Alsace - Lorraine Is Restored

ALLIES MOVE FORWARD AS GERMANS EVACUATE LOST PROVINCES

Now all together everybody, the Victory Bond Campaign is nearly at an end.

ALLIES TAKE POSSESSION IN ALSACE AND LORRAINE

ARMIES MOVING FORWARD FOLLOWING UPON EVACUATION OF GERMAN ARMIES—FOCH WILL FORMALLY TAKE OVER CITIES OF METZ AND STRASSBURG

(Special to The News via G. T. P. Telegraphs.)

Paris, November 14.—The Allied armies on the Western Front, following upon the evacuation of the German forces, according to the terms of the armistice, are reported to have started forward this morning. They are taking over the war material which the Germans agreed to give up, and arrangements have been made for the administration of the provinces of Alsace and Lorraine, which have been in German possession since the war of 1870.

The cities of Metz, Strassburg, Colmar and Breisach are expected to be occupied by the Allied forces by Sunday. The United States troops are said to be marching on Metz and Strassburg. Marshal Foch, on behalf of the Allies, will take possession of these two cities formally, in the presence of President Poincaré, Premier Clemenceau, and many other French ministers. The scene will be a historic one, when the long-sundered provinces are reunited with France once again.

Without waiting for the departure of the remaining German armies, the inhabitants of the two provinces have made great rejoicings and public demonstrations have occurred everywhere, and without any reported interference from the former German masters now departing. Already a large part of the great Briey iron district has been evacuated, and the valuable mines and smelters are now once more in French possession. Production is being proceeded with uninterruptedly, but from now on, France will reap the benefits derived from this rich area.

TAYLOR STREET HAD BIG BLAZE TODAY

An alarming outbreak of fire took place this morning when the home of Mr. and Mrs. Sherman on Taylor Street was destroyed by fire. The alarm was rung into the brigade at 10:20 this morning and the department were soon on the scene. Where the burning house was situated, however, was some distance from the road and the hose had to be carried a considerable distance across the muskeg.

The fire spread very rapidly, and the whole house seemed to be enveloped in flames, right up to the roof. With the bringing up of another line of hose, however, it was quickly brought under subjection and finally extinguished, before the building, which is quite a large two-story one, was completely destroyed. Many of the valuables were removed while time permitted, and it is understood that the loss is covered by insurance.

GERMAN AND RUSSIAN WAS VESSELS MUST NOW BE DISARMED

Would Be Menace to Policing and Provisioning of Former Belligerent Countries By the Allies.

London, November 14.—Problems connected with the policing and provisioning of Russia and the Central Powers hinge primarily upon the immediate disarming of the German fleet, the Russian warships held by Germans, and those under the control of the Ukrainian government in the Black Sea. The warships held by the Bolsheviks in the Gulf of Finland must also be put out of commission, before it will be safe for the allies to assist the starving populations with any shipments of foodstuffs.

CONGRATULATIONS

A cablegram, reading as follows, has been despatched by Mayor McClymont to Lieut.-Col. Cy Peck, D. S. O., upon the occasion of the cessation of fighting in France:

"To Lieutenant-Colonel Cy Peck, D. S. O.,

"Rupert's congratulations on the glorious part you and your men took in the whirlwind finish."

"T. McClymont, Mayor."

The Kaiserin, her Daughters, and Granddaughters Remain Safe in their Palace at Potsdam.

Washington, November 14.—The German Crown Prince has arrived in Holland and has been interned, the State Department learned officially this afternoon. He will be treated in the same manner as any other combatant officer is dealt with in a neutral country during war time.

Kaiserin Safe.

Copenhagen, November 13.—An armed guard of Workmen and Soldiers is protecting the Kaiserin, her daughters, and her grand-daughters in the Palace at Potsdam, in case of any irresponsible outbreak, according to a dispatch received here today from Berlin. The Kaiserin has expressed her thanks for the courteous treatment she has received at the hands of the revolutionaries, who are now in control of the situation throughout Germany.

SPECIAL REQUESTS FOR SOLDIERS' RETURN

(Special via G. T. P. Telegraphs.)

Ottawa, Nov. 15.—The Department of Militia and Defence is being flooded with special requests to have the Canadian soldiers sent home at once. The statement is issued pointing out the impossibility of this course of action in the meantime. However, the Department will take cognizance in all cases where compassion enters in.

SOLDIERS GO HOME.

Amsterdam, November 14.—Loaded trains, crowded with German soldiers, who left the front of their own free will, have arrived in Hanover, and in the cities in the West of Germany, according to a dispatch to "Handelsblan" here.

GRATITUDE TO VOLUNTEERS DURING THE FLU

The Situation Was Saved During Epidemic By the Volunteer Helpers at Borden St. Hospital.

Now that the Borden Street Hospital is closed, I believe it fitting that the citizens of Prince Rupert should be reminded of the debt of gratitude which they owe to those who so generously and unparingly devoted themselves to this work. Below will be found a list of the volunteer workers. (It may be that a few of the names have been overlooked as no day to day record was kept of the workers, and the list has been compiled from memory only.)

Special mention should be made of Mrs. Reilly, day matron, and Mrs. Murray, night matron. Also of Mrs. Vail who filled in as day matron while Mrs. Reilly was incapacitated on account of sickness, and who also assumed the work of Mrs. Murray when the latter had been called to Vancouver. Miss Rothwell and Mrs. Glennia should also be mentioned. They came early in the history of this hospital and stuck to it to the end.

Among the men Roy Christman proved himself a very capable orderly in our great need. Although just recovering from a very severe attack of the "flu," he worked consistently from the day the hospital opened until it closed. Men such as Roy are very scarce this side of the western front.

Billy Martin proved himself to be the old reliable. He took charge of the work of turning the school into a hospital in a day. He collected the beds, bedding and other equipment, and acted as purchasing agent and general man of affairs, and now that the hospital is closed a big job devolves upon him to fumigate the school and return the equipment. The last job will be the most difficult of all, and on his behalf I bespeak the good nature and co-operation of those who so generously loaned equipment to the hospital. Very little of this was marked when it came in and in the rush to get the beds up there was no time to mark it after it came in. Therefore, with some exceptions, confusion may arise in returning this equipment but please do not "take it out" on Billy.

The citizens who loaned beds, etc., for this temporary hospital must also be remembered. It would have been impossible to (Continued on Page Six.)

WEARING HALF MILLION MARK

With Total of Over \$406,000 Last Evening, Little Difficulty is Expected in Rounding Out Figure.

PHARMAS CONTINUES TO BE MAINTAINED

Considerably over \$55,000 was collected yesterday to the Prince Rupert district's total of subscriptions to the Victory Loan 1918, making the total up till last evening amount to well over \$406,000. With today and tomorrow still to go, there seems every good hope that the half million mark will be reached. And this large amount is not too much to expect either from a city like Prince Rupert. Arrangements are being made for a little whirlwind campaign down town tomorrow evening, in which the ladies of the I. O. D. E. will take part. Booths at various parts of the city will be open and canvassers in attendance to catch the passers by, so that no one may say that they did not have every opportunity of investing his money, and helping his country at the same time. The advice to "buy till you're broke" is good advice, and it is being acted upon largely. "Broke then some" is the motto which is responsible for the taking out of many another bond, and most of us can get by with \$1.00.

ANOTHER \$100,000,000 LOAN MADE TO ITALY

(Special via G. T. P. Telegraphs.)
Washington, Nov. 15.—A credit for \$100,000,000 for the Italian Government has been announced by the Treasury Department here. This huge sum will be largely used to pay for the foodstuffs and war supplies already ordered by Italy in the United States, and in process of manufacture for export. The aggregate of the loans made to Italy by the United States amounts to \$1,160,000,000 and those of all the allies to the stupendous total of \$7,912,976,000.

HELP THE BRUSSELLOISE TO FREE THEMSELVES

(Special via G. T. P. Telegraphs.)

Ghent, November 15.—The City of Brussels has at last shaken off the German yoke, which has galloped to cruelly during the past four years. The German soldiers are themselves removing the shackles of the long suffering population.

The Red Flag of the Revolution now floats over the headquarters of the German Commandant, and none of the former German officers are permitted to carry arms.

General von Falkenbain, the German Governor-General of Belgium has resigned his position, as his authority is entirely gone. The German soldiers are doing as they will, and are leaving the city of their own free will as transportation accommodation offers. All semblance of military discipline is gone, and the various units are free to go where they list. Considering the circumstances, however, very few excesses are being reported.

DEC. 1 IS NATIONAL DAY OF THANKSGIVING

(Special via G. T. P. Telegraphs.)

Ottawa, Nov. 15.—Owing to the ravages of the influenza epidemic throughout the Dominion, and thousands of the citizens being still sick and confined to bed, the day of national thanksgiving for the ending of the war has been deferred until December 1.

NEW GERMAN REGIME INSTITUTES REFORMS

Copenhagen, Nov. 14.—A dispatch from Berlin received here says that the Workmen and Soldiers' Council, in addition to abolishing the censorship, have raised the state of siege. They have also ordered religious liberty, and a political amnesty. Beginning with the New Year, there is to be an eight-hour working day in Berlin.

PEACE CONGRESS COMES AFTER BRITISH GENERAL ELECTIONS IN THE MIDDLE OF DECEMBER

(Special to The News via G. T. P. Telegraphs.)

Paris, November 15.—Probably the first meeting of the Peace Congress will be held immediately after the general election which is to be held in Great Britain on December 14. This will be at a time which will give the American and other delegates ample opportunity to arrive. Another meeting is to be held shortly of the Inter-Allied Conference which will determine finally the full details of the questions for the peace conference. Besides outlining the general programme of the Congress, the question of meeting the food situation in Germany and Austria will be considered.

New British Parliament.

London, November 15.—A proclamation is to be issued on November 25 summoning a new Parliament, Andrew Bonar Law, Chancellor of the Exchequer, and spokesman for the Government, announced in the House of Commons yesterday. Nominations will be made on December 4, and the polling will take place on December 14. The date for the counting of the ballots will depend upon the bill now before Parliament. If it passes without amendment, it can be postponed until December 28.
