave by the military authorities, MUST NOTWITHSTANDING THE NOTICE ABOVE REFERRED TO, REPORT ON THE EXPIRATION OF THAT LEAVE, unless they are notified to the contrary by their Commanding Officer or by general notice published by the Department of Militia and Defence.
