PRINCE RUPERT, B.C., MONDAY, NOVEMBER 11, 1918.

PRICE FIVE CENTS

FIGHTING IS NOW AT END ARMISTICE IS SIGNED AT MIDNIGHT BY THE GERMAN DELEGATES

TERMS OF ARMISTICE INCLUDE EVACUATION OF ALSACE-LORRAINE, LUXEMBERG AND BANK OF RHINE

Rolling Stock, Arms and Equipment to be Left Behind;
Complete Reparation for all Damages; Fighting Stops
for 30 Days.

(Special to The News via G.T.P. Telegraphs.)
London, November 11.—The war is at an end. The armistice signed at midnight by German delegates and fighting stopped at one o'clock this morning. The surrender terms include:
Evacuation of invaded territories including Alsace-Lorraine and Luxembourg.
The surrender of a vast amount of guns and equipment.
Evacuation of the left bank of the Rhine.
The surrender of all the vast rolling stock in occupied territories.
The abandonment of the Bucharest and Brest treaties.
The unconditional surrender of all the German forces in East and West.
Complete reparation for all damage done with guarantees for paying it out.
Indemnities collected from invaded countries to be restored.
The surrender of scores of submarines, etc., and large war vessels.
The concentration of air craft at stipulated points.
Evacuation of all Black Sea ports.
Restoration of Allied and United States vessels.
Duration of the armistice to be for thirty days.

PEOPLE REJOICE AT COMING OF PEACE; PARIS IS CALMLY WATCHING DEVELOPMENTS

(Special to The News via G.T.P. Telegraphs.)
Paris, November 11.—This city is comparatively calm, watching the events in Germany eagerly. Everywhere are groups of people discussing the situation and practically all work is suspended. There is no violent outbursts such as might have been expected. The delay has been so long that people hardly yet realize the momentous events which are taking place.
London, November 11.—There is great rejoicing here. The people have thrown decorum to the winds and are wildly celebrating. Work is practically at a standstill and the people find it difficult to express themselves as they would wish.
Many people are thronging the places of worship and special religious services are being held in almost every church.
Washington, November 11.—There is great excitement here. The previous hoax it was difficult to get the people to believe that really happened but now flags are flying everywhere and there is a general feeling of relief that the war is over.

ARMIES WILL REMAIN IN THE FIELD AWHILE

Peace Situation Must Be Fully
Assured Before Troops Are
Taken Home.

(Special via G.T.P. Telegraphs.)
London, Nov. 11.—It is announced from military headquarters that the armies of the Allies will remain in the field for some time until order is fully restored both in Germany and Austria and in the countries being evacuated. The peace situation must be fully assured before there can be any withdrawal of troops and even then the work will not be hurried. It is not expected that any Canadian troops will cross the ocean for some time except those who are now in England and who will probably be sent on at once to make room for those coming from France.

FISH ARRIVALS

Two fishing boats arrived this morning, the Liberty with 55,000 lbs. of halibut and the Omaney with 50,000 lbs.

Auditing, J. F. Maguire, box 973.

ORDERS TO PROCEED WITH COW BAY IMPROVEMENTS AT ONCE HAVE BEEN RECEIVED

ONLY THIRD OF PROPOSED WORK CAN BE COMPLETED
NOW, OWING TO CITY HOLDING UP LAND
TRANSFER — FISHERMEN ARE
PETITIONING

Word has been received from Victoria that the Public Works Department of the Provincial Government has sent instructions to the local office to proceed at once with the construction of floats and a small breakwater on the Provincial Government property at Cow Bay. The local office has received these instructions and is preparing to commence the work as soon as possible.

The Provincial Government has a frontage of approximately 210 feet adjoining the new wharf which has been erected by the Georgetown Lumber Co. At this point there are already some floats but they are not a sufficient protection against the storms which spring up here and the fishermen complain that when the weather looks bad they are ordered to get away from the floats.

Only recently a number of boats were badly injured because of the lack of protection, and protests were made by the fishermen at that time both through the columns of this paper and direct to those who were considered responsible.

The delay has arisen apparently through a misunderstanding. The Grand Trunk Pacific Railway has running rights across Cow Bay and can put as many tracks

PRINCE RUPERT WILL SOON GO OVER THE TOP

Sum of \$270,000 Raised Up To
Saturday Night and Full
Objective May Be
Reached Today.

In view of the news that peace has been declared it is suggested that it would be a great move to complete Prince Rupert's quota today and then to pile the dollars for the rest of the week until the real stuff that Rupert is made of is clearly shown.

This morning the committee reported that the sum of \$270,000 has been reached. Of this amount the Gold Storage employees contributed about \$9,000 and the employees of the Prince Rupert Mill \$6,100, and both still going strong.

There are still a good many people who have not taken any bonds, who are being delayed for various reasons. They will all be in line before the end of the week and it is now hoped that the city and district will reach at least the \$400,000 mark. Prince Rupert has benefitted by the war a good deal financially, at any rate during the past year, and she is bound in honor to do her share toward bringing the boys home.

Another cremation took place at Fairview Cemetery yesterday afternoon, when Pertab Singh, a Sikh, lately employed at the Seal Cove sawmill, was accorded a funeral service in keeping with his religion. Deceased had been sick since the 25th October, and died November 9 from influenza.

The infant daughter, eight months old, of Mr. and Mrs. Wm. Gosnell, of Ambrose Avenue, died at the general hospital on Saturday from influenza.

KAISER AND CROWN PRINCE ARE FUGITIVES IN HOLLAND; SOCIALISTS RULE GERMANY

VERY LITTLE BLOODSHED IN COUNTRY FOLLOWING COMPLETE REVOLUTION — THREE OUT OF FOUR
GERMAN KINGDOMS FORM
REPUBLICS

(Special to The News via G.T.P. Telegraphs.)
London, November 11.—Today Kaiser Wilhelm who ruled his Empire for many years with a mailed fist and has for years had the monstrous dream of a Teutonized world, is a fugitive in Holland. With him is Crown Prince Frederick Wilhelm and practically the entire General Staff at Military Headquarters. Thus completely has militarism been swept away in a few hours from Germany. The entire civil government has also disappeared. The militarist regime has been followed by rule by combination of Social Democrats and soldiers' and workmen's councils, which is now in control of practically the entire Empire. The navy also has come under the new regime.

Saxony, Wurttemberg and Bavaria, three of the four kingdoms of the Empire, have declared republics, leaving all the kings of Germany without thrones.

Frederick Ebert, Socialist, who has succeeded Prince Max as Imperial Chancellor, and Phillip Scheidemann, leader of the Social Democrats, have issued appeals on behalf of the new government, promising peace as early as possible and asking the people to avoid rioting and bloodshed. They promise government of the people by the people.

Up to date the revolution has been attended by remarkably little bloodshed.

BOX FACTORY, COOPERAGE AND GENERAL WOODWORKING PLANT FOR PRINCE RUPERT

F. L. BUCKLEY HAS LEASED PLANT AT DRYDOCK AND WILL
PROCEED WITH WORK ALMOST IMMEDIATELY;
TO CUT DISCARDED SPRUCE AND
OPERATE NIGHT AND DAY

Prince Rupert is to have a box factory, cooperage and general woodworking plant just as soon as arrangements can be made for the work to start.

Coincident with the peace announcement which it was thought might rob this district of some of its industries, comes the announcement from F. L. Buckley, manager of the Buckley Bay and Khyex mills, that he has just completed arrangements to lease from the Grand Trunk Pacific Railway the ship shed at the drydock. The lease is concluded by the Mullen Construction Company which had an option on it in case they might need it in connection with their ship-building plant.

Boxes and Shooks.

The proposal is to manufacture fish boxes and box shoofs of all kinds, both for use in the district and for export; to establish a cooperage for the manufacture of barrels for herring packing and mild-curing of salmon; and to install a regular cutting up and woodworking plant to do all kinds of work in conjunction with and for the purpose of re-manufacturing lumber, and especially to use up the discarded from the aeroplane spruce which has been accumulating at all the mills in the neighborhood.

While there is already a good woodworking plant at the dock it is proposed to make a good many improvements, putting in extensive dry kilns and extending the dock up the harbor as far as the tracks so that large ships may be able to tie up there and load for export when necessary. To facilitate unloading transfers and live rolls and chains will be used and electric pilers installed.

Commence Immediately.
Discussing the matter with Mr. Buckley last night just before he left for Vancouver, a Daily News representative was told that it was the intention to start just as

CANADIANS CAPTURED MONS THIS MORNING

London, Nov. 11.—Mons, a Belgian town near where the British troops were engaged in bitter fighting with the Germans at the beginning of the war, was captured early this morning by Canadian troops under Gen. Horn.

MAX HEILBRONER

INFLUENZA IN ALBERTA

Little Abatement in That Province
So Far — In Edmonton 21
Deaths on Thursday.

Word was brought by arrivals from the prairies on the train last night that the influenza is still giving a great deal of trouble in Alberta, especially among the foreign born population. In Edmonton the officials say they think there is some improvement, but on Thursday, the day before the train left, the number of deaths were 21.

In other parts of the province, especially along the line of the Canadian Northern there is considerable mortality.

Charles W. Gordon, manager for Pat Burns' business in Edmonton, was one of the victims.
